WHOSE HEAD??

1.	Head small, but in proportion to body. Skull broad, decided indentation between eyes with definite stop. Muzzle powerful. Head well furnished.
2.	Head large, but in proportion to dog's size. Skull broad with forehead well domed. Muzzle in proportion to skull as 3 is to 5. Muzzle has triangular bare patch.
3.	Head long, but in proportion to size of dog. Skull nearly flat and of equal length to foreface. Slight but distinct stop. Nose black and in profile appearing to slope backwards.
4.	Head medium sized in proportion to body. Slightly rounded from ear to ear. From the front, wedge shaped and well filled under eyes. Stop moderate. Skull length = muzzle, with parallel planes.
5.	Head and skull well-balanced. Skull flat and refined. Jaws powerful and muzzle broad but not too long.
6.	Head and skull well-balanced, long, proportionately lean with slight stop and flat over the skull. Foreface and jaw very strong, deep and punishing.
7.	Shaped like a long, blunt, not too broad wedge, the topline of the forehead and of the bridge of the nose make a distinct break from level.
8.	Head long, strong and deep right to end of muzzle. From the front egg-shaped and completely filled. Profile curves gently downwards from top of skull to tip of nose.
9.	Long, with flat skull of moderate width, full between eyes, slight but definite stop. Muzzle strong and powerful, and equal in length to skull, which is covered with a soft topknot.

PRACTICE MULTIPLE CHOICE

1. The general appearance of the *Tenterfield Terrier*
 - (a) smart, workmanlike, well balanced and compact
 - (b) strong, active, agile, of great versatility and of pleasing proportion
 - (c) active and lively, bone and strength in small compass, never cloddy or coarse

2. The ears of the *Kerry Blue Terrier* are
 - (a) V-shaped, small to medium sized; carried forward but not too high
 - (b) small, V-shaped, flaps neatly folded over dropping forward close to the cheeks
 - (c) moderately sized, triangular shaped, set on low and hanging flat to the cheeks

3. The skull of the *Bedlington Terrier* is
 - (a) narrow, deep and rounded with profuse silky topknot
 - (b) long, flat and of moderate width, covered with a soft topknot
 - (c) long, well domed, covered with very soft, silky hair not confined to a mere topknot

4. The body of the *Australian Terrier* is
 - (a) long, strong and flexible, chest well developed and well let down
 - (b) medium length, sturdy with strong supple loin and level topline
 - (c) long in proportion to height, strongly constructed, level topline

5. The eyes of the *Scottish Terrier* are
 - (a) almond-shaped, dark brown, fairly wide apart, well set under eyebrows
 - (b) medium size, slightly deep set, dark brown, well covered by overhanging eyebrows
 - (c) large, round, dark, set wide apart and low, under coarse haired eyebrows

6. The tail of the *Staffordshire Bull Terrier* is
 - (a) fairly long, set low, thick at root and tapering; shaped like an old fashioned pump handle
 - (b) moderate length, high set; carried with a curve to look like an old fashioned pump handle
 - (c) medium length, low set, tapering to a point; likened to an old fashioned pump handle

7. The coat of the *Lakeland Terrier*
 - (a) dense, wiry, weather resistant without undercoat
 - (b) dense, harsh, weather resisting with good undercoat
 - (c) wiry, hard, very close and abundant; single coat undesirable

8. The feet of the *Cairn Terrier*
 - (a) good size, well padded, forefeet slightly larger than hindfeet
 - (b) forefeet, larger than hind, may be slightly turned out; pads thick and strong
 - (c) compact and strong with rounded pads; front feet turn out slightly from pastern

9. The eyes of the *Australian Terrier* are
 - (a) small, oval, of dark brown colour; set well apart and not prominent
 - (b) medium sized, almond shaped, very dark brown; set apart and slightly prominent
 - (c) relatively small, round and dark in colour; set to look straight forward

10. The characteristics of the *Fox Terrier (Smooth and Wire)*
 - (a) gay, fearless demeanour, on tiptoe of expectation
 - (b) alert determination, with definite terrier style and character throughout
 - (c) alert, quick of movement, on tiptoe of expectation
