President's message for July 2015

On behalf of the Dogs Queensland Board of Directors, I would like to thank all those Members who entered the 2015 EKKA. I would also like to thank the RNA for listening to our Members' concerns being raised by our Members in regards to the competition shift from the Plaza to Animal Boulevard.

The reason the canine competition has been moved is due to the ongoing Brisbane Showgrounds Regeneration Project. The new location does provide greatly improved drop off and pick up points. Exhibitors can drive into Gate 2a from St Pauls Terrace, drop off or pick up, and then exit back onto St Pauls Terrace.

The RNA also agreed to waive the Vehicle Access Permits, this is to ensure exhibitors can drop off and pick up their animals between 6am and 9pm each day of show at Gate 2a. The RNA made this change to ensure exhibitors are able to drop off and pick up at their convenience. The RNA have also announced that the Fortitude Valley School will be available for Parking, all details are available in the Board Notes in this issue of the Dog World. Despite of all the uncertainty surrounding the Dog Section location and Parking, the number of entries remain comparable to the 2014 level at 2,686, well done to you all.

If you have not entered, or even if you have, why not volunteer to work at the Dogs Queensland Stand, details are in Board Notes.

Online Services

Recently the Office has finalised the provision of a 'Members Only' Section through 'ANKC Online Services'. Within the section, Members have access to Membership Renewals, Pedigree Look Up and now the latest Dog World Magazine. It is hoped that online Litter Registrations, which is undergoing testing at the moment, will be offered shortly to Members which I am sure will be a welcome addition to this section. All details are available on the Dog Queensland Website and Board Notes about how to register for online services.

Camping at Durack

As most Members will be aware, Dogs Queensland is now officially offering to all members Tent Camping at the Dogs Queensland Sports Grounds at Durack. All bookings are to be made through the 'Show Manager' website, showmanager.com.au and we thank them greatly for their assistance in developing this booking system. Bookings are available to be taken for all events held at Durack. Dogs Queensland has been granted a limited approval from the Brisbane City Council (BCC) to allow camping at the Showgrounds.

Further details of the BCC-issued camping approval and the requirements that must be complied with by members who choose to camp at the Showgrounds can be found in the Dogs Queensland Tent Camping Policy and Guidelines (Camping Policy).

I may sound like a broken record but Campers must clearly understand the following at all times:

1. The BCC camping approval granted to Dogs Queensland only allows for a maximum of 20 designated camping sites at the Showgrounds. We are unable to accommodate any additional camping sites at the Showgrounds and we therefore advise members wishing to camp to book early to secure your spot.
2. Members wishing to camp at the Showgrounds must do so within the designated camping area advised by Dogs Queensland and as set out in the Camping Policy.
3. Dogs Queensland is currently only able to offer tent camping to its members. Under the terms of the BCC camping approval, we are unable by law to allow any vehicle camping (such as Caravans, Camper Vans, Winnebagos etc.) at the Showgrounds. We apologise for any inconvenience that this may cause. Dogs Queensland will make a further statement after the July Board Meeting in regards to the potential next stage and further development of the camping area.
4. Members who choose to tent camp outside of the designated area, or to camp in a vehicle will do so at their own risk and Dogs Queensland will not be liable for any loss suffered by those members. Additionally, as this will be in breach of the BCC camping approval granted to Dogs Queensland, members who do so may put Dogs Queensland at risk of losing its current BCC approval and jeopardise future applications for BCC camping approvals

The other points I would like to raise with Members are the costs in regards to Camping at Durack. Since the instigation of Tent Camping, approval Fees and Consultation Fees, which are an absolute necessity, have come to \$12,095, the Toilet Block Extension, again which was a necessity, was \$106,487.

I believe that for the Board to charge a mere \$20 plus GST per night to use these facilities is excellent value and comparable to any Showground Camping area in Australia. Based on initial estimates, the proposed site plan as outlined in the March Dog World for the next stage to allow RVs and Caravans at Durack would cost around \$101,157 including BCC Application Fees, Plumbing and Electrical Works and Capital Costs.

A report on this will be made at the upcoming PST Meeting before proceeding to wider Member Consultation.

Hope to see you all at the EKKA!

Notice to advertisers

The Trade Practices Act came into force on 1st October 1974. Certain provisions of the act relating to consumer protection place a heavy burden upon advertisers, advertising agents and the publishers of advertisements. In view of the obvious impossibility of our ensuring that advertisements submitted for publication comply with the act, advertisers themselves need to ensure that the provisions of the act are strictly complied with. In cases of doubt, advertisers are advised to seek legal advice before submitting advertising material.

Board Notes for July 2015

Food Handling Certificate

For any Schedule submitted from 1st September, all Clubs Catering at Durack would require a representative to hold a Food Handling Certificate, it was agreed that the Secretary would look into some courses to assist Clubs;

The Durack Committee have recommended this one for, it is free and it is recognised by the Brisbane City Council.

The Food Handling Certificate of the nominated representative must be lodged with the Schedule.

Vehicle Parking Policy – Durack

All Members are asked to take note of the following policy that is effective immediately;

In general, the parking of vehicles on the Dogs Queensland Dog Sports Grounds at Durack is unregulated with members and visitors being able to park their cars in most areas. However, there are specific areas on the grounds that must have restrictions because those areas are utilised for officials or specific activities.

For example, the following areas are fully restricted to only those people that have approval to park in these areas:

- Disabled Parking Zone – nobody without a recognised Government issued disabled parking permit being displayed is permitted to park their vehicle in this area,
- Loading Zone – nobody who is not in the process of the immediate loading or unloading of passengers or event related items for a period of 10 minutes or less is permitted to park their vehicle in that area,
- Vendors Area – only Dogs Queensland approved, contracted vendors are permitted to park their vehicle in this area. There will be no parking of vehicles on any vendor's site if that site is not in use by a vendor on any day when events are being held, and
- Designated Camping Area – only approved members who have booked and paid for a tent camping site are permitted to park one vehicle in this area.

Unapproved Parking Procedure

If any vehicle is parked in any of the four areas stated above, the following process will be followed:

1. A Grounds Committee appointed inspector will identify and record the exact offence from the four items above, the vehicle's

make, model, colour, registration number and possible owner's name and/or their exhibitor number on the day.

2. An announcement will be made over the grounds' loudspeaker with the details as stated in point 1 above and that the vehicle's owner has 30 minutes from that point to move the vehicle or further action will ensue.
3. If the 30 minutes noted in point 2 above has expired without the vehicle being moved, the details collected will be transposed onto the Vehicle Illegally Parked form, with the original being placed on the vehicle and a copy to be sent into the office on the next business day.
4. The office will write a letter to the vehicle's owner stating that a note has been taken of the details surrounding the parking offence and any future repeat offence will result in the invoicing of a \$20.00 fine which may also result in the Dogs Queensland disciplinary process being invoked for a rules breach if this fine is not paid by the due date.
5. The fine will be monitored by the office and non-payments will be referred to a Breaches Panel for determination in relation to future suspension from showing at Durack. Note that administration fees will apply and interest

Judges News

The Part B examinations were held recently. Welcome to our new trainees who completed their entrance exam.

Congratulations to all successful candidates.

Now to focus on the 'Hands-On' exams in August! From time to time we have to deal with complaints on a variety of topics.

Recently however, there has been an increase in the number of complaints about alleged unsportsmanlike behaviour by judges, who are exhibiting, toward officiating judges and other exhibitors. Judges are reminded that there is a code of ethics for judges.

This applies irrespective of whether they are judges or exhibitors.

I would ask that all judges refer to the Presidents Message in the June Dog World. In particular the section – "Rule 224".

Judges may also be called upon to show cause why they should retain their judges licence.

Trainees, don't forget the great library resource we have at Durack, there is heaps of valuable information available.

'The Saga of the Dogue de Bordeaux'

Written by Raymond Triquet
From the antique to the modern Dogue

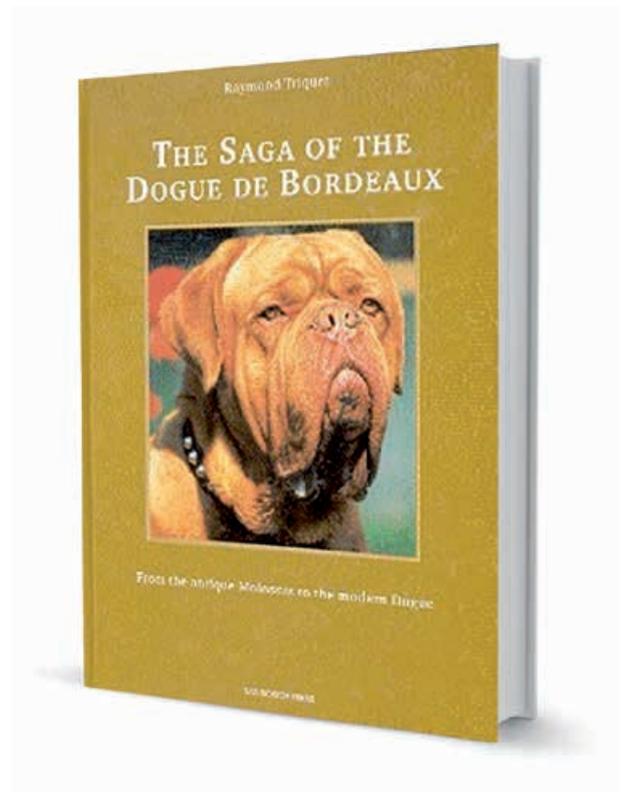

Reviewed by Helen Acworth
Librarian

Each month when preparing the book review, I come across a fascinating breed. I see these breeds at shows but get a completely different insight into their origins etc when reading up on them in some of the great books we have in the Library.

The Dogue de Bordeaux is no exception. This rather large book (270 pages A4 size) is quite magnificent - some of the colour photographs are just brilliant.

The 'Foreword' of this book was written by Harry Baxter who describes the author as 'Monsieur Standard' because of his influence in the production of the model for all international breed standards - 'The Saga' begins with the 1995 standard.

Whilst a lot of info in the book is technical, it gives a great insight into understanding the character and behaviour of the Dogue as fundamental to family-dog owners and breeders and judges.

Origin

Many theories exist about the origin of the Dogue de Bordeaux (DDB). The most popular credits its birthplace as Aquitaine some time between the 12th and 15th centuries, possibly being derived from the ancient Alants.

It was 1863 when we see the first reference to the Dogue that is the basis of our modern Dogue.

The first canine exhibition was held in Paris and the breed was given the name of the capital of their region of origin. To this day the breed is still referred to as the 'Dogue de Bordeaux'.

There is no other known reference to the 'Dogue de Bordeaux' until the year 1883 when they were again exhibited. There was a diverse difference in the breed at the time, which created much controversy. Some had big heads, small heads, some with underbite (at times up to one inch), others with a level scissor bite.

Also the mask colour was the subject of many debates and discussions; red mask, black mask, or no mask. There were also three different types of Dogue adding to the controversy – the Toulouse, the Parisian and the Bordeaux. Our modern Dogue de Bordeaux is a mixture of these different types, but primarily the Bordeaux type. The first standard was written by Jean-Pierre Megnin in 1896.

World War II had a devastating impact on the breed as they were ordered shot on site due to their devotion to their families and guarding ability.

This devastated the breed with as few as three breeding pairs remaining.

Feature Breed

The Queensland Dog World

The breed was re-established during the 1950s and 1960s.

The breed was recognised by the Australian National Kennel Council in 1995 with fifteen imported Dogues initially re-registered.

Description

When looking at the Dogue de Bordeaux, its original function was varied. The breed has been used for bull and bear baiting, for fighting, for guarding and as a draught animal. Given the range of uses, it is obvious that the breed must be athletic but with a muscular body that can produce considerable strength. The first few sentences of the Breed Standard for the Dogue de Bordeaux actually capture very well the form and function of the DDB.

“The Dogue de Bordeaux is a very powerful dog, with a very muscular body yet retaining a harmonious general outline. He is built rather close to the ground... stocky, athletic, imposing, he has a very dissuasive aspect.”

The Dogue has a broad trapezoid head with a repandous (curved) undershot jaw and a strong chin mark. The muzzle is square when viewed from above and hardly decreases in width. The nose is slightly set back. The body is thickset and the chest is deep and well let down. Seen from the front, the forequarters present as broader than the hindquarters, but this difference should not be exaggerated.

The shoulders are well laid back in order to achieve balance with the well angulated rear. The topline is as straight as possible in a concave-lined dog, but never perfectly straight or horizontal.

The croup is moderately sloping. The coat is fine, soft to touch and any shade of fawn (from Isabella to mahogany). Lighter fawn hair should be visible on the ‘saddle marks’ on the shoulders, sides of the neck and underbelly. There are three mask colours – black, brown (often referred to as red) and no mask. Movement is active, supple, free, far-reaching, well co-ordinated in line with the body with a mobile shoulder and good drive from the hindquarters.

The Dogue de Bordeaux is a medium size mastiff, not a massive mastiff. They are powerful, muscular, stocky and athletic whilst retaining a harmonious general outline.

Temperament

Extremely loyal and patient, they are a devoted family pet and top-rate guard dog. Belying their dissuasive appearance, they are gentle with children, although, as with any powerful dog, supervision is recommended. Couch potatoes and bed bunnies are common adjectives used to describe them, but they can be stubborn and dominant.

They are extremely smart and easily trained, but are quickly bored with repetition. Males will generally not tolerate other male dogs.

Exercise

Moderate exercise is recommended. As they do not like the heat, they tend to rest during the heat of the day and play in the cool of the early morning and evening.

Life Expectancy

Approximately eight to ten years.

Grooming

They are a wash and wear dog, so very little is needed, although wrinkles and ears must be kept clean. The breed is an average shedder.

THE POODLE RETRIEVER

WRITTEN BY RICH LOUTER OF LOUTER CREEK RETRIEVERS AND GUN DOGS

Submitted by Merryl Yet Foy (Loana Standard Poodles), special thanks to Rich and Angie Louter

It's already a well known fact that Poodles are hypoallergenic and a non shedding dog, but did you also know that they make fine hunting companions as well? Poodles have been used in the field since the 1400s for finding and retrieving downed game. In fact it is one of the earliest known breed of hunting dogs. There are several sketches and drawings of poodles hunting during that era.

They possess a keen sense of smell, are extremely intelligent making them very useful for upland bird hunting like quail, chukar, grouse, pheasant, etc. They are a close working flushing dog and have been described as working a field methodically.

They are more than capable of handling a crippled rooster pheasant much to the amazement of many hunters. Due to their webbed feet many poodles are strong swimmers and have a natural retrieve instinct that make them very useful for retrieving waterfowl. It's not every day you see a Poodle Retriever bringing back a wood duck in the flooded rice fields of Mississippi and Louisiana, USA.

There's a common misconception that the traditional continental 'show' clip that is seen in most show rings today was used to keep the dog's vital organs warm when hunting in cold weather.

Rich Louter with Cooper at a hunt test. Photo credit Angie

We have found this to be inaccurate as a Poodle's coat is more like a mop that soaks up water unlike other breeds like the Labrador Retriever. That being said, it's much easier for the dog to manoeuvre and swim in a much shorter clip. They dry much faster and will stay generally warmer without all that hair.

During hunting season we keep all of our retrievers in a very short 'field' clip. This is done at least once a month by shaving them with a number four blade. We find keeping them short helps from briars and cockleburs attaching to their coat. When duck hunting in the cold winter months we take precautionary measures by putting neoprene vests on them for added warmth.

The training of Poodles is done similar to training other sporting dog breeds but do not do well with a heavy handed trainer. The training program for Poodles should include more 'teaching' than other methods commonly used for training hunting dogs. They tend to want to please you and they want to do things right so that's why it's very important to teach in small increments and put all the puzzle pieces together.

This is why we start puppies at a young age and develop their strong prey drive as well as work ethic.

A big upside to this breed is that Poodles have wonderful temperaments, they are great family dogs, they love to be a part of what the family is doing, whether it's going on a hike in the woods or taking a leisurely boat ride, to swimming on the shore. Of course we find that their favourite love is the retrieving game, from retrieving their favorite ball to bumpers in the yard to live birds in the field.

Here at Louter Creek Retrievers & Gundogs, our training/breeding program is built around our top Poodle Retriever, UH HRCH MHR UGA Southern Standards Red Creole MH WCX aka 'Cooper' who continues to produce 'natural bird dogs' for hunters and hunt test enthusiasts. Since professional training is a big part of our program, we travel to many hunt tests campaigning retrievers in the Eastern part of the USA spring and fall.

Through a careful and thoughtful breeding program we have developed a line of Poodles that have all the attributes of fine hunting companions, great temperaments, strong prey drive, healthy genetics, and very bitable.

Continued from page 17

We have bred many hunting companions over the years and most are Cooper's kids that have gone on to earning (AKC) and (UKC) hunt test titles as well as produced many performance dogs with Obedience, Rally, and Agility titles and just recently produced several top quality show dogs.

Cooper's accomplishments include holding the top Hunt Test Titles in every venue including (AKC) American Kennel Club, (UKC) United Kennel Club, (NAHRA) North American Hunting Retriever Association, (UGA) Upland Gundog Association, and the parent club (PCA) Poodle Club Of America.

Cooper's movie credit includes being Uncle Si's Hunting Dog 'Killer' on A&E's Reality TV Show, 'DUCK DYNASTY' in 2013.

Rich Louter is a full time professional dog trainer in Moreland, Georgia and is an avid lifelong upland bird hunter and waterfowl hunter. Having trained numerous high level Gundogs & Retrievers and competition dogs of various breeds, Rich has developed a training program designed to get the most out of each individual dog.

Rich has trained for and earned over 75 field titles on Poodles alone. His training expertise is highly regarded across the country and is held in high regard amongst his peers. Rich also gives back to the breed by donating his time judging (PCA) WC WCX events and holding training seminars throughout the year.

Rich is currently on the Pro Staff team of (UGA) Upland Gundog Association and D.T. Systems. He's dedicated his life to 'Preserving the Standard in the Field'.

A Short History of the Brittany

Also known as the *Epagneul Breton* in France

Dogs Queensland Exclusive 

Supplied by Karen and Ian Ward

The Brittany

Epagneul is a french word for dogs that point or set their game, while Breton is from Brittany, the place which the breed derives its name.

The breed started life in an area of France called Callac. In the Village of Callac itself, there stands a statue of a French Cob horse, on which the Brittany is reputed to be based.

In the 1800s it was usual for the landed gentry in England to shoot partridge and snipe in France, and of course they took with them their best Gundogs, mostly Setters (English and Gordon) and Pointers.

These were often left with the French landowners from one season to the next, and resulted in a number of matings between these dogs and a very highspirited spaniel from the area.

From these matings the Brittany was born.

By 1904, the Brittany had evolved. Due to a variety of colours in the Pointers and Setters the Brittany also appeared in many colours.

These farmers had produced a multi-purpose Gundog including:

- Keen and strong-bodied spaniel to enter thickets and brambles
- Fast wide-ranging hunter for open grassland and stubble, requiring pointing
- Ability to hold the game until the shooter was within range
- An all-rounder retriever for land and water small and inexpensive to feed (farmers were not rich) possessing the intelligence and temperament to be the farmhouse watchdog and family pet
- Along the way a tailless dog was born, and even today many Brittany's are born tailless or bob tailed

Feature Breed

The Queensland Dog World

In 1944 the American Brittany Club, feeling that the breed was a true pointing dog and thus should not be classed as a spaniel which are flushing dogs, they asked for the name to be changed to Brittany request was denied.

However, in following years the breed proved to be an outstanding pointing dog, an intense hunter of upland game and one with the greatest record of producing dual champions in the world.

It was also evident that the breed ranged in greater patterns than spaniels so the request was reconsidered and changed in 1982 (however in FCI countries and France the breed is still known as Brittany Spaniel).

The first four imports arrived in Australia late 1974.

These imports soon proved their working ability, where most offspring went to field homes in hope to one day also enter the show ring.

General Appearance

Smallest of the pointing breeds, the dog is compact and well knit without undue heaviness while staying sufficiently elegant. The dog is vigorous, the look is bright and the expression intelligent.

The general aspect is cobby, full of energy.

Grooming

Grooming a Brittany starts with the neck clipping through to the breast bone and blending the neck.

Shaving approximately a U-shaped pattern between the ridges where the hair changes direction on either side of the dog's neck (and upside down V from just above the breast bone).

Ears are thinner on the lower part.

Hindquarters are clipped under the tail to accentuate the square cobby dog also cleaning the underside of the tail.

Also trimming the hocks and feet.

A Brittany's top coat should not be clipped. Never over groom a Brittany, after all, they are a wash and wear dog.

The Brittany

Dogs Queensland Exclusive 

Supplied by Karen and Ian Ward

History

The Brittany is a French breed originating in Northern France as early as 1850. By 1904 the Brittany had evolved into a distinct breed. The first dogs were first imported into Australia in 1974 and 1975.

The Brittany is classified as a Utility Gundog which means that they hunt, point, flush and retrieve their game. The Brittany is used in Australia for hunting Stubble Quail, Duck, Rabbit, Hare and to a lesser degree foxes, pigs and deer.

Training

The Brittany is a tough, rugged little dog with a great deal of courage and spirit. They are very active, fast and skilful when hunting and are excellent retrievers on both land and water. The Brittany is an easy dog to train and excels at obedience and agility. They can become bored with repetitious training so it is essential to put variety into their routines.

Care and Feeding

Brittanys are fondly referred to as the Wash 'n' Wear dog. The coat is of a short to medium length with some fringing on the back of their legs. The coat is designed not to absorb or hold water, mud or dirt. After bathing a quick rub with a towel and a shake and they are almost dry.

A quick brush and you're done.

Brittanys are small and inexpensive to feed although they are very good eaters. The Brittany is a compact, medium sized dog with short to medium hair.

Fondly referred to as 'the human orientated breed', they adore people and are ready, willing and able to join in on any family activity including swimming, jogging, sailing and bike riding.

The Brittany is a very adaptable breed, at home both indoors and out. Agile, energetic and great stamina with a will to please. Brittanys are obedient and make a great family pet.

Temperament

Brittanys are a happy alert dog, neither shy nor mean. They are energetic, fun loving and enjoy the company of people of any age. Brittanys are loyal, affectionate and eager to please their master as well as being good watchdogs.

They make fantastic pets for children especially four to five years and up, though smaller children may get their faces washed and get pushed over by an over exuberant puppy wanting to play. If supervised the puppy soon learns not to knock his small master over and baby and puppy grow up together and become the best of friends.

Characteristics

The Brittany is a medium sized dog growing to approximately 51cm (18 - 20 inches) at the shoulder and weighing between 13 -18 kgs. They fit nicely into the family car and don't take up much room.

They are a leggy dog in appearance with great stamina, energy and ruggedness without clumsiness. This gives the Brittany the ability to cover large amounts of ground. Coupled with the desire for hunting and refusal to quit this makes the breed versatile for show or fieldwork.

They come in a variety of colours – orange/white, liver/white, black/white, black Tri-colour, liver Tri-colour and Roan of all these colours.

Dog World update, July 2015

The weather is turning cooler as we hit the middle of winter but that hasn't slowed down the activities and the participation in events in Zone 2.

Many of our regional members are making preparations to attend the EKKA in August and we wish all of our regional members safe travels and many successes at this event.

Special Feature

I don't often get a lot of submissions for the column, so I was really excited when Kim Dawson of the Rockhampton Dog Obedience Club sent me an article and some photos asking if it was the type of thing to put in the magazine. Of course it is! Thanks heaps for this guys.

Please check out the feature from the Rockhampton Dog Obedience Club on the following pages.

What's on in Zone 2 in July?

- CQ Toy Dog Club Championship and Open Shows – 4th July (held in conjunction with Callide Valley)
- Callide Valley Canine Club Championship Shows – 4th and 5th July
- Magpies Mackay and District Obedience Club Tracking – 4th and 5th July
- Gladstone Dog Obedience Club Obedience and Rally-O Trial – 4th and 5th July
- Gympie Dog Obedience Club Rally-O and Obedience Trial – 11th July
- Rockhampton Dog Obedience Club Agility, Jumpers and Games – 11th and 12th July
- Rockhampton Kennel Club Championship Shows – 18th and 19th July
- Rockhampton Dog Obedience Club Tracking – 18th and 19th July
- Obedience Dog Club of Bundaberg Double Rally-O and Obedience – 18th July
- Gladstone Kennel Club Championship Shows – 25th and 26th July
- Hervey Bay Dog Obedience and Agility Club Rally-O and Obedience – 25th July

Safe travels and good luck to our Zone 2 members travelling within and outside of the Zone during July.

Event Scheduling

The Zone 2 clubs work very hard to put on great events for our members to attend and participate in.

Part of preparing for events is to schedule them in the hope that a good entry will be achieved and for the most part, our clubs succeed in doing this.

Over the past years however, with entry numbers declining at many shows, clubs need to be even more vigilant about their scheduling to ensure that members participate.

One possible barrier that I have noticed is that quite often there is a clash on weekends between clubs in the north and south of Zone 2 which effectively requires members in the middle to make a choice and therefore splits the potential entry of the clubs.

It is definitely up to the clubs to decide when their shows are held but it may be an opportune time to analyse the list of show dates and to be flexible to avoid potential clashes that may affect the overall entry for shows.

Quite often members in the centre of the zone would be willing to travel and support both clubs if the shows were held on different weekends but they have to make a choice and a club loses out on entries where there is a clash.

Rules In Action

Sometimes at dog shows, members can become a little perplexed and perhaps irritated by the decisions that judges make and speculation of why the decision was made.

In itself, this is not necessarily a bad thing and exhibitors are able to approach a judge after they have completed judging to discuss what has happened. This should be considered as an opportunity to gain an insight and perhaps learn something.

However, we also need to ensure that we keep our emotions in check.

Zone 2 Showcase

The Queensland Dog World

There is no rule stating that we have to like or agree with the decision that a judge has made, but we do need to accept it – that is incumbent upon us as members.

We need to be mindful, no matter how aggrieved we feel, that it is not appropriate for us to make loud or audible remarks about our thoughts on the matter. Rule 224 states:

“Any person causing annoyance by loud comments on the decision of the Judges or being guilty of unsportsmanlike action while in the precincts of an exhibition shall be guilty of an offence against these Rules and may, after being cautioned by a member of the Show Committee or other official of the show, be ordered to leave the Show. If such person fails to comply with such order he shall be guilty of a further offence against these Rules.”

Rest assured, no Show Manager or official at an event wants to have to deal with something like this, so they would rather it not happen. The moral here is that we don't have to be happy about what happens but we need to save our comments for a more private forum in which we can vent.

Keeping it Clean

Members are able to enjoy some great grounds and facilities for our events and of course we all want to be able to continue to enjoy them.

This enjoyment is in jeopardy though due to the inconsiderate and irresponsible actions of a minority of members who seem to think they are above the rules of common decency and responsibility when it comes to cleaning up after their dogs.

At a recent show I was appalled to see an exhibitor toileting their dog, which obviously had some sort of a stomach upset, and walk away leaving the result behind for someone else to clean up.

This is disgusting and disrespectful to the host club and other members, and can impact on the willingness of the owners or custodians of grounds to allow us to use them for our events.

So please, clean up after your dogs. If you find this act of common courtesy and responsibility particularly difficult then perhaps you need to consider whether dog hobbies are for you.

Helpers needed

At our shows recently, I've noticed that the same people seem to be doing all the work when it comes to stewarding and writing.

The clubs who these people volunteer for are extremely grateful for the support they provide but it would be very nice for them to be able to have a show here or there where they can just sit and relax instead of having to work all the time.

To achieve this and spread the load, we need more members to give up a small part of their day to assist with stewarding and writing.

The job is not difficult and can be quite enjoyable – there are always experienced workers around who can help you to learn what to do and Dogs Queensland also offers formalised training, so there is nothing to be afraid of.

It is really important that our members all get involved in the hobby and supporting it. If we run out of workers which we are really quite close to doing in regional areas, we won't have a hobby to enjoy, so please be proactive and get involved.

Submissions are always welcome for the column. If you have a news item, an idea for a story, photos, or want to report a special or significant achievement, please do not hesitate to contact me.

Track and Search Top Dogs

Special Feature

Dogs Queensland Exclusive 

Supplied by Kim Dawson

Sandra and Grand Champion Hamish

The last Track and Search (T&S) Trial held by Rockhampton Dog Obedience Club (RDOC) in 2014 was a highly successful one, netting veteran tracking competitors Sandra Pitcher and Annette Kirkwood the highest qualifications in a very challenging discipline.

Sandra Pitcher and her Labrador Retriever Hamish (DUAL CH(T) TS GRAND CH LOUISAVIEW DRIVIN U HOME CCD CDX RA) became Queensland's first team to qualify for their Grand Champion Track and Search (TSD10) Title.

At the same Trial, Sandra and her Labrador Retriever Clancy (TS CH DUAL CH(T) BLACKBOY BRANDY SCHNAPPS CDX RA) qualified for their TSD9, the penultimate qualification in the Track and Search discipline.

Annette Kirkwood and her Welsh Springer Dylan (TS CH DUAL CH(T) RICOCHÉZ BEDWYR RHODRI CDX RA ADX JDX GD SDX SPD) achieved their T&S Championship (TSD8), previously the highest possible achievement in Track and Search.

At the higher levels, Track and Search tests are conducted urban environments including heavily trafficked recreational, commercial and industrial areas.

This requires the dogs to track across various hard surfaces such as bitumen, concrete and gravel, in addition to coping with the distractions presented by other people, animals and traffic.

To attain his Grand Champion title, Hamish was required to successfully track the path of a person who had walked around a busy shopping centre undercover parking lot over three hours previously. Adding to the difficulty, this was done at night and included a section where the person was picked up by a car and let out 200m around a corner.

Hamish also successfully ignored the distraction provided by the Police, who hailed the Judge and Steward to ask what such a suspicious-looking group were doing wandering around a parking lot at night. Clancy's track was performed during the day but included all the same challenges, excepting the presence of the Police.

Track and Search Champion Dylan successfully followed a four hour old path for a kilometre through a commercial complex parking lot at night.

He was also required to pause in his tracking when directed by the Judge and resume after a two minute break.

Annette and Reagan

Champion Dylan during a night time track

Not content to rest on their laurels, Sandra and Annette also compete in Obedience, Rally Obedience and Agility. Hamish was awarded the 2014 'Vikings Open Dog of the Year' for Queensland, where the six highest qualifying scores for Open Obedience competitions throughout the year are used to identify the dog with the highest point score.

Sandra and Clancy also compete in UD Obedience and Rally Obedience, with both Hamish and Clancy gaining their RA Titles. Annette and Dylan compete in UD Obedience and gained their RA, ADX and JDX titles during 2014.

Annette also competes with her Irish Red and White Setter Regan (DUAL CH(T) TINTOOKIE STYLE AND GRACE CCD CD RN TSD JD SPD), achieving their Track and Search (TSD3), CCD, RN and JD Titles.

In addition to their own training and competition commitments, Annette and Sandra train a small but dedicated group of new tracking enthusiasts based at RDOC.

Club Fun Day The Golden Retriever Club of Queensland

Dogs Queensland Exclusive

Supplied by William Vowell
President GRC Qld

Our recent Golden Retriever Club of Qld Fun Day event was held on the Sunday 10th of May. This is the first event for many years, in the past this event drew huge crowds and we were a little nervous to see if it would still do so. However, it proved beyond doubt that pet owners are the most happy and engaged group of people.

We drew a crowd that would be the envy of any show held and clocked up an amazing attendance estimated to be between 120 and 150 people all accompanied by their dogs.

There were many, many events for participants and it was such a pleasure to be able to see such genuine involvement.

We were generously sponsored by Advance with showbags, VIP Petfoods with sample bags and large bags donated as prizes, KONG sent a rep for the day and Pawsitive Connection training

specialists held displays, a new member Amanda Milton donated a lovely raffle prize as did KONG, we further had Obedience and Dances with Dogs displays.

At the end of the day all of the club members who had catered for the event, including BBQ etc chose to donate all the supplies they had bought which meant we not only had a successful day but it then became profitable as well, to the tune of over \$600.

I can't thank all the helpers enough, it was a really busy happy and successful day, here's cheers to the next one.
