

SAMPLE EXAM QUESTIONS

GROUP 2 (TERRIERS)

The following questions are taken from all breeds in Group 2 and provide examples of the types of questions that will appear in the exam papers.

1. The general appearance of the **Australian Terrier**:
(a) Rough coated, small, square Terrier with keen expression
(b) Sturdy low-set dog, rather long in proportion to height, strong Terrier character
(c) Lithe working Terrier of great character with untrimmed, harsh coat

2. The general appearance of the **Jack Russell Terrier**:
(a) Rough coated, small, square Terrier with keen expression
(b) Smooth coated, sturdy in build with smart movement
(c) Lithe working Terrier of great character, flexible body of medium length

3. The temperament of the **Staffordshire Bull Terrier**:
(a) Outgoing, courageous and intelligent.
(b) Keenly alive to his surroundings with disciplined gameness.
(c) Bold, fearless and totally reliable.

4. The characteristics of the **Skye Terrier**:
(a) Elegant and dignified
(b) Gay and fearless
(c) Sturdy, game and workmanlike

To which breed standards do the following refer (Q5 – 7)?

Select your answers from the choices provided in the box.

5. Capable of following a horse, combining activity with gameness.

6. Distinctive head with beautiful silky covering, large wise eyes and a long, low weasley body.

7. Full of confidence and humour; a delightful, affectionate, intelligent companion.

Soft Coated Wheaten terrier
Sealyham Terrier
Dandie Dinmont Terrier
Border Terrier
Bull Terrier
Tenterfield Terrier

Circle the correct word(s) to complete the statements:

8. The head of the **Scottish Terrier** is (*short / large / long*) without being out of proportion to size of dog. Skull is nearly flat and cheek bones (*well developed / slightly protruding / not protruding*).

9. The head of the **Manchester Terrier** is wedge-shaped (*with / without*) showing cheek muscles and (*falling away / well filled up / flat*) under the eyes.

Write the letter of the breed in the left-hand column next to the descriptions given. These questions all refer to head and skull

		A. <i>Cairn Terrier</i>	B. <i>American Staffordshire Terrier</i>	C. <i>Tenterfield Terrier</i>
		D. <i>Staffordshire Bull Terrier</i>		E. <i>Norwich Terrier</i>
10	Medium sized in proportion to body; only slightly rounded from ear to ear. From front, head is wedge-shaped. Stop moderate. Stop to occiput equals stop to tip of nose with parallel planes. There should be strength in the muzzle.		
11	Short, deep through with broad skull. Very pronounced cheek muscles, distinct stop, short foreface, nose black.		
12	Head small, but in proportion to body. Skull broad; a decided indentation between the eyes with a definite stop. Muzzle powerful, jaw strong. Nose black. Head well furnished.		

13. **Bedlington Terrier.** The ideal eye has appearance of being small, round and very dark in colour.

TRUE / FALSE

14. The ears of the **West Highland White Terrier** are:

- (a) Small, erect, carried firmly, terminating in a sharp point
- (b) Large, erect, covered in short, smooth (velvety) hair
- (c) Small, rounded tips, broad based and thick in texture

15. The ears of the **Fox Terrier (Wire)** are:

- (a) small, v-shaped, neatly folded over well above level of skull
- (b) medium sized, v-shaped, neatly folded forward close to cheeks
- (c) small, triangular, folded forward and carried close to cheeks

Write the letter of the description of the mouth/bite that best matches the breeds given:

A. Scissor bite B. Scissor bite, level acceptable C. Scissor bite, gums and roof of mouth dark

16. **Border Terrier** _____

17. **Kerry Blue Terrier** _____

18. **Cesky Terrier** _____

19. **American Staffordshire Terrier** _____

20. The body of the **Jack Russell Terrier** is marginally longer than tall. The girth behind the elbows (about 40 – 43cm) can be spanned by two hands.

TRUE / FALSE

21. The neck of the **American Staffordshire Terrier** is heavy, well arched, with ample looseness of skin.
TRUE / FALSE
22. The chest of the **Lakeland Terrier** is reasonably (*broad, narrow, deep*). The back is strong, and moderately (*long / short / broad*)

Fore and Hind Quarters:

23. The front legs of the **Staffordshire Bull Terrier** are well boned and (*may be slightly bowed / set rather wide apart / tacked on to the shoulders*). The feet are (*perfectly straight / turned inwards / turned out a little*).
24. The hindquarters of the **Sealyham Terrier** are described as “Notably powerful for the size of the dog”
TRUE / FALSE

Write the letter of the correct breed beside the descriptions given of the feet: (Questions 25 & 26)

A. Airedale Terrier	B. Skye Terrier	C. Bull Terrier
D. Manchester Terrier	E. Welsh Terrier	

25. Small, semi-harefooted and strong with well arched toes . _____
26. Forefeet larger than hind, pointing truly forward _____
27. The tail of the **Airedale Terrier** is:
 (a) set on high, carried level with the topline
 (b) set on high, carried gaily but not curled over the back
 (c) long with short, dense hair, carried erect

In which breed is the movement described as

28. ‘*well knit, smoothly covering ground with free, easy strides and with a typical jaunty air*’

29. ‘*brisk and vigorous with plenty of drive*’

Scottish Terrier
Jack Russell Terrier
Sealyham Terrier
Bull Terrier (+Min)
Irish Terrier

30. The coat of the **Parson Russell Terrier** is naturally smooth, close and fine.
TRUE / FALSE

31. The coat of the **Welsh Terrier** is a single coat, coarse, very short and glossy. TRUE / FALSE
32. The body coat of the **Australian Terrier** consists of a (*harsh wavy strong / soft shiny fine / harsh straight dense*) topcoat approximately (*6cm / 5-8cm / 4cm*) long with a short soft textured undercoat.
33. The **Bull Terrier (+Min)** may be any colour or combination of colours. TRUE / FALSE
34. The **Cesky Terrier** has only two colours – grey-blue and light coffee-brown. TRUE / FALSE
