## Welcome to the February issue of the Queensland Dog World.

### Facebook a POSITIVE

#### Mentoring Of New Members

It is truly great to see some positive comments on the mentoring idea that members put forward during the Strategic Planning Process. The next stage would have to be looking at some sort of training (seminars) in all zones for members who are interested in becoming Mentors. Members should now start on some positive ideas regarding what criteria and duties they believe would be essential for members who are mentoring. Dogs Queensland would be pleased to see members involvement in this area, any input should be e-mailed to the office for future planning so this may aid this endeavour to take place.

### Facebook a NEGATIVE

#### Grounds Committee

Why is it that one of the hardest working Committees for Dogs Queensland is under attack on Facebook? I will list for you the achievements of this Committee thus far:

- New off-leash area
- New BBQ area and update to the Alfresco area
- New sheds for Obedience and other Disciplines
- New Concrete Paths
- New Toilet and Shower extension
- Improvements to the Camping Area
- New road surrounding Camping area

This Committee has worked tirelessly catering to raise much needed funds for maintenance, as well as helping, when needed, many other Dogs Queensland Committees.

### The Grounds Manager

Listed below are some of the Grounds Manager Bob Dorr's responsibilities:

- Mowing
- Ring set-up and take-down
- Cleaning 2 Toilet blocks plus new extension, Function Room and Toilets, Kitchen, 2 BBQ areas, Alfresco area, Meeting Rooms, Board Room & Judges Training Room
- Maintenance of all areas
- Repairs
- Rubbish collection
- Club Meeting nights and Functions, Security and arrangements
- Previously the area now used for Lure Coursing etc; was slashed by a private contractor, but now comes under Bob's responsibilities.

If members care to check the yearly financials, they might be pleasantly surprised to see how much financial outlay Bob has saved Dogs Queensland since he has held this position.

Can someone please give me a rational reason as to why, we in the Dog World, always seem to attack the people who work the hardest and achieve the most for Dogs Queensland?

### Ballot

I strongly encourage members to take the time to read the enclosed Ballot Document and all Resumes to help them make an informed and valid decision when filling out their ballot papers.

I urge you all to PUT PEN TO PAPER in this ballot and vote for the candidates you believe will do the best job for Dogs Queensland's future. I again wish all the Candidates THE BEST OF LUCK in this endeavour.

## Notice to advertisers

The Trade Practices Act came into force on 1<sup>st</sup> October 1974. Certain provisions of the act relating to consumer protection place a heavy burden upon advertisers, advertising agents and the publishers of advertisements. In view of the obvious impossibility of our ensuring that advertisements submitted for publication comply with the act, advertisers themselves need to ensure that the provisions of the act are strictly complied with. In cases of doubt, advertisers are advised to seek legal advice before submitting advertising material.

## Board Notes February 2015

### Strategic Plan available for all

After twelve months of consultation with Members, Committees and other stakeholders of Dogs Queensland we have now reached a point where the Strategic Plan is in the process of being endorsed by the Dogs Queensland Board. The three rounds of consultation open to all members has resulted in a fully detailed plan with goals, strategies and performance measures now awaiting action by all.

Dogs Queensland is proud of the fact that the process has been open, inclusive and dynamic and we are confident that the core issues, aspirations, values and ideas of the Membership have been incorporated in as collaborative a way as possible. We may not all agree with everything in the plan but it certainly gives us strong guidance on what we need to do to build Dogs Queensland as an organisation and as the 'go to' agency for all in the dog world.

The full Strategic Plan will be emailed to members upon its endorsement by the Board and it will also be uploaded onto the website. For those who would like a hard copy of the plan please contact the Dogs Queensland Office.

We thank all who were involved in the development of the plan and look forward with great anticipation to it being implemented over the next five years. As you will see, there is a role for us all to implement it.

### Easter office closure

All Members are asked to please note that the Dogs Queensland Office will be closed for the Easter Holidays from 12pm on Thursday the 2<sup>nd</sup> of April 2015 and will reopen on Tuesday the 7<sup>th</sup> of April 2015.

### Durack Fundays

As previously from 2014, Clubs using Durack for 'Fundays' or similar events will only be allowed to do so twice a year. The dates for 2015 will be Sunday the 10<sup>th</sup> of May and Sunday the 15<sup>th</sup> of November. The Board has further agreed that all events will have a \$1 per attendee levy or \$40 whichever is the higher amount. This amount brings it in to line with events being held at Durack and it is of equal value to the current Open Show Grounds levy for Breed Clubs

### Durack kitchen bond

Due to the Kitchen continually being left in a poor state, the Board has agreed that all All Breeds and Group Kennel Clubs that utilise Durack should pay a \$100 bond which would be refunded once it was confirmed that the kitchen was left clean and tidy, this would be paid when the Schedule was lodged at the Dogs Queensland Office.

Even if the Catering is being done by a third party, it is the responsibility of the Club running the Show to pay the Bond. This Bond will also be levied to the Clubs who run the Catering on designated Specialty Days, this will be invoiced separately.

### Dogs Queensland Life Membership

Life Membership may be granted to any member of Dogs Queensland who has rendered outstanding or special services to Dogs Queensland. That person shall retain membership of Dogs Queensland for their life unless otherwise determined by virtue of any exercise of disciplinary proceedings under the CCC(Q) Ltd Rules.

Any Affiliated Kennel Club may nominate any member for Life Membership. That person will have a minimum of fifteen (15) years continuous full membership of Dogs Queensland and must have been a member of a Club or Clubs during that time. Such nominations are to include a citation, which provides the justification for the nomination.

Citations for those Life Memberships awarded will be published in the Dog World magazine, and, where possible, presentations will be made at an appropriate function or event. The CCC(Q) Ltd Board of Directors will consider all nominations on their merit and with strict confidentiality.

The Board sees the granting of Life Membership as honouring a member who has been truly outstanding in his or her support of Canine Affairs, particularly beyond that of a single Club. All nominations for 2015 Dogs Queensland Life Memberships should be received in the Dogs Queensland Office no later than Monday the 2<sup>nd</sup> of March 2015.

February	Junior Handler Committee
March	Queensland Gundog Association

## Queensland Retrieving Dog of the Year 2014

It is with great pleasure that I announce that the Dogs Queensland Retrieving Dog of the Year is Dual Champion (R) Kellick Rhythm of Life, owned and handled by Wendy Michalk.

2014 was another year of challenges for those of us in the retrieving sport and perhaps even more so than usual, the competition for a place in the top ten dogs was quite hard fought.

Thanks to all our triallers for another year of friendly rivalry and constant support for those of us who are still having to work very hard with our less experienced dogs.

## RAFT Dog of the Year Dual CH (R) Kellick Rhythm of Life ('Billie')

**It was with great pleasure I accepted the RAFT Dog of the Year for my dog 'Billie'. I took over Billie's training from Margaret Sullivan after she had won her RRD at the age of three years.**

I had done some backup training for Margaret so Billie and I were not complete strangers and Margaret had done some lovely early training with her. Billie was awarded her RTCH in 2012 and along with her Championship title in the ring Billie became I believe, the first Flat Coat Retriever bitch to achieve Dual Champion Status in Australia.

Never did I think that I would become the owner of a Flat Coat Retriever. Now I ask myself why I didn't get one sooner. They are a delightful breed with massive drive and a great desire to please. Billie has been a challenge at times to train, as are most retrieving dogs but is a great working dog and a lovely companion .

She gave me great pleasure in 2013 by finishing in a very strong field in Victorian State Retrieving Championship which was the highest I had ever achieved in a Championship at this stage. Then this year she placed 4<sup>th</sup> in New South Wales Retrieving Championship. My very first Championship placing after many failed attempts.

2014 has been Billie's greatest year placing in eleven of twelve trials in which we competed in Queensland for the season. Dog of the Year topped off winning two other perpetual trophies for 2014,

the Wide Bay Cup and Unification Trophy for All Age. What a great year! I look forward to several more years with this great dog and thank the RAFT committee for this great honour.

## Australian National Kennel Council Ltd PRESS RELEASE

ANKC Ltd has a National Breed Standards Group (NBSCG) formed with committee members from different States. They have appointed Marie Merchant (SA) as the Chair and the committee is made up with Geoff Love (SA), Peter Frost (VIC), Frank Waring (WA), Ian Rasmussen (QLD) and Jim Black (VIC).

The brief of this committee is to overview and manage the breed standards used by ANKC Ltd. We use standards from either the country of development, the Kennel Club (UK), American Kennel Club (AKC) or the FCI. It must be pointed out that the majority of standards are not owned by Australia but by the country of origin or their governing body.

As some breed standards differ slightly from organisation to organisation, the committee will consider which of the standards is most suitable for the Australian dog world.

Should the majority of our breeders/owners feel that one standard is more suitable than the one being used, it is possible after a long and involved process involving all of the people in that breed to change the standard being used by one organization to another.

As an example, this allows ANKC Ltd to change from an AKC standard to an FCI or an FCI to a Kennel Club (UK) standard, but it does not allow for the content of any standard to be changed in any way. The important thing that members must realise is that a standard cannot be altered as they are the property of those organisations. However it is possible to change the standard in its entirety to another version, providing it has the support of a large majority of owners in Australia.

As mentioned previously ANKC Ltd does not own a majority of the breed standards, so we are not able to make a change to a standard. Only the country or organisation that owns a standard may make changes and if they do so, then once they notify ANKC Ltd, those changes will flow onto the breed standard that we use in Australia.

From time to time the NBSCG receives a request from a member or a breed club to change a breed standard, please be aware that we are not able to make any change to the actual standard we can only make a choice between the standards from those organisations.

## RAFT News

### Retrieving and Field Trials Committee

The RAFT committee assists Dogs Queensland in supporting the Field and Retrieving trialling community (Clubs and individuals) in assuring field sports for working gundogs continue to thrive and individuals have the opportunity to participate in field events sanctioned by the ANKC.

The Committee's role may entail assisting Clubs with their trial dates and judges' induction development and elevation. It also participates in Rule Reviews for the different sports and manages the running of State and National Championships held in Queensland.

### Retrieving Trials rule update

#### Effective from 1<sup>st</sup> of January 2015

- The maximum number of points on the score sheet that are allocated to heeling, obedience, steadiness around the pegs has been reduced from ten (10) to five (5). As a consequence, the total points on the score sheet will reduce from 65 to 60
- Dogs may remain in Novice or Restricted stakes until they have had five (5) wins in those stakes (although they are not compelled to do so). They will still be eligible for the titles of NRD and RRD after three (3) wins in Novice and Restricted respectively (as they are now) but may continue to compete at that level until they have had two (2) more wins (Rules 37 and 38)
- A new title of Qualifying Restricted Dog (QRD) has been introduced for dogs that successfully complete seven (7) Restricted stakes. (Rule 106 b). Competitors must maintain their own record (to be signed by the judge on the day of the trial), in the same way as is done for QND and AARD).
- A standardised form will be made available to clubs/individuals.
- Novice and Restricted stakes may be conducted with four (4) bona fide exhibits and two (2) different owners (Previously four (4) owners). For an All Age Stake at least four bona fide exhibits and at least four (4) different owners are still required.)
- The ruling of 'No Score' or 'Elimination' should not be arbitrary and must only be invoked in response to situations where this penalty is specifically stated in the Rules. (Rule 77).

The Rules are available on-line at: <http://www.ankc.org.au/rules.aspx>

## Judges News

Hello Judges,

An 'Accreditation' Certificate has been forwarded to those judges who attended the Seminar in November 2014. As you are aware this is only one component of accreditation.

Judges must also have been licensed at Championship Level for five (5) years in each group that they wish to be listed as an accredited assessor. Judges cannot state that they are accredited assessors unless both requirements are completed.

When accepting appointments overseas, judges are reminded that they are signing a contract to abide by that country's rules and regulations. It is important that you make yourself familiar with their judging system.

If you are asked to judge breeds that we do not have in Australia, or that you are not licensed to judge, you must advise that country immediately. In most cases they are quite happy to send you information and allow you to accept the appointment.

You must, of course, advise the Dogs Queensland office of *all* judging appointments, including overseas, and please ensure you are judging for a 'Recognised' Canine Association.

This list is available on our Dogs Queensland website.

Important note, In 2016, the date of the Practical (Hands-on) examination will be held prior to the Brisbane Royal. The proposed date is the 7<sup>th</sup> of August 2016 (to be confirmed).

Enjoy your judging!

## Anniversary Vale

This month marks the 1<sup>st</sup> anniversary of the passing of my beloved samoyed Jezabel.

Jez was my first samoyed and soon became the 'spoilt' one in our family. She gained her championship title rather quickly, and I became 'hooked' on showing. She was a brilliant mother to her thirty live puppies, one of whom I kept, (Rowdy), who also became a Champion.

They together, became a formidable brace team, and were the leaders in our Christmas Santa sleigh team.

Jezabel's best achievement in the show ring was when she beat over onehundred and sixty other samoyeds in the Nationals in 2010 for best coat in show, as well as places in four other events.

She is so deeply missed, and I'm so lucky to have had her for thirteen-and-a-half years.

CITATION KENNELS

1941 - 2014

Carol passed away on the 14<sup>th</sup> September, 2014, in the Mater Hospital, Brisbane.

Unfortunately during the last few years, Carol had to make many trips to hospital as her health was slowly confining her to bed.

Carol was a Life Member of the Cocker Spaniel Club of Queensland who bred Cocker Spaniels under the CITATION Prefix. She was a member of Dogs Queensland, and a member since 1971 of the Cocker Spaniel Club UK.

She was always interested in world wide bloodlines and imported dogs and bitches of all colours from the UK and imported frozen semen from Canada.

Carol also exported a blue roan dog to Canada who went on to achieve his Canadian Championship title.

Carol maintained her interest in the breed and only a few months ago imported from Sharemead Kennels in the UK a lovely gold dog, in partnership with a friend in Victoria.

*Carol was always prepared to share her extensive knowledge of the breed and will be sadly missed.*

## Real Beauty

# The Pyrenean Mountain Dog

Dogs Queensland Exclusive 

Supplied by Amanda Everson

**The Pyrenean Mountain Dog is an aristocratic breed, regal in bearing and of exceeding beauty. In size slightly smaller than the Saint Bernard, his thick long white coat of white, or white fur marked about the head and ears with patches of badger (combination of white, grey, brown and black hairs varying in shades), yellow or tan, giving them a striking appearance.**

The Pyrenean was originally bred to guard flocks of sheep and goats from wolves and bears in the rugged regions of the Pyrenees, a mountain range on the French and Spanish border, from where they obtain their name.

In a book 'The New Book of the Dog', published in 1911 by Robert Leighton, he points out that, in spite of the fact that Pyreneans are predominantly white and Tibetan Mastiffs are usually black, black and tan, or red, these two breeds have much in common. He writes "but for the difference in colour, the Pyrenean bears considerable resemblance to the Mastiff of Tibet.

Somewhat higher on leg and perhaps less muscular, it has the same massive body, the same character and texture of coat and the same form of head." Both of these breeds are more for protecting sheep rather than herding.

It is now strongly believed that the Pyreneans, along with other breeds that commonly protect flocks such as the Maremma, Leonberger and Kuvasz, originated from the high plateaus of Tibet. With the shepherds, they migrated across Europe where the dogs developed in various mountain ranges into their various breeds; for example Pyrenean Mountain Dogs from the Pyrenees,

Maremma Sheepdogs from Italy and the Kuvasz from Hungary.

The first written reference to Pyreneans is to be found in the archives at Foix, a town in the foothills of the Pyrenees, where it is said that Pyreneans helped save the life of Charles VI in 1391. The king was on his way to Mazeris when he was charged by a bull which was turned aside by Pyreneans and accompanying knights. Pyreneans have also been used in French castles and chateaux as early as 1407, where they would wear spiked collars and guard against thieves.

M.W. Byasson, an early judge of the breed, published a booklet at the turn of the century describing how members of French royalty became ensnared by the Pyrenean's beauty. Madame de Maintenon visited Barreges in 1675, accompanied by the young Dauphin, son of Louis XIV.

In the countryside the boy made friends with a gorgeous male Pyrenean about eight months old. The two became inseparable and eventually returned together to live at the Louvre, causing quite a sensation in the French court, and ownership of Pyreneans by members of the French nobility became quite fashionable.

Over the years, Pyreneans have also been used to carry contraband across the French and Spanish borders, using trails that were impassable to man; thereby avoiding customs officers. They have been used as pack dogs, pulling carts and sleds, and as guide dogs in the deep snow.

# Feature Breed

The Queensland Dog World

The Red Cross has also been known to use them in times of war to pull in dead and injured soldiers to safety and help.

The fame of Pyreneans was growing outside France by the early 1800s with regard to their benefits to protecting sheep and livestock. The first Pyrenean to arrive in the United States was owned by Mr. Beaudry of Delaware and in 1824 a Mr. Skinner obtained two from General Lafayette. At about this time, the first Pyreneans were arriving in the United Kingdom.

Pyreneans arrived on our shores for the first time in 1843 at Portland, Victoria, owned by an Irishman; Samuel Pratt Winter. In 1838, Winter had started a sheep station, and when he saw the breed in France in 1842, he purchased some Pyreneans as he realised that they would be beneficial against predators on his sheep station. These Pyreneans in the early 1850's were being used in their traditional roles on his sheep station, sleeping between two flocks and guarding them while their shepherds slept.

The next Pyreneans to arrive in Australia was in 1939, imported by Mr. James Gatehouse. These dogs were of great interest to the public at various KCC shows. Since the 1940s, the number of Pyreneans has grown in this country due to the dedication of a small band of breeders. Pyrenean Mountain Dogs still remain classed as a rare breed compared to their other giant breed counterparts the Newfoundland and Saint Bernard.

## Average size, weight and lifespan

Dogs a minimum of 70 cm (27.5 inches) and 50 kg. Bitches 65 cm (25.5 inches) and 40 kg. Many dogs and bitches exceed these heights and weights.

## Ideal owners

Pyreneans are happy being around their family whether going for walks or just being a couch potato. They can be very alert at night due to their instinctive guarding heritage so they can be night time barkers, this is usually solved by having a radio playing near where they sleep.

## Care requirements

Due to the coat, this breed needs regular grooming and loves going for long or short walks as they are not a high energy dog. They need to be trained from a young age by firm but gentle handling techniques, as one has to remember that this breed was bred to think for themselves, and they grow quickly into a large dog. They generally will not chase balls and can have selective deafness when being called, so a well fenced yard is essential.

## The Irish Wolfhound

**Dogs Queensland Exclusive** 

Supplied by Joan Powell

**My introduction to the Irish Wolfhound was of all things, watching 'Rage' on TV Saturday morning. Marc Hunter used to run two beautiful white ones through a forest and that was my fix for the week. We got in touch with the QLD Irish Wolfhound Club but at that time there weren't any pups.**

A few months later we received a phone call from a breeder who had some pups but we were off to the U.K. for six weeks so we waited until we came back.

When we returned we saw an advert in the paper and I was on the phone straight away. There was a choice of four males, a dear puppy came running up to us and he was the one. Calling him Moses we took him to introduce him to our elderly Red Setter. The Irish Wolfhound loved the Red Setter but not the other way!

Eventually life settles into a routine and the pup was too good to be true until one day I came home from work and they had got into the lawn locker and knocked a tin of green paint off a shelf!

What can you say? Twenty-four years later I am still possessed by them.

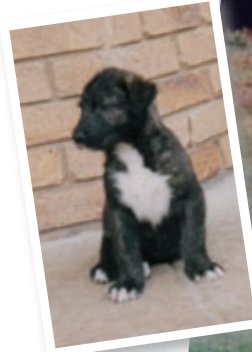

### **Pet versus show dog**

Even with show dogs, the biggest puppy does not always represent the best of that litter. As a breeder, one can only 'guess' at what size the hound will be in maturity.

Genetics are very in-depth and even breeding big hounds to big hounds, does not guarantee, big progeny.

Many breeders go on the knowledge of lineage. For example, if the parents are a good reasonable size and their parents were, then of course the chances of reasonable size in the progeny, would be there.

As stated, there are still never any guarantees that a hound will reach 36 inches or more.

### **The pet hound**

If you have purchased a pet hound then my strong recommendations are that you have him or her desexed as soon as possible. The main reasons for this is that there are already breeders out there that are doing their best to produce lovely typical hounds and if you were one to 'join them' then I would say that you should have purchased a show hound.

Many accidents can happen also with a non-desexed pet. The neighbour's cross-bred dog could jump your fence and mate your bitch as early as her very first season (six to nine months old), then you will be a breeder of cross bred dogs which the local dog pounds already have too many of.

If your girl comes into contact with bacteria and gets a vaginal infection, then she could be in for a week's dose of antibiotics or even worse, surgery. If you have a male, I still strongly recommend that you have him desexed.

When he starts to reach early maturity (twelve to eighteen months old), he can become somewhat dominant towards you and other family members and he can also be like this towards other male dogs, which can make him a handful, if you are not stern with him. Desexing at an early age will settle him down. It is an old wives tale that desexing a dog makes them fat.

*What's this I have caught?!*

*Ollmorcu Sevanz Bliss owned by Joan Powell*

It is owners who over feed and stop the exercise that cause a high percentage of obese dogs.

## General care

Your new puppy should be introduced to his or her own area of sleep and rest. They should have a nice warm mattress or bed of foam, covered in carpet and raised a few inches off the ground, in a draft free area.

Foam should be covered well as young pups like to chew things and if a piece of foam is swallowed, then big digestive problems could arise. Fresh clean water should be available to them at all times.

A brush once a week accustoms the puppy to grooming and will also rid of any dead and loose hair. Ears should be checked and cleaned weekly with cotton balls and a good ear-cleaning product. Bathing is only recommended when the hound is dirty or has a flea/skin problem. Bathing too often can wash out the natural oils from the hound's coat and cause more problems with dry skin and itch.

Never bath your hound in mid winter unless absolutely necessary. If a winter bath is needed, make sure you totally dry your hound off in a draft free room.

# The Deerhound

**The Deerhound, the Royal Dog of Scotland, has been bred in the Highlands and Western Isles of Scotland since time immemorial. Bred to run down, catch and kill the red deer, it is built for speed and stamina.**

Revered for its courage and tenacity as a stag hunter, it was not until the introduction of improved firearms that its skills were no longer in great demand. Deerhounds have been in Australia since early colonial times and were a much needed aid in supplying meat, by keeping down the kangaroo population.

Later they were used for killing the Dingo and fox that preyed upon the sheep flocks.

## Average size, weight and lifespan

**Dogs:** not less than 76 cms approximate (30 ins at shoulder)

**Bitches:** not less than 71 cms approximate (28 ins at shoulder)

**Weight:** 39 - 48 kgs for dogs (85 - 105 lbs)

30 - 37 kgs for bitches (65 - 70 lbs)

**Lifespan:** 7 to 10 years of age

## Care requirements:

The adult Deerhound enjoys as much exercise as you can give it. A young puppy will exercise sufficiently by just playing with the family, itself or other dogs each day. Some Deerhounds can be extremely sensitive and need almost no disciplining, where others try your patience to the limit.

The Deerhound requires only moderate grooming, having an easily managed coat of a rough wiry texture that does not readily harbour dirt. If a Deerhound is an outdoor dog it needs to be provided with a draught free kennel not too far from the house; they like to be close to the family and will feel rejected if banished outside. Deerhounds like to jump and can easily clear the average garden fence or even higher. A secure yard must be provided as Deerhounds have almost no road sense and can travel at over 60 kilometres an hour.

Deerhounds are probably not going to bring back that stick you throw, most likely will not bark and growl when someone approaches your front door, and the roast you put on the kitchen counter to defrost is an open invitation for a Deerhound to snack. It's big, busy as a puppy and prone to long naps as an adult. Deerhounds are sweet, tractable, lazy dogs not excelling in obedience work.

## Personality, characteristics and temperament:

The Deerhound is loyal and dignified and adores children. Mr George Cupples, in a book 'Scotch Deerhounds and their Masters' writes; "How perfectly docile is the thorough-bred Deerhound of our own Scottish forests and stalking-ranges.

His inveterate keenness, no less than his strength renders him about as bad a foe as mortal creature need wish to face. Yet how gentle and familiar a house-mate is he; of all dumb favourites the most decorous by the hearth and table; a marvel of patience with little dogs; and among the children a plaything that can be handled as they will."

## In conclusion:

Now you know a little about the Deerhound. If you have decided this is the dog for you, or if you would like more information, please contact either the relevant registered breeders club or Dogs Queensland.

Either will be able to give you information about available puppies and also suggest dog shows where you can see the breed and speak to a breeder.

## The Leonberger

The Leonberger takes its name from the town of Leonberg in Germany where it originated. It was created by Herr Essig in the mid 19<sup>th</sup> century by the crossing of newfoundlands, St Bernards, Pyrenean Mountain Dogs and undoubtedly other mountain dog breeds, to produce a lion-like dog to represent and honour the town of Leonberg.

### Average size, weight and lifespan

**Dogs:** 72-80 cms approximate

**Bitches:** 65-75 cms approximate

**Weight:** 50-70 kgs  
40-55 kgs

**Lifespan:** 8 and 10 years of age

### Ideal owners:

Ideal owners are people who enjoy the company of their dog and involve them in their everyday lives. Leonbergers are being used increasingly for backpacking, carting, land and water rescue and in Pets in Therapy work. They are a companion animal in the fullest meaning of the word and are happiest being in the home with their family.

### Compatibility with other pets:

Leonbergers are very sociable and enjoy the company of other animals. They are neither aggressive nor shy and really enjoy playing with other animals.

### Personality, characteristics and temperament:

Leonbergers have a rare talent of combining natural exuberance and love of life with a calm, gentle disposition. They are known for their wonderful temperament with children.

The Leonberger character is loyal, fearless, intelligent and confident. They are generally unflappable and therefore able to handle most situations, the Leonberger really enjoys life and wants to be with you, whatever you do, and go with you, wherever you go.

### Care requirements:

Leonbergers are relatively low maintenance dogs. However they are double coated, plenty of shade and water is required in hot weather. They also need and enjoy daily exercise. A good groom one to two times a week will ensure good clean coat condition. Leonbergers have pendulous ears and require ear checking and cleaning to prevent ear problems developing.

### In conclusion:

Now you know a little about the Leonberger. If you have decided this is the dog for you, or if you would like more information, please contact either the relevant registered breeders club or Dogs Queensland.

Either will be able to give you information about available puppies and also suggest dog shows where you can see the breed and speak to a breeder.

# The Bernese Mountain Dog

**BERNESE MOUNTAIN DOG**  
**CH. ANDERBERN TABLEAU**  
Owned by Kim Haddon

## Dogs Queensland Exclusive

Written by Diana Cochrane  
Compiled by Kim Haddon

'Characteristics of the Bernese Mountain Dog'  
Written by Kim Haddon

**The origin of the Bernese Mountain Dog is somewhat obscure, some people have claimed it to be a very ancient breed going back to Roman times. We cannot however claim this antiquity for the breed in the form in which we know it today.**

The Bernese, like all Swiss mountain breeds, descends from the old farm dogs. He can thank his existence to a few enthusiastic dog lovers, who as the science of dog breeding, found its way from England via Germany to Switzerland at the turn of the last century, wanted to prove that Switzerland too had its native breeds.

The first public mention of the breed is to be found written by Probst in the newspaper Centralplatt in 1899. He, together with a man called Deppler, arranged trial classes for mountain dogs at the Berne show held in 1904. Six dogs and one bitch were entered and they were judged by Probst. Four of the dogs were registered in Swiss Stud Book No 9. This then was the first official step towards the recognition of the Bernese in Switzerland.

Although breeding has from the early days been on the widest possible basis, by the 1940s it was felt necessary to bring in new blood. So they began to look around for a suitable breed, but an accident put an end to all discussion.

The Newfoundland, *Pluto v Erlengut* managed to jump a fence and mate the Bernese bitch *Christine v Lux*, and on the 21<sup>st</sup> of December 1948 she whelped four dogs and three bitches. Further selective breeding took place from the offspring with every mating being controlled by the club.

Today, fifth and sixth generations are living, but as yet not one single black Newfoundland has appeared in any litter. It can be supposed therefore that after two or three generations the Newfoundland has been completely bred out.

*GRCH CH RU LV Sennenhund Rossii Filimon*

There remains however positive improvement, for example a wider deeper chest, a shining black straighter coat and the good Newfoundland temperament. Undoubtedly Pluto's little side-step has been a blessing.

The Bernese is one the most beautiful and decorative farm breeds to be found. In no other country is there a farm or droving dog so completely thoroughbred as to colour, markings and coat, and which in spite of pure breeding is still without any changes of exaggeration and bone confirmation or loss of good temperament.

It is a breed which has gained the beauty and harmony of a purebred dog yet has not lost the qualities of a working farm dog. To keep him this way, free from the damaging change of fashion, should be the aim of every future breeder.

## Characteristics of the Bernese Mountain Dog

Temperament must be one of the foremost attributes of the Bernese Mountain Dog, as the average pet owner does not place great importance on the perfect specimen and truly wants a kind, loving and reliable dog for his family and children.

As a companion, the Bernese Mountain Dog is unsurpassed; he possesses a character full of utter dependence on, and adoration of, human beings. He is a lively, energetic dog, very intelligent and easy to train because of his desire to please.

# Feature Breed

The Queensland Dog World

The adult dog does not require vast amounts of exercise but does not take kindly to being locked up all day. He will cram all his energy into a few minutes of ecstasy at seeing you, then settle down to rest peacefully.

On walks off lead, he is a steady companion, being very reluctant to leave your side or become distracted by outside influences. He has a peaceable attitude towards all other animals and will never willingly pick a fight, only defending himself where necessary.

The Bernese makes a good travelling companion and more often than not, will lie quietly for hours (packed up next to the family suitcases), blissfully enjoying every minute in the car.

They are exceptionally good with children, being extremely gentle for such large dogs. Their imposing appearance makes them formidable guards and strangers will not often enter your yard if a Bernese is behind the fence barking. However, Bernese possess a rare combination of being sensible as well as protective and will gladly welcome people in after you have accepted them.

Bernese Mountain Dogs are a working breed and do enjoy some sort of work or responsibility, otherwise they can become bored and naughty. Therefore if you have a Bernese as a pet you should train him in obedience or some other way such as a draught dog, which was his original purpose in Switzerland.

He is very quick to learn and react because of his strong will to serve and please and in other countries can hold his own very favourably with other breeds, be it tracking, guarding, guide dog work or rescue dog in both mountains and disaster areas.

The Bernese is at his best when serving and adoring you and will not be content with just a little, he will demand all of you, you are his God and his greatest joy is to be with you.

Enjoy our great titles on the Irish Wolfhound, Deerhound, Leonberger, Pyrenean Mountain Dog and Bernese Mountain Dog

The Breed Feature Notice in the November issue of 'Dog World' Magazine appeared with the caption 'The Big Guys' - Irish Wolfhound, Deerhound, Leonberger, Pyrenean Mountain Dogs and Bernese Mountain Dogs. 'Big Guys' is a very accurate way to describe these dogs.

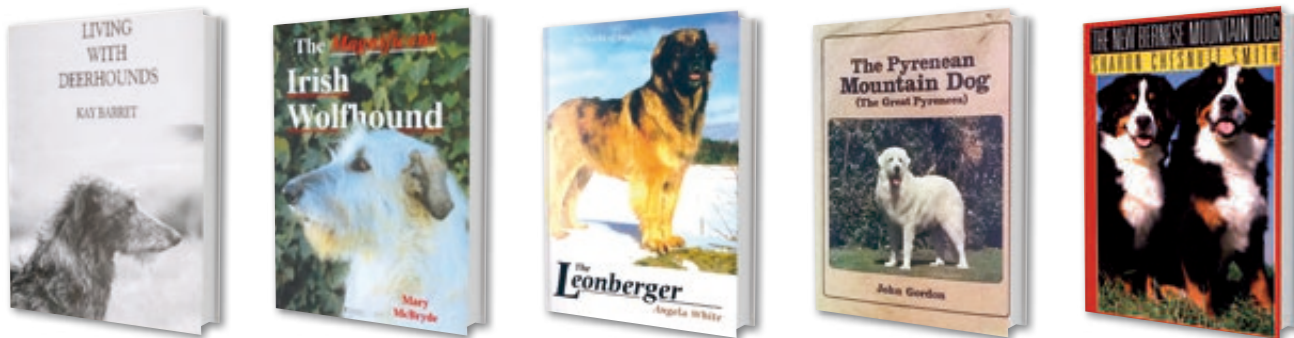

My search of the Library shelves revealed that we had books on all of the above breeds. Starting off with the 'The Irish Wolfhound', there are several books available on this breed and all contain history of the breed, genetics, the 'Standard of Excellence', breeding advice as well as lots of coloured photos. To name a couple of the books available 'The Irish Wolfhound' by Mary McBryde and 'The Irish Wolfhound Guide' by Alfred de Quoy (this book was donated to the Library by the author).

One small book simply titled 'Living with Deerhounds' by Kay Barret, is the only new title we have on the Library shelves. Although this is a small book, I think it covers quite a lot about the breed.

The only book I have on the Leonberger is a beautiful book simply titled 'The Leonberger' by Angela White and refers to the Leonberger as being the 'majestic, gentle giant that is as appealing as any dog can be' and includes a fascinating history of the breed.

History and origins, standards, breeding and training of the other two breeds featured, the Bernese Mountain Dog and the Pyrenean Mountain Dogs, are well dealt with in books 'The New Bernese Mountain Dog' by Sharon Chesnut Smith, 'Pyrenean Dogs' by C. Duconté and J-A Sabouraud and 'The Pyrenean Mountain Dog (The Great Pyrenees)' by John Gordon.

All of the books mentioned here are available to be borrowed from the Dogs Queensland Library.

## Visiting the Library

The Library will open again shortly, look out for new opening hours for 2015. However, should you wish to access books from the Library at any time, please contact me on 0407 961 025 to make alternate arrangements. I am only too happy to assist in any way I can.

## 'The New Bernese Mountain Dog'

Written by Sharon Chesnut Smith

Reviewed by Helen Acworth  
Library and Archives Committee

**What began for me when I set out to read through this book for my monthly 'Book Review' has now turned into an unexpected need to know more about this beautiful dog called the 'Berner'.**

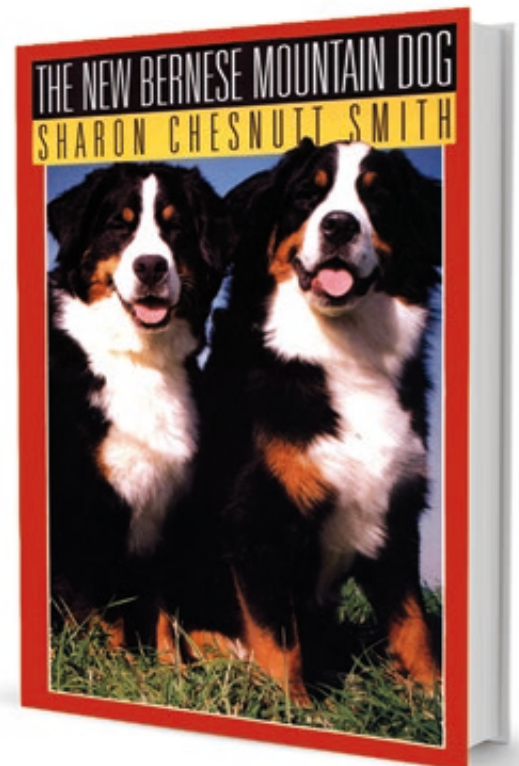

The book's author is a highly respected judge of 'Golden Retrievers' and 'Bernese Mountain Dogs' and also serves as the delegate to the American Kennel Club from the Bernese Mountain Dog Club of America.

The 'Berner' originated in Switzerland as farm dogs and officially recognised as a new Breed by the AKC in April, 1937.

This books covers everything you need to know and surely needs to be on the 'must read' book for trainee judges.

I was captivated by stories about the dog and until reading the part about temperament and characteristics (did not know about the 'Berner Smile'). Worth reading if only to get the recipe for 'Liver Cookies'.

## Delta Therapy Dogs Rock the red carpet

Dogs Queensland Exclusive

Supplied by Sue Ward

**The premiere of the film Annie at Garden City theatre the 14<sup>th</sup> of December saw six of Delta Therapy's bombproof stars and their handlers, invited by Made4Media to walk the red carpet and mingle with what seemed to be hundreds of children.**

The dogs emerged from the lift to a startling scene - bright lights, loud music and balloons bursting, several photographers, fairy floss, popcorn stalls, face painting and lots of security people, some of whom looked rather surprised at the arrival of the dogs.

The dogs were amazing and all soon got into the swing of things mingling and receiving lots of attention. For almost an hour, Ruby opportunisticly was vacuuming the popcorn which continued to fall to the carpet and dodging all the fairy floss hands.

The group photo shows the doggy star of the movie managing to appear quite by chance right in the centre of the six live dogs. Folly who is on the brink of retirement at almost thirteen years decided to be totally relaxed in the midst of the chaos and coach budding groomers of the future.

Delta's Brisbane Co-ordinator has been delighted with the response from a number of Dogs Queensland members applying to the organisation since the All dogs Sports Spectacular's awareness of the organisation in August.

Let's hope they continue through the assessments and take up a rewarding role in the future.

## Zeon, a big guy with a great big heart!

**Zeon is a pet therapy dog for Delta Society and is proudly sponsored by Dogs Queensland.**

Our regular fortnightly visits to the Prince Charles Mental rehabilitation centre with Zeon demonstrate just how much Zeon loves all the attention, everything is about Zeon, Zeon and Zeon!

It is often difficult to keep the focus of this audience, however Zeon finds this no challenge and insists on a pat from everyone within the complex. If all else fails he knows he has a sure win with the nursing staff who take great pleasure enjoying time out from their

work for a quick hug and cuddle.

The rewards are great, with patients that can't stop hugging him and can't stop smiling when they see Zeon. They seem so happy for such a wonderful distraction from their personal turmoils.

Sharing 'Zeon love' seems to be Zeon's mission in life. Zeon is not satisfied until everyone in the park has stopped to pat him and he will insist on crossing the road to put a smile on a child that is having a bad day.

At the end of a long day at work, we arrive home, and just one look at Zeon's massive big smiley face and crazy wagging tail and the day's woes simply seem to disappear. The best part of the day is curling up with Zeon, sinking your head in his mane and just soaking up the love!

Happy Valentines Day from Zeon, John and Michelle.

## Zone 2 Dog World Column February 2015

**The New Year has now started to get back into full swing with activities for members starting to ramp up. After a rather extreme summer of weather events, members are looking forward to the milder part of the year as autumn starts to draw near.**

### Submissions please

There are a lot of activities occurring in our Zone and we want to communicate it to the rest of the organisation, so really welcome and ask for members in the zone to provide photos, news items, stories or ideas that demonstrate what the zone is about and what is important to us.

Please feel free to get in touch with me at [craig.pettett1@bigpond.com](mailto:craig.pettett1@bigpond.com) with any content for the column.

### EKKA changes

Please note as per communications through the Dogs Queensland office that the location for the Canine Event at the EKKA has changed this year.

There are maps available for members to view the new location and also available car parking and drop off/pick up zones which are very important for members travelling from regional areas.

Remember that the Fortitude Valley School site which has offered car parking for many years is now not available due to the sale of the school.

### Strategic plan

The Dogs Queensland strategic plan continues to develop.

Following the circulation of the draft plan to members for discussion and feedback the Board and Committees were charged with the duty of defining specific objectives, measures and action plans to deliver the high level statements.

As the high level statements are quite open for interpretation, it will be interesting to see the detail established to support these.

### Undercover Facilities

A hot topic of discussion throughout Queensland has been in relation to a proposal to establish a covered facility at the owned Durack site. There are many benefits to potentially be realised through a project of this nature including:

- Protection from the elements and obvious health and safety benefits for exhibitors, judges, workers and dogs;
- Potential to earn additional income from letting the premises (depending on what the final version is);
- Improved facilities for users of the site; and
- Potential to attract more entries.

Let's not pretend that questions haven't been raised about the expenditure and that it focusses on one area of the state, as well as some opposition to the possible requirement to establish new or increase current levies to assist financially in this becoming a reality.

But the biggest challenge I believe, given that it is fairly widely known that this development is the view of a majority of members, is going to be agreeing and deciding on the facility we are going to establish.

It is very clear that a great deal of research and analysis must take place to progress this project to a desirable outcome for all members.

I for one believe that a revitalised Durack is an important step in our organisation's maturity, a useful facility for us and a potential valuable marketing tool which can assist us to reach wider audiences.

It should also not be ignored though, that Dogs Queensland is for the whole state and there are members throughout the state who require facilities to enjoy their hobby. Therefore, it would make sense that there is some kind of state-wide strategic approach to improving experiences for members.

In Brisbane this may mean a redeveloped Durack, but in regional areas it may take the form of a grant so that a club can afford to hire an indoor facility or a struggling club can afford their expense obligations, or maybe a contribution in the way of shades, etc.

It would be an extremely positive move for the organisation to take a holistic approach to furthering our hobby throughout the state through targeted initiatives and equitable distribution of funding in consultation with members.

# Zone 2 Showcase

## Elections

With the completion of the terms of 6 of our Directors, nominations have been taken to fill the vacancies (these closed on the 9<sup>th</sup> of January 2015).

If there are more nominations than the number of vacant positions, a ballot will need to be conducted which will be open between the 10<sup>th</sup> of February 2015 and 5.00pm the 16<sup>th</sup> of March 2015.

If a ballot is required, I would urge members to become engaged, learn about the candidates and participate in the vote.

The members have control over the composition of their Board and to have a truly representative Board, the majority of members will need to participate to have the voice of the majority heard.

## Date claimer

Remember that at Easter this year, one of our Zone 2 clubs, the Bundaberg Canine Club, will be conducting a massive show weekend, with a full international panel.

The club have been working extremely hard, promoting this event and preparing for it and what better way to spend your Easter long weekend than in the company of your fellow dog shows enthusiasts.

Please keep your eye out for the schedule and online entries are available. The club have really put it on the line to present a great event (and something that we all ask for), so as members we need to make sure we are supportive to ensure the success, not only of this event, but similar events in the future.

Until next time,  
Craig

## EASTER EGGSTRAVAGANZA CHAMPIONSHIP JUDGES:

### Mr Clyde Rogers (NZ)

I have been an all breeds judge since 1999. I have done nine years on the Board of Directors at NZKC, a stint from 1998- 2002 and I returned in 2011. I am currently President of the New Zealand Kennel Club. It is probably pointless separating the Pekinese and St Bernard wins. We have bred over 100 champions in New Zealand and Australia including two Australian Supreme Champions and fifteen NZ Grand Champions. I have also judged in Malaysia, Hong Kong, India. I have judged for the English St Bernard Club and completed twelve St Bernard speciality assignments in the USA.

### Mrs Elena Kuleshova (RUSSIA)

The review of canine activities of Mrs. Elena Kuleshova, International All Breeds FCI judge CACIB level. Specialties: Biologist-zoologist, translator of biological literature (English), Doctor of medicine laboratory, teacher of biology in high school. Since childhood I have loved animals, especially all dogs. This further defined my profession. I graduated from the Leningrad State University in 1974. By profession I'm Biologist-zoologist. From 1982 to 1986 I trained with native Russian breeds and Rottweiler's for guard service and protection. I also worked in the Leningradian Working Breeds Club as the Methodist of training department and as the Manager of Rottweiler's breeders. I've began to judge from 1987 as the judge of sports and conformation competitions in Russia. In 1990 I was invited by American Rottweiler National Club to visit the tenth Anniversary Specialty Rottweiler Show. It was a very interesting experience in Rottweiler breeds. At that time I published the article in 'Rottweiler Quarterly' in summer 1990. In September of 1990 I visited another Rottweiler Specialty under ADRK rules and German judge.

### Ms Natalia Vzhyshevskva (CHINA)

I was born in the Ukraine and grew up with my parent's Toy Poodles. I married in 1997 and moved to Malaysia where I started breeding Rottweilers under my prefix 'Gentele Giants'. Not long after that I imported my first Chihuahua and have shown them with much success. In 2006 we added a Central Asian Shepherd to our family. Due to family commitments (therefore limited time for breeding and showing) I have not bred and exhibited many dogs but have still managed to make up multi champions and in 2009 one of my Chihuahuas received a winning place at the World Dog Show in Bratislava. My judging studies were done in Malaysia, Sweden and the United Kingdom where I attended training courses and passed with credit. It was my honour and pleasure to judge All Breeds as a trainee in the UK.

### Mr Daniel Kwee, (INDONESIA)

Dogs had been part of my life since I was a young boy; my family dogs were German Shepherd, English Cocker Spaniel, American Cocker Spaniel, Bull Terrier, Doberman, Brussels Griffon, Beagle, Samoyed, Pomeranian, and Great Danes. During my years in conformation dog shows in Indonesia, I exhibited Great Danes under kennel prefix 'VON APOLLO' and Pomeranian under kennel surfix 'AMAZING GRACE'. In both breeds achieved numbers of Indonesia Champions, and still hold the highest number of Indonesia Champions in both breeds.

#### Andrew Brace (UNITED KINGDOM)

Andrew Brace's first pedigree dog was the Boxer he owned at the age of eleven. After modest success with Boxers, he turned his attentions to the Toy breeds, notably Pekingese in which breed he made up his first Champion. Subsequently his TRAGBAND affix became more associated with Beagles and Afghan Hounds, his Beagle bitch CH. TOO DARN HOT FOR TRAGBAND holding the all-time record for CCs won in the breed. One of her sons, AUST. CH. TRAGBAND SUMMER AND SMOKE, became a significant sire in Australia. Andrew first awarded CCs in Pekingese in 1977, judged his first Toy Group at Championship level in 1981 and became the UK's youngest All Breeds Championship Best in Show judge in 1988. He is the author of several specialist books including the much acclaimed THE ESSENTIAL GUIDE TO JUDGING DOGS and is a regular contributor to several canine periodicals including DOG WORLD and YOUR DOG in the UK, DOG NEWS in the USA, DOG NEWS AUSTRALIA and HUNDSPOORT in Sweden. With Anne Rogers Clark he co-edited THE INTERNATIONAL ENCYCLOPAEDIA OF DOGS. Andrew regularly delivers seminars on a variety of canine topics, notably judging, handling and the writing of critiques. Andrew has been approved by the Kennel Club to award CCs in more than 90 breeds across all the groups, and judges all seven Groups as well as Best in Show. Andrew has judged many breeds at Crufts and in 2010 judged several breeds at the Westminster Kennel Club show in the USA, his entry of 155 being the top entry for one judge at that show. He previously judged the 2007 American Pointer National. He has judged extensively overseas, officiating in the USA, Canada, Brazil, Argentina, Chile, Uruguay, Colombia, Ecuador, Barbados, Trinidad, Puerto Rico, Zambia, South Africa, Kenya, New Zealand, China, Korea, Hong Kong, Malaysia, Japan, Singapore, Thailand, The Philippines, Italy, France, Holland, Germany, Poland, Belgium, Greece, Spain, Portugal, Gibraltar, Norway, Sweden, Iceland, Denmark, Finland, Estonia, Slovakia, Slovenia, Romania, Croatia and Ireland.
