## President's message for October 2015

The last few months have proven to be a very disruptive and unsettled time for our organisation. The circulation of petitions, trials by social media and the spreading of slanderous lies across the internet have consumed not only a large amount of the Board's time and resources, but also the time and resources of the office. Personally, I am left sitting here wondering what purpose have all of these things served, as I can see no credible or constructive purpose for any of it. If anything, these constant pot shots at the Board and the office are diverting our time away from much needed activities such as the progression of camping facilities at Durack, the development of a formal business plan for our organisation, and the proposed move of the office to Durack.

Whilst some members may disagree with the cancellation of the recently called Special General Meeting, I can assure all members, that legal advice was sought, and due to the removal of signatures from the petitions, the petitions became invalid. As such, no legal basis for the continuation of the Special General Meeting existed.

Members should be aware that the Constitution and Rules Reform Committee will now look at the issues addressed in the first petition, which related to the election of a President by the members, as opposed to the appointed Board of Directors. The Constitution and Rules Reform Committee has been created for all members to utilise. Before any changes or amendments are put through, proper consultation will occur with Clubs and members. Constitutional amendments can not occur without the proper process of being adopted at an appropriately called Special General Meeting, or at the organisation's Annual General Meeting.

The second petition raised dealt with a vote of no confidence in a current Director of our Board. Motions on votes of no confidence are very serious matters and should never be taken lightly. A person's dislike or contempt for a Director should play no part in such motions. The members are given the right to vote for those candidates that they wish to occupy the Directors' positions every two years. If members believe a Director should not continue on, that is the time they should vote them out. If any Director acts in a manner which is in breach of the law, or contradicts their fiduciary duties as a Company Director, the Board will act to remove such person. Votes of no confidence should only stem from matters of a very serious nature and should be able to be listed out, so that they can be replied to in accordance with the law.

There seems to be a great deal of gossip and untruths being aired at events and across social media. Despite gossip which has currently been circulating, the Directors of Dogs Queensland are all volunteers. None are remunerated in any way.

An item which recently appeared on social media made allegations of a Director spending \$100,000 of Dogs Queensland funds which did not need to be spent and other members of the Board were kept in the dark. This allegation is reprehensible and absolutely absurd. The circulation of this sort of nonsense needs to stop. The Board will be looking to introduce a 'social media policy' over the coming weeks, to make it very clear to all members what is acceptable and what isn't. All members should take the time to read this policy once it is released and ensure they follow the provisions set down.

### UPDATE ON CAMPING

On Thursday 17<sup>th</sup> September, Board and member representatives met with representatives of Brisbane City Council in relation to the next stage of allowing RV and Caravan Camping on the Durack grounds. As a result of this very productive meeting, the Board will now move ahead with the development application approval that will allow 51 sites for all forms of Camping. It is envisaged that this approval will take 3 - 6 months and cost in the region of \$50,000, which includes mandatory Brisbane City Council fees, Town Planners fees, compulsory Bushland Survey fees and some required landfill.

### DOG AND PUPPY OF THE YEAR

As members would be well aware by now, the Puppy and Dog of the Year events for 2015 have been moved from Durack to the RNA grounds, due to the limited camping facilities available at Durack for these events. Camping and access for RVs and caravans will be permitted at the RNA grounds and the events will be conducted in the same area where this year's Brisbane Royal (EKKA) was held. Holding the event at the RNA will not cost Dogs Queensland any more than it would do at Durack, the RNA has most of the items required for the event in situ and hiring costs will be significantly decreased. The decision to move our premier event of the year was a difficult decision to make. However, the move will benefit the majority of our members by providing camping and under cover facilities for the events to be run. I hope all members will pull together to continue to make this a truly special event.

*The opinions expressed in contributor's articles are not necessarily those of the Dogs Queensland Committee. This magazine reserves the right to refuse the publication of any item or advertisement and, whilst every effort is made to ensure copy is reproduced correctly, no responsibility is taken for error.*

## Notice to advertisers

The Trade Practices Act came into force on 1<sup>st</sup> October 1974. Certain provisions of the act relating to consumer protection place a heavy burden upon advertisers, advertising agents and the publishers of advertisements. In view of the obvious impossibility of our ensuring that advertisements submitted for publication comply with the act, advertisers themselves need to ensure that the provisions of the act are strictly complied with. In cases of doubt, advertisers are advised to seek legal advice before submitting advertising material.

## Board Notes October 2015

### Christmas Office Closure

All Members are asked to please note that the Dogs Queensland Office will be closed for the Christmas Holidays from 12:00pm on Wednesday 23<sup>rd</sup> December 2015 and will reopen on Monday 4<sup>th</sup> January 2016.

### Durack Fun Days

For 2016, Clubs using Durack for 'Fun days' or similar events will only be allowed to do so twice a year. The dates for 2016 will be Sunday 8<sup>th</sup> May and Sunday 13<sup>th</sup> November.

### Fees

The preparation of the 2016 Budget is an important function as ultimately the budget determines the level of increase necessary in respect to our fees and charges and in this way affects all members. The budget policy of containing increases in fees and charges to a minimum has been maintained in 2016.

The following fees will be minimally increased by 3% with effect from 1<sup>st</sup> January 2016. Affiliation Fees, Judges Licence Fees, Magazine Advertising Fees, Title Fees and Re-Registration Fees will remain at 2015 levels:

### Dog World Copy Deadline

Please note that the Copy deadline for the February 2016 Issue will be brought forward to 18<sup>th</sup> December 2015

### Catering at Durack

The Board requests expressions of interest from all Clubs for catering/canteen applications for the Specialty Breed days at Durack for 2016 as listed below:

- Saturday 20<sup>th</sup> February
- Sunday 6<sup>th</sup> March
- Saturday 30<sup>th</sup> April
- Saturday 11<sup>th</sup> June
- Sunday 10<sup>th</sup> July
- Saturday 6<sup>th</sup> / Sunday 7<sup>th</sup> August

### Judges Training 2015/16

Due to an insufficient number of applications, NO metropolitan breed lectures in Groups 4, 5 and 7 will be presented in the 2015/16 Durack program. There was an error in the Group 3 Lecture Dates, the January Lectures will actually take place on 14<sup>th</sup> and 28<sup>th</sup> January 2016, the April Lectures will actually take place on 14<sup>th</sup> and 28<sup>th</sup> April.

### Open Show Exhibitors

The Conformation Judges Committee wishes to advise exhibitors that for a trial period of twelve months from 1<sup>st</sup> August 2015, no Group coordinators will exhibit at All Breed Open Shows in the Group in which they are the coordinator. This, of course, excludes Breed Specialty Shows. (Members of the Conformation Judges Committee do not exhibit at All Breed Open Shows).

At the end of the twelve month period, if there has not been a marked increase in the entries at All Breed Open shows, this trial will not be continued.

## RULE AMENDMENTS

The following Rules have been amended as a result of decision made by ANKC and are included in the amendments document on the Dogs Queensland Website;

Amended 6.2.4

### **6.2.4** Special Conditions for Registration of Certain Breeds (Amended 04/15 EAP)

- (i) Effective from 3 June 2014, White Boxer:  
White Boxers can only be registered on the Limited Register flagged not to be upgraded, and a White Boxer imported into Australia cannot be registered on any register. (05/05) (Amended 06/14 EAP) [Note: Prior to the 3 June 2014 (06/14 EAP amendment) the registration of White Boxers is NOT permitted on any register.] (Amended 10/14 EAP)
- (ii) Effective from 1 January 2015, Border Collie, Dachshund and Shetland Sheepdog:  
Merle to Merle and Dapple to Dapple matings are prohibited. The Merle or Dapple gene carries an increased risk of impaired hearing and sight problems. Any breach of the regulation will constitute an offence by the Member/Members who are the owners of the Sire and Dam of the litter. Any puppies resulting from such matings will be placed on the Limited Register and endorsed never to be upgraded. (05/05) (Amended 06/14 EAP) (Amended 10/14, 7.5.9)
- (iii) Effective from 1 January 2015, Chihuahua:  
'Merle' Chihuahuas can only be registered on the Limited Register, flagged "not to be upgraded", and a 'Merle' Chihuahua imported into Australia cannot be registered on any register. (05/05) (Amended 06/14 EAP) [Note: Prior to the 1 January 2015 (06/14 EAP amendment) no 'Merle' Chihuahuas can be registered on any register and a 'Merle' Chihuahua imported into Australia cannot be registered on any register.]
- (iv) The word "dapple" must not be used in isolation, but used in association with a colour, i.e. "red dapple", "chocolate dapple" or "silver dapple" only.
- (v) Effective from 1 January 2015, Pug:  
'Brindle' Pugs can be registered on the Limited Register and flagged "not to be upgraded" and a 'Brindle' Pug imported into

- (v) Australia cannot be registered on any register. (10/07, 6.2.6) (Amended 06/14 EAP) [Note: Prior to the 1 January 2015 (06/14 EAP amendment) no 'Brindle' Pug can be registered on any register and a 'Brindle' Pug imported into Australia cannot be registered on any register.]
- (vi) Effective from 1 January 2015, Weimaraner:  
The colour "Blue" is not to be recognised as an allowable colour for Weimaraners and can only be registered on the Limited Register, flagged "not to be upgraded" (10/10, 8.1) (Amended 06/14 EAP) [Note: Prior to the 1 January 2015 (06/14 EAP amendment) the colour 'Blue' is not to be recognized as an allowable colour for Weimaraners.]
- (vii) Effective from 1 July 2015, British Bulldog:  
Black, Black & Tan, Dudley, or Bulldogs showing marked variation from those listed in the Breed Standard, (Including those registered in other Countries) can only be registered on the Limited Register, flagged "not to be upgraded". (Added 04/15 EAP).

Added 8.6 then Renumbered Old 8.6 - 8.17 to become 8.7 - 8.18

### **8.6** Colour Breedings – (Added 10/14, 7.5.9)

The following 'colour' breedings are not permitted for health reasons:

- Border Collie – merle to merle
- Dachshunds – dapple to dapple
- Shetland Sheepdogs – merle to merle

Any breach of this regulation will constitute an offence by the member/members who are the owners of the sire and dam of the litter. The progeny resulting from such a breach will be registered on the Limited Register and endorsed 'never to be upgraded' and any further penalties may be determined by the member's member body.

### **8.7** Coat Inheritance Factors – Chihuahua

Long Coat x Long Coat – all offspring will be long coat. No other option is possible because to be a long coat phenotype no smooth coat dominant genes can be present.

Smooth Coat x Smooth Coat – the proportion of offspring will vary from 75% smooth/25% long to 100% smooth depending on whether or not any of the parents is carrying the recessive long coat gene.

Long Coat x Smooth Coat – the proportion of offspring will vary from 100% smooth coat to 50/50 depending on whether or not the smooth parent is carrying the long coat gene or not.

## 8.8 German Shepherd Dog

Effective 16.10.2005 litters, resulting from the mating of German Shepherd dogs under the age of 18 months (either the Sire or Dam) at the time of mating, are eligible to be registered on the Limited Register only and flagged 'NOT TO BE UPGRADED'. (Amended 10/07, 6.3.1)

## 8.9 German Shepherd Dog

For all German Shepherd litters born after 1.1.99 and where the parents have been born after 1.1.97, these parents must show results of X-rays for hips and elbows, and a Haemophilia A result for the males, as defined below:

Effective September 1, 2004, the following requirements will apply: -

1. All imported GSD males must have an Australian H.Neg certificate prior to ANY progeny being registered in Australia.
2. All sons of imported GSD bitches must be in possession of an H.Neg certificate prior to ANY of their progeny being registered in Australia.
3. All GSD males born from litters imported in whelp must be in possession of an H.Neg certificate prior to ANY of their progeny being registered in Australia.
4. Where a GSD bitch is sired by imported semen, any of her male offspring must have an H.Neg. Certificate prior to any of his progeny being registered in Australia. (05/04)

## 8.10 For all German Shepherd litters born from 1 June 2011:-

1. Both parents of every litter must be screened for Hip Dysplasia through an official Hip Dysplasia Control Scheme.

Where the parents have been born after 1.1.10, they must record a score of no more than 12 on either hip, or in the case of imported animals, a grading that is deemed to be acceptable for breeding in their country of origin.

2. Both parents of every litter must be screened for Elbow Dysplasia through an official Elbow Dysplasia Control Scheme. Where the parents have been born after the 1.1.10, they must record a grading of Normal, Grade One or Grade Two on both elbows, and be free from the condition of UAP (Ununited Anconeal Process).  
Breeders of litters whelped on or after 1 June 2011,

2. will be required to comply as a prerequisite to registration of any litter on the ANKC Main Register. Dogs must be positively identified by microchip, or tattoo prior to being x-rayed. Litters which do not meet the above requirements will be placed on the Limited Register and will be flagged not to be upgraded. (01/11)

## 8.11 Rottweiler

For litters of Rottweilers born where the parents have been born after 1.1.97, these parents must show results of X-rays for hips and elbows. (Amended 10/13 – 5.6.4)

## 8.12 Bedlington Terrier

Litters will be eligible for registration on the Main Register only if both parents have been tested for Copper Toxicosis.

## 8.13 Australian Shepherd

All Australian Shepherd litters, where the parents have been born after 1st July, 2001, these parents must be radiographed and assessed for Hip Dysplasia as a prerequisite to registration of any litters. (05/01) (Amended 10/13 – 5.6.4)

## 8.14 Labrador Retriever

Breeders will now be required to have parents of all litters radiographed and assessed for the diseases (hip and elbow dysplasia) as a prerequisite to registration of any litter. Any parent whelped before October 1st, 1997 may be excluded. (05/03, Amended 10/13 – 5.6.4)

## 8.15 Golden Retriever

Breeders will be required to have parents of all litters, where the parents themselves were whelped on or after 1st January, 2002, radiographed and assessed for Hip Dysplasia as a prerequisite to registration of any litter. (10/01).

## 8.16 Bullmastiff

Effective 01.01.2008 litters resulting from the mating of Bullmastiffs where the dam is under the age of 18 months at the time of mating, are eligible to be registered on the Limited Register only and flagged 'NOT TO BE UPGRADED'. (10/07, 6.3.1)

## 8.17 For all Bullmastiff litters born after 1 January 2013, the following will apply:

- 1.1 Both parents of every litter must be screened for Hip Dysplasia through an official Hip Dysplasia Control Scheme where the parents have been born after 1 June 2011.

Continued from page 7

- 1.2 Both parents of every litter must be screened for Elbow Dysplasia through an official Elbow Dysplasia Control Scheme where the parents have been born after 1 June 2011.

Where either or both parents were born after the 1 July 2011, those parents/parent will be required to comply as a prerequisite to registration of any Bullmastiff litter on the ANKC Ltd Register main or limited to the above screening. Dogs must be positively identified by microchip or tattoo prior to being x-rayed. Results of these assessments must be submitted at time of litter registration. Litters which do not meet the above requirements will not be registered.

[Clause 8.16 does not affect dogs born prior to 1 July 2011, nor semen collected and stored prior to 1 July 2012 in Australia.] (10/12)

### 8.18 Flat Coated Retriever

- 8.18.1 Effective from 1 March, 2009 breeders of litters whelped on or after this date will be required to comply as a prerequisite to registration of any litter. Any parent whelped before 1 January 2002 is exempted. Dogs must be positively identified, preferably by microchip, prior to being tested. (10/08)

- 8.18.2 Glaucoma to be designated as a problem in the breed and for Litter Registration Limitations to apply requiring that both parents must be assessed as clear of Glaucoma;

- 8.18.3 Hip Dysplasia to be designated as a problem in the breed and for Litter Registration Limitations to apply requiring that both parents have been radio graphed and assessed for Hip Dysplasia;

Elbow Dysplasia to be designated as a problem in the breed and for Litter Registration Limitations to apply requiring that both parents have been radio graphed and assessed for Elbow Dysplasia.

### 9.11 Amended 9.11

## **Obedience News – Annual Awards**

The annual presentation of Championship title trophies, individual Dog of the Year Awards, and Club Shields is always a fun night and it's coming around again on Saturday 9<sup>th</sup> January 2016, commencing at 5:00pm.

### **DOG OBEDIENCE / TRAINING CLUB SHIELDS**

#### **1. General Rules**

The following rules apply to both the Club Shield competitions listed below.

**1.1 Award year:** Scores claimed must have been Qualifying scores gained within the period 1 November 2014 to 31 October 2015 (referred to below as the 'qualifying period'). (Note: This is different from the calendar year qualifying period for the individual awards.)

**1.2 Eligible Clubs:** Only Clubs affiliated with the Canine Control Council (Qld) [CCC(Q)] are eligible to compete for these awards.

**1.3 Eligible results:** Only results from Obedience and Tracking trials (including breed specific Trials but excluding Track and Search trials) held in Zone 1, Queensland, during the qualifying period shall be eligible to be counted.

Results shall only be allocated to a Club if the competitor nominated that Club on their entry form or prior to the commencement of the Trial, and the Trial Secretary assigned that Club nomination on the catalogue submitted to Dogs Queensland following conclusion of the Trial.

Where points are claimed on the basis of Titles gained, photocopies of the relevant Title Certificate or (where the Title Certificate has not yet been issued) all relevant Qualifying Certificates must be provided by the Club claiming those points. If the official date of the Title Certificate, when issued, is in the next qualifying period, it will be removed from calculation of the Club's score.

**1.4 Closing date:** The closing date by which Clubs must submit details of members' eligible results is two weeks after the end of the qualifying period, viz 16 November 2015.

**1.5** The Obedience and Rally Obedience Club Shields are perpetual trophies and must be returned each year prior to the annual presentation event.

#### **2. Obedience**

##### **2.1 Norm Claridge Shield**

**2.1.1** This Shield was established in memory of Norm Claridge who, together with Ray Underwood and Bert Halton, was instrumental in and committed to establishing and improving the sport of, and good sportsmanship within, all breeds dog obedience under the aegis of the CCC(Q).

**2.1.2** The award is based on the highest aggregate of points achieved by a Club, allocated in accordance with section 2.1.3 below.

**2.1.3** Points will be allocated as follows:

QUALIFYING SCORE / PLACE*	POINTS
<b>Obedience</b>	
Qualifying score	10
First place	3
Second place	2
Third place	1
<b>Tracking</b>	
Tracking Qualifying score	10

## Obedience, Rally Obedience, Tracking and Dances with Dogs

### Annual Presentation Evening

**9<sup>th</sup> January 2016 at Durack**

The annual presentation of Championship title trophies, individual Dog of the Year Awards, and Club Shields is always a fun night and it's coming around again on Saturday 9<sup>th</sup> January 2016, commencing at 5:00pm.

This is a great chance to get together with fellow-competitors and judges, to relax, and to acknowledge the achievement of excellence in our beloved performance dog sports. We all recognise the need to build and strengthen our dog sports community and this is also an opportunity to bring along newer competitors, showcase to them just how good our sport can get and give them some models of achievement to which they can aspire.

This year's event will be held in the Function Room at Durack – a venue that we all know, that is relatively central for competitors from across the south-east corner of Queensland; somewhere that has plenty of free off-street parking and even camping facilities if you are so inclined.

**There is no charge.**

Last year we discovered that we have some great cooks amongst us, so participants are asked to bring a meal to share (with all other participants, not just within your own table) – with yummy desserts being provided by the Obedience Sub-Committee. We will have lucky door prizes and a couple of other surprises for you!

The awards to be presented will be (for further details of awards and rules, see September Dog World):

#### Individual awards:

- Championship and Grand Championship titles – Obedience, Tracking, Track and Search, Dances with Dogs
- Tracking Champions/Track and Search Champions and Grand Champions Queensland Honour Boards
- Utility Dog Excellent Perpetual Trophy
- Peter Harden Utility Dog of the Year Perpetual Trophy
- Open Class – Gold and Silver Dumbbell Pins

## A Message from the Chairman

### An Important Message

Last year was this Committee's second time running the prestigious Puppy and Dog of the Year Event. Once again, we have taken on board all of your feedback (both good and bad) and have re-jigged this year accordingly. The Puppy / Dog of the Year Event is a work in progress and will continue to improve with each year.

The following description is aimed at giving everyone a little insight in to a number of further changes that are occurring in 2015.

Firstly, it is important to read the Schedule for the weekend's activities. In particular, please be aware that the venue has changed and will now be at the Brisbane RNA Showgrounds.

Please note that the Puppy of the Year Event will be held on the Friday evening, so as to take full advantage of the cooler, evening temperatures. The Committee has listened to your concerns and has decided to push back the start time to 5:30pm for POTY for those of you who expressed concerns to us about being unable to make the earlier 4:00pm time.

The Open Show Spectacular will then be held early on the Saturday morning (9:00am start), followed by the Dog of the Year Event later that evening. All three of these events will be held at the RNA Grounds.

### Sponsors

In 2015, the Dog of the Year Committee has been fortunate enough, through the generosity of some local businesses, to gain a number of MAJOR SPONSORS.

This year, our Major Sponsors include:

- **Queensland Veterinary Specialists**
- **Bunnings Manly West**
- **Merial**
- **Puddleby Art (Garry & Toshi)**
- **Marellen Show Ribbons**
- **Lockyer Valley Sharpening**
- **Royal Canin**
- **CCrates**

I will be promoting these wonderfully generous organisations throughout the coming months and at all of our events throughout 2015 and 2016.

## Dog of the Year Schedule of Events 2015

### Friday 23<sup>rd</sup> October: Puppy of the Year Event

- 1 4.00pm – 5.00pm – Registration (includes phone registrations)
- 2 5.00pm – 5.30pm – Draw
- 3 5.30pm onwards – Opening of Event and Judging

### Saturday (Morning) 24<sup>th</sup> October: Open Show Spectacular

- 1 9.00am – Judging Commences

### Saturday (Evening) 24<sup>th</sup> October: Dog of the Year Event

- 1 4.30pm – 5.30pm – Registration

- 2 5.30pm – 6.00pm – Pre-dinner drinks and Draw
- 3 6.00pm – 8.30pm – Smorgasbord Dinner Ring Side
- 4 6.00pm – 6.30pm – Parade of Entrants
- 5 6.30pm onwards – Judging Commences

### Sunday 25<sup>th</sup> October: ALL BREEDS CHAMPIONSHIP SHOW (held at King Avenue, Durack)

- 1 All Breeds Championship Show
- 2 6 International Judges will preside over this Championship Show
- 3 The Judges are from Russia, Japan, El Salvador and South Africa.

I therefore strongly encourage anyone from within our Dog-world fraternity, who can give our Sponsors patronage, to do so. Without them, it would be very difficult to run an event of this calibre.

## Dinner and Catering for Dog of the Year

In 2015, the Dog of the Year Committee has organised a smorgasbord style meal to be served around the rings between 6:00pm - 8:30pm. After taking on board your feedback and concerns from previous years, we feel that this new setup will allow for both the exhibitors and guests to enjoy their meal whilst watching the Judging. The evening will again commence with champagne on arrival (see scheduled times).

The smorgasbord this year will be catered for by professional chefs from 'Spits and Pieces' on the Gold Coast. It will consist of a range of meats, veggies and desserts. The menu options provided for by our caterers will be printed for your reference in this month's Dogworld magazine.

All those planning on attending the dinner will also have access to a ring side seat included in your meal ticket. The dinner is encouraged for both entrants and spectators.

The cost for the dinner/ringside seating is:

- **\$45.00 for Adults**
- **\$25.00 for Children between 5 – 12 years**
- **Free for Children under 5 years**

Finally, the Committee asks that when booking your dinner tickets, to please ensure that you specify whether you are part of a 'Club Table', whether there is anyone you wish to be seated next to or how many persons are to be seated at your table. If you are not part of a specific group, you will be assigned to a table, at random.

All dinner bookings are to be made out to Mrs Jodie Wilshier ([email: cavlamour@bigpond.com](mailto:cavlamour@bigpond.com)).

Payment by Credit Card, cheque or money order for the dinner must be forward to the Dogs Queensland office.

## Dinner and Catering for Puppy of the Year

This year, the Puppy of the Year Competition is taking on a much more 'relaxed' vibe. The Committee has decided that there will be no allocated seating and, in fact, ringside seating will be at no cost. A light canteen will be operating all night and further details of the food on offer will be forthcoming closer to the event.

## Dress and Attire

Last year, it was so pleasing to see all of the spectacular outfits (dresses, evening gowns, dinner suits etc) that were worn by those in attendance. I would like to thank everyone for really getting into the spirit of the occasion.

Similarly, in 2015, the dress standard for the Dog of the Year Final is again Formal wear (black tie) with Semi-formal attire (business suit) also being acceptable. Male patrons, exhibitors and onlookers are expected to wear at the minimum a suit or sports-jacket with tie. Bow tie is preferred. Female patrons are expected to wear a suitable evening dress and/or show suit or cocktail dress.

The dress standard for the 2015 Puppy of the Year Final is, this year, much more relaxed. We would appreciate semi-formal attire from our Competitors: male exhibitors wearing a suit or sports-jacket with tie and female exhibitors wearing suitable evening attire and/or show suit. However, onlookers are invited dress in smart/casual attire.

## Ring Setup

Unlike previous years, the rings (and also parking/grooming area) this year will be totally under cover at the RNA Grounds - occupying the space used for the Canine exhibition during the Royal Show (EKKA).

Two rings will operate simultaneously with the Judge's names being drawn at random. If time permits, the two rings will then be combined into one much larger ring in the later rounds.

The ring surface itself will be a combination of concrete and carpet. However, when moving, exhibitors/exhibits will be running on carpet only.

Tables will be set up around the rings for those who have purchased dinner and ring side seating. Dinner/ringside seating bookings are strongly encouraged. However, there will also be a smaller area allocated for persons who do not wish to purchase ring side seating (your own chairs will be required for this area).

Table staff will also be around throughout the evening (to your tables) to take any drink orders that you may have.

## Judges

The Judges for this year's event come from Russia, Japan, El Salvador & South Africa. For all of our Judges it is their first time to Queensland and, for some, Australia.

## Sunday All Breeds Show

After listening to your concerns, the Committee has decided that the Sunday All Breeds Championship Show will be **held at our Durack Showgrounds** (King Avenue, Durack).

Most importantly, ALL DOGS are eligible to compete at this Show – regardless of whether or not they qualified for the Friday or Saturday night events. In other words, the Sunday Show is a regular, **All Breeds Championship Show**.

As the Judges for this event will be presiding over the Puppy/Dog of the Year Finals, the names of these Judges will not be known until they are revealed over the course of the weekend. However, the Committee is pleased to announce that ALL GROUPS this year will have an **International Group Specialist** judging them on the Sunday. There will be no Australian or New Zealand Judges on the panel. However, the same Judge will be Judging the Terrier (Group 2) and Non Sporting (Group 7) Groups.

The schedule can be found in the Queensland Dog World.

Please note, that as a courtesy to other Exhibitors, the WINNER and RUNNER UP at both the Puppy of the Year and Dog of the Year Finals will be asked not to compete at the Sunday All Breeds Show.

I hope this covers any questions or concerns that people may have at this stage. Remember, that this event can only continue with your ongoing support, so please get behind the Committee and make the 2015 Puppy and Dog of the Year Finals something to remember!

Yours Sincerely,  
Timothy Thomas  
Chairperson, Dog of the Year

It is always a pleasure to find books in the Library that refer to the breeds featured each month. The only one missing from the line up for October, is the Large Munsterlander. However there is a complete standard of the breed that was prepared by breeders and this is available in the Library

*Chesapeake Bay Retriever* by Stacy Kennedy is a TFH Publication and the only book currently available – full of glossy photos, this book covers the basic history of the breed, standard and retrieving abilities.

For the Curly Coat, I would like to mention two books on this breed - *The Curly Coated Retriever* by Audrey Nicholls and *The First Curly Coated Retriever Book of Champions 1860-1997*. *The Book of Champions* contains details of all champions including Show Champions, Field Trial Champions and Influential Untitled Dogs. Each dog has photo and pedigree details. The book we have is #0338 of a Limited Edition of 1000 copies.

*Flat-Coated Retrievers Today* by Joan Mason is another beautifully illustrated book and contains every aspect of the breed – history, breeding, showing and working. Another great book that is currently available. Last breed on the list is the Nova Scotia Duck Tolling Retriever – and a book simply Titled *The Nova Scotia Duck Tolling Retriever* by Alison Strang and Gail MacMillan is the topic of the 'Book Review' this month.

Published in the September issue of the 'Dog World' magazine are the Judges' Training and Regulations as set down by the Conformation Judges Committee. Part of Clause #17 asks for all trainees to 'make full use of the CCC(Q) Ltd Library for general research'. I am only too happy to make the Library available to any trainee wishing to access books for research.

A reminder here to anyone who has books currently on loan, that you are asked to return these books, please. If the Library is not open, these books can be left in the function room of the Club House. Thank you everyone for your continued support!

## 'The Nova Scotia Duck Tolling Retriever'

Written by Alison Strang and Gail MacMillan

---

**Reviewed by Helen Acworth**

Librarian

---

The 'Foreword' of this book was written by James B. Spencer 'Retriever' columnist of 'Gun Dog Magazine' and if you read only this Foreword you get an amazing insight into this breed and the people who wrote the book. Like all speciality breed books, this covers the history of the breed from 'the unique little red dog commonly called Tollers' to its development and Maritime connections. Tolling in a hunting context is a word that means to entice or lure game.

Tolling is described in this book as follows:-

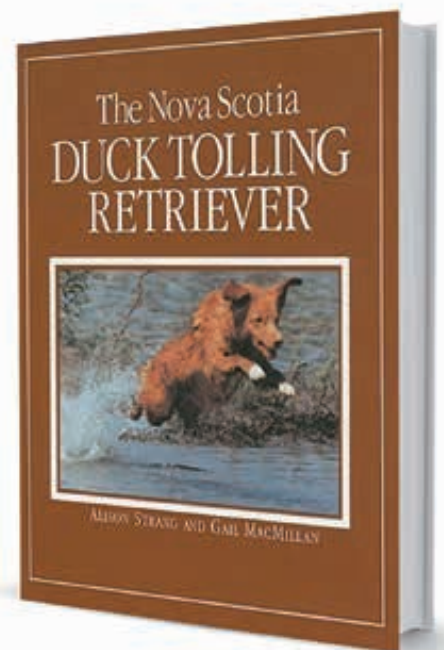

"The tolling dog runs, jumps and plays along the shoreline in full view of a flock of ducks or geese. The dog occasionally disappears, then reappears, arousing the curiosity of the birds who come into investigate and thus lured within gunshot range. The Toller is Subsequently sent out to retrieve downed birds."

The Toller was first recognised by the Canadian Kennel Club in 1945. A committee was formed in 1979 to revise the CKC Standard and the resulting version came into effect in 1982. With the acceptance of that revised standard the Toller was accepted into the FCI. A full chapter in the book takes an in-depth look at the standard.

A poem published in the book called 'Tollers Love' has the opening lines just about sums it all up:-

*"There are days you just have so much love you're unable to show. As you watch your Toller puppy and its face is all aglow. Aglow with learning, head cocked to see and hear ears erect with wonder, another mystery made clear"*

Enjoy!

## CHESSIES AHOY!

### *The Chesapeake Bay Retriever*

**Dogs Queensland Exclusive**

Supplied by Margaret Wedgwood

**Plucked from a shipwreck more than 200 years ago, the water-loving Chesapeake Bay Retriever remains a devoted companion.**

As its webbed feet will attest, the Chesapeake Bay Retriever is a breed that's most at home in the water, which is perhaps surprising given its nail-biting origins amid a shipwreck.

Today's 'Chessie', as the breed is fondly known, can be traced back to two puppies rescued from a ship that foundered off Maryland, on the east coast of the United States in 1807.

Those two Newfoundland-type dogs - aptly named Sailor and Canton, after the doomed ship - never produced a litter together, but each was mated with other dogs from the nearby Chesapeake Bay area, America's largest estuary.

By 1877, three types of dogs from the shores of the bay were known as Chesapeake Bay Ducking Dogs and were prized by local hunters for their tireless ability to retrieve waterfowl. Three became one in 1918, when the American Kennel Club officially recognised the Chesapeake Bay Retriever.

Though rare all over the world outside of their native Americas, Chessies have called Australia home since 1979, when a NSW couple imported a handsome dog called Buzzard.

"I'd seen photos of this fabulous breed and had read of their outstanding prowess, including competing in the Iditarod Trail race in Alaska.

From there it was just a matter of time until a Chesapeake Bay Retriever came into my life", says Margaret Wedgwood, who adopted Buzzard from his original owners and bred the first live litter of Chessies to be born in Australia.

"A 'ladyfriend' for Buzzard, Dawn, arrived in Australia in early 1983.

In 2015 I'm still breeding with descendants of these original dogs and blending other English, American and New Zealand lines."

### Bad hair day?

Chessies are often mistaken for chocolate Labradors, but are actually larger and stronger and boast an eye-catching wavy coat. (In fact, while Labrador Retrievers are referred to as "the Rolls Royces of the dog world", Chessies are more often compared to Mack trucks).

"His harsh wavy coat looks like a bad perm and makes him unlike any other retriever breed. To some people he is not aesthetically beautiful, but to those of us devoted to the breed everything about this dog has a purpose," says Margaret Wedgwood, from Greenbank in Queensland.

"This distinctive coat acts as insulation in the water, while his strength of temperament means he never gives up on a retrieve and all he asks as a reward is the approval of the 'boss.'"

The headstrong tenacity with which he approaches his retrieving duties sometimes translates to stubbornness. "They are willing and want to please, but they can sometimes be willful and may try to dominate the relationship. Training is definitely required" she explains.

The upside of this stubborn streak is that it's all focused on the Chesapeake Bay Retriever's one true love: his owner.

"Their owners are their life. Some judges demonstrate a lack of knowledge of the Chessie's nature by trying to get the animal's attention in the show ring. He may give the judge a cursory glance, but will always fix his gaze on the face of his best mate on the other end of the lead," says Margaret Wedgwood.

She says she is 'constantly amazed' by the Chessie's apparently instinctive connection to people with disabilities.

"A big, tough Chessie clearly demonstrated this at one show when he was being patted by a group of school children," Margaret recalls.

"He nearly pulled my arm from its socket to go and sit beside a young boy in a wheelchair and push his great head under the lad's hand. How could you not love the big fellow?"

### A friend for life

As well as his emotional insight, the Chesapeake Bay Retriever is generally a physically robust breed.

Chessies can be susceptible to some inherited diseases, including the eye condition Progressive Retinal Atrophy (PRA), hip dysplasia and degenerative myelopathy, but Margaret Wedgwood says these conditions are virtually non-existent in the Australian population.

"Chessies can also be affected by entropion and ectropion, a genetic condition leading to the turning in or out of the eyelashes," she explains. "It can be remedied by surgery but be careful when selecting a pup as there will be signs from a very young age, including watery, runny eyes."

As with most large dogs, Chessies need plenty of physical and mental exercise to keep them healthy and happy - a daily walk, swim or energetic play session is a must.

# Feature Breed

The Queensland Dog World

Continued from page 21

And perhaps surprisingly for a dog who's happiest when wet and muddy, Chessies require little grooming. "A good hose down and a stiff brush makes them a 'wash and wear' dog," says Margaret Wedgwood. "But beware - he is always ready to share his muddy/wet/ smelly body with you. To him it is an act of love."

Muddy paw prints aside, Margaret Wedgwood says Chessies are a lifelong love: once you've welcomed one into your home, you won't ever want to be without one. "What's not to love about this great breed?"

From the puppy who looks more like a bear cub than a dog to the gangly teenager trying to get all four legs under control to the magnificent adult, the Chessie is everything you could want in a companion."

## The Large Munsterlander

The Large Munsterlander is a black and white variety of the German Longhaired Pointer. Its ancestors can be traced back to the ninth century, however it was not recognised as a breed in its own right until 1919.

In 1908 the German Longhaired Pointer Club changed the breed standard, specifying that the colour of the dogs should be of a liver variety, thus the Black and Whites were excluded. But for a few dedicated black and white owners the breed would not exist today.

In 1919 this group of devotees got together in West Munsterland and named this colour variety the 'Grosse Munsterlander'. The Large Munsterlander was introduced to Australia and recognised by the Australian National Kennel Council in 1983.

### Average size, weight and lifespan:

**Dogs:** 60 - 65 cms (23.5 - 25.5 inches)

**Bitches:** 58 - 63 cms (23 - 25 inches)

**Lifespan:** An average of 12 to 16 years

**Weight:** Dogs approx 25 - 29 kg (55 - 65 lbs)

Bitches approx 25 kg (55 lbs)

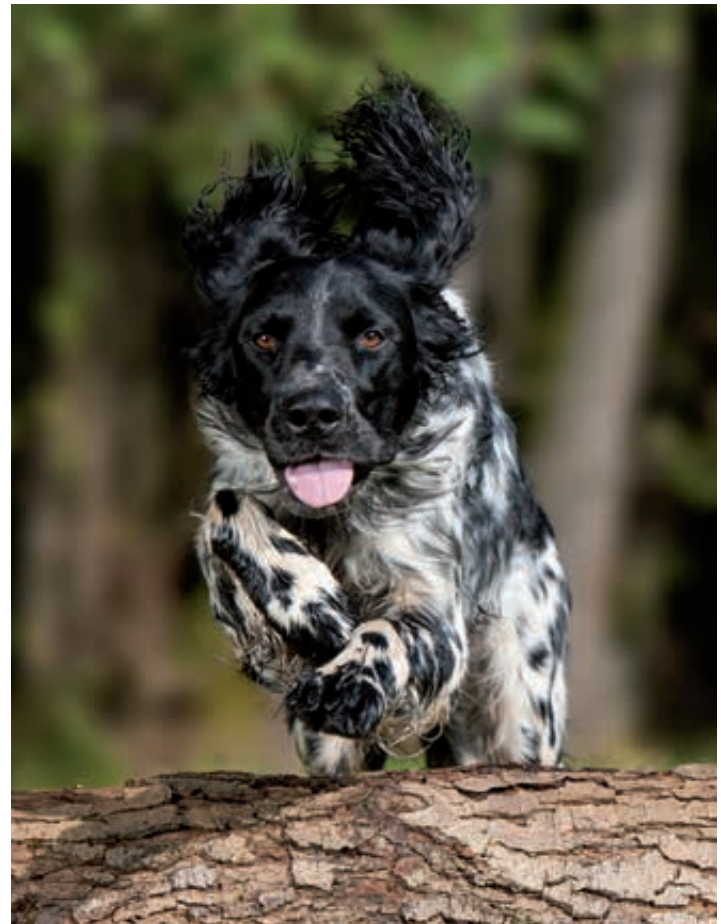

### Personality, characteristics and temperament:

This is an affectionate and energetic breed. Perfect for active individuals or families. They are very loyal and like nothing better than to be with their owners as much as possible. Though they may be left alone at times, they are not a breed to be shut away for long periods.

They make good watch dogs, warning of any trespassers on their territory or protecting their charges whether adults, children or puppies.

They are a naturally clean dog and not destructive, especially if raised with plenty of toys or objects of their own. They are slow to mature and the males often require firmer handling than bitches. They respond very well to positive training, praising being rich reward for doing your bidding.

A highly intelligent breed, they can predict your actions, often reminding you of the time, especially dinner time. They do everything with great enthusiasm!

### Care requirements:

The Large Munsterlander's coat is very low maintenance. It has a medium length coat that lies close to its body, with slightly longer coat on its legs, underside and tail. Their coat is very easy to keep clean, as the dirt drops out when dry. They do require occasional brushing as the longer coat can mat if left unattended.

### Ideal owners:

The Large Munsterlander makes an excellent companion. They are especially suited to active individuals and families. They are especially good with children.

### In conclusion:

Now you know a little bit about the Large Munsterlander. If you have decided this is the dog for you, or if you would like more information, please contact either the relevant registered breeder's Club or Dogs Queensland.

Either will be able to give you information about available puppies and also suggest dog shows where you can see the breed and speak to a breeder.

# *The Nova Scotia Duck Tolling Retriever*

**Dogs Queensland Exclusive**

Written by Emma Simon and  
Lorraine Sanney

**The Nova Scotia Duck Tolling Retriever, affectionately known as a Toller, is the smallest of the retrieving gundogs. They make up for this with a massive drive, intelligence, personality and willingness to work.**

They originated in the 1800s in Nova Scotia, an island off the east coast of Canada however their exact origin is surrounded in myth. It is generally thought that a liver Flat Coat Retriever with possibly Irish Setter and Cocker Spaniel were combined with local farm Collies to produce the breed we see today.

The Collie influence can be seen with some of the “herding traits” noted in the breed today. Although other tolling dogs in Europe (such as the Kooikerhondje) bear a strong resemblance, they are not thought to be in the background of the Toller.

Local Canadian hunters wanted a small agile gundog who was a good swimmer. They also wanted a dog who was strong and capable of carrying a large goose with the ability to handle the marshy terrain in the area. They were also required to play happily on the shoreline or riverbank to attract or lure the birds to within range of the hunter.

The ‘Tolling’ ability is what sets them apart from other breeds.

This shows in their very animated retrieving style and their showy high tail carriage with an occasional flash (of white feet, chest, tail tip or lighter feathering) to attract the interest of the ducks.

There is a fair amount of misunderstanding regarding colour and markings in the Tollers. There is no requirement for white markings and NO they do not have to have a white tail tip! The standard reads “Various shades of red or orange with lighter featherings and underside of tail, and usually at least one of the following white markings, tip of tail, feet (not exceeding beyond the pasterns), chest, and blaze.

A dog of otherwise high quality is not to be penalised for lack of white. The pigment of the nose, lips and eye rims should match, and be flesh-coloured blending with coat, or be black.”

The purpose of the white markings, combined with the jaunty attitude and high tail carriage, is to encourage the curious birds to come in for a closer look but white markings are not essential in the art of tolling.

They can be disqualified for too much white, including white on shoulders, around ears, on back of neck, across back or flanks.

# Feature Breed

The Queensland Dog World

The coat can be any shade of red or orange and this can include maskings/shadings and red sabling but NOT black.

Due to the tollers compact size, agility, strong drive with a biddable nature, they are very versatile across a range of dog sports.

Tollers have excelled in retrieving, agility, obedience, flyball, tracking, lure coursing and dock diving. They have also participated in Search and Rescue and Assistance programmes.

Despite having this incredible drive, they are quite happy to laze around with their owners waiting for their time to run or play so make fantastic pets for an active family.

## The Curly Coated Retriever

**Dogs Queensland Exclusive** 

Supplied by Jo Jamieson

**Curly Coated Retrievers (Curlies) were bred in England for bird and waterfowl hunting and their temperament and confirmation should reflect their original purpose.**

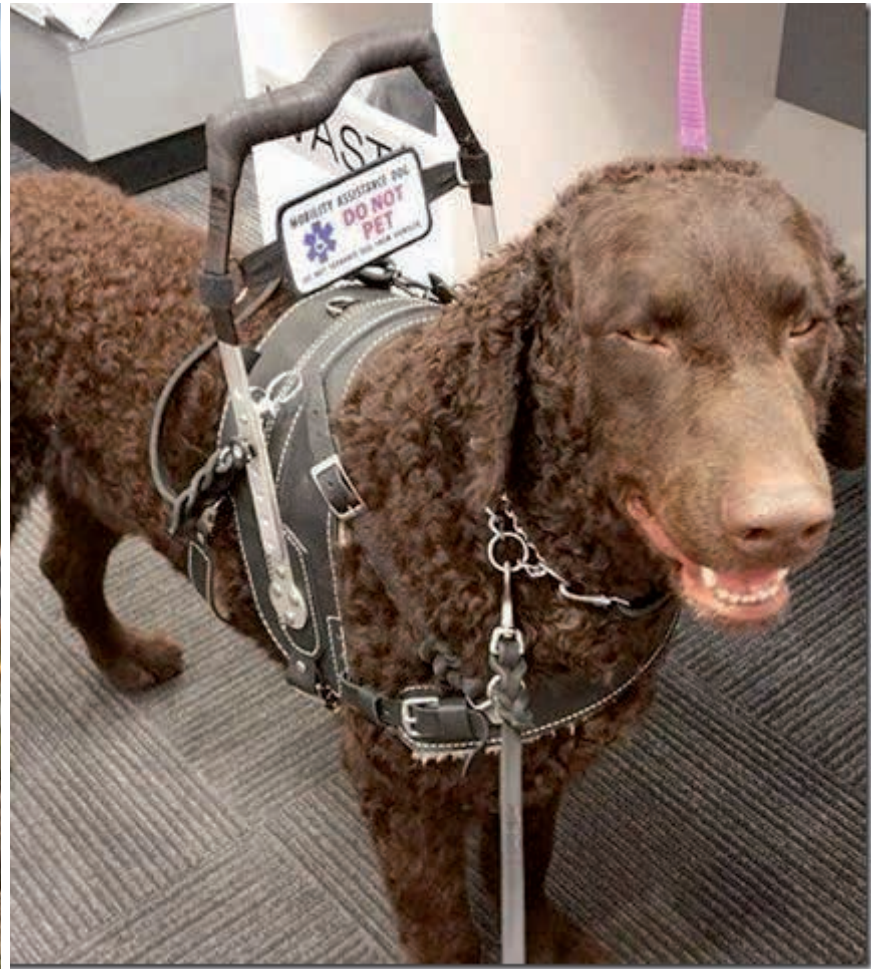

A type of curly was in existence back in the 1600s which has been established from old sketches and paintings and is thought to be the fore-runner of the retrieving dogs.

Curlies were also used by Gamekeepers to pick up game at the end of the days where the curlie's ability to bring back game from a distance and often out of sight of the shooter was invaluable. Their loyalty and faithfulness to their owners was beneficial in assisting gamekeepers to warn off poachers illegally on the estate. The curly is not a barker by nature but having a deep bark is a great deterrent.

Their coat being a mass of dense, tight curls that repels water and burrs gave these dogs protection from heavy vegetation and cold waters. They are known for their tender mouth with both feather and fur and are steady, agile dogs.

Outdoors they are eager and tireless retrievers both on land and water. The Curly was first shown in England in the 1860s in the Retriever class, he was the first Retriever to be shown in England and is believed to be the first of the Retrieving Breeds developed

It has been said the curly has an elegant impressive look about him and they are the tallest of the retrievers.

The breed standard of the Curly demands characteristics of intelligence, steadiness and reliability; with a friendly, self-confident temperament in a dog that may seem aloof at first with strangers when compared to other retrieving breeds.

Being bred for endurance and athleticism in the field they enjoy exercise and love being outside.

Being loyal, steady and reliable they love being with you which makes for a great companion dog but do need the stimulation of outdoor activities as well. Curlies are very independent and though they will sometimes appear aloof with strangers they are generally willing to please and responsive to commands.

Repetitive training can be a chore for these very intelligent animals, wickedly smart comes to mind, so you need to find alternative ways to hold their attention and keep them mentally stimulated.

He is often not totally mature physically until two to three years.

The Curly is an adaptable dog.

They have been used as Assistance, Therapy, Guide dogs, Sniffer dogs, Trekking and the stories go on Curly Coated Retrievers are steady confident dogs and are well suited as Assistance and Therapy dogs. They have been successfully placed as Seeing Guide Dogs, Personal Assistance Dogs and Therapy Dogs in numerous countries around the globe.

Curly Coated Retrievers are used in the United Kingdom and New Zealand as guide dogs for the blind and also in Australia as assistance dogs for medical and physical disabilities.

Curlies are also being used as therapy dogs, visiting patients and residents in hospitals and aged care facilities in Australia.

Curlies are naturally empathetic and will adjust their temperament to their persons mood. They are large dogs able to pull a wheelchair, open doors, and pick up and retrieve items for their charge.

*Continued from page 29*

Curlies are retrieving gundogs and this means they are both trainable team members and will also independently use their initiative when required to keep their charge safe.

Curlies are a slightly aloof breed who are more interested in their person than in strangers particularly when they are working. This means they are ideal as service dogs as they will work consistently when out in public.

Positive training methods are used to condition the dogs to blood glucose alerting. Early behavioural moulding (from three weeks) will bring the desired behaviours to the fore and ongoing positive training after the six-week assessment when we identify suitable assistance pups will ensure these traits are retained.

An Assistance Dog also needs to have a very good level of obedience making it a lovely dog to have around at all times.

There are many factors involved in successfully training a dog to be a successful Assistance Dog and all of these are individually fine-tuned to the needs of each human-dog team.

There is a long waiting list for organisation trained dogs at present Australia wide. Cudyncae, Markable and Miamba kennels have all bred assistance dogs.

Gillie was placed as a Medical Alert Dog in early November 2012 where he continues his PAT (Public Access Test) training and his alerting work. He helps Aaron to remain independent and safe from debilitating hypoglycaemic episodes especially night time ones.

Avril Parry was awarded the Order of Australia Medal in 2014. Avril's dog Samson accompanied her to Government House to be presented to the Governor of New South Wales.

Later Avril and Samson attended Parliament House where Samson drank water from a Champagne bucket!

Yindi was used as a sniffer dog. His duty was to detect menthol leaks on the tobacco lines and in doing so saved the company considerable wastage.

Four curlies and their owner of Norway trekked 300 miles in ten days through rugged, icy terrain.

The dogs pulled a cart containing food and camping equipment. It was necessary for the dogs to wear paw covers as the bitumen sections were particularly difficult.

At the end of the journey none of the dogs showed signs of tiredness or injury. The owner, however, had second thoughts about a repeat performance.

Apart from Showing the Curly has been competing in other dog events such as Obedience, Agility, Rally-O, Dances with Dogs and tracking with some dogs winning and or titled in multiple disciplines throughout the states from our own Queensland to Tasmania.

The Queensland Dog World - Show Supplement

## *Vicki Schneider*

I have always been involved with dogs as my family had working Australian Kelpie's. I purchased my first pedigree dog in 1991, a Tibetan Spaniel. We have done obedience with them, as well as showing and later breeding.

We got our first American Akita in 1993 and have been breeding and exhibiting them ever since. We have breed and owned many Champion Akita's, as well as Best In Show winners and Grand Champions.

I started judging in 2002 with the Utility Group, and qualified for All Breeds in 2015. I have judged in Japan, Finland and South Africa, as well as Australia. I am the Secretary for the Beaudesert Kennel Club and the Tibetan Spaniel Social Club of Queensland. I am also the Judges Training Coordinator for Utility Group (6).

## *Carol Donaldson*

I started on the Open Show panel at caboolture 1995 finishing this year August 2015 the open show requirements have taken me all over the state from Cairns to Mt.lsa.to Brisbane.

I must thank a handful of people who have supported me with the many airport pickups and drop offs you know who you are . The patience of my husband with further drop offs and pickups. I have had my beloved poodles for forty years having bred or owned many top winners and some that didn't quite make it. I have dabbled in obedience agility and endurance titled several of my dogs.

I have owned my own grooming salon for thirty years, followed the grooming contests for a few years winning some major classes in city competition. Founding member of my local kennel club Sarina K.C. Inc.

I look forward to meeting new people in my travels in the future.

## *Timothy Thomas*

---

I have been involved in the 'Dog World' since the age of six.

Over the years I handled numerous Collie Roughs under the family prefix of 'Ochaye'. My love of Collie Roughs began when I first saw the breed while visiting friends in Scotland. Since then my family and I have titled twenty Collie Rough exhibits, in all three colours; including fifteen which bear our 'Ochaye' prefix and three which have gone on to become dual (New Zealand/Australian) Champions.

Currently, I own and exhibit Australian Shepherds, with my partner. We are due to have our first Aussie Shepherd litter in late September.

Aside from 'showing and breeding', I have held the position of Vice President for the Collie R&S Club of Qld Inc (2003/2004) and was the Club's Secretary from 2004 to 2009. I became President in 2009 and have remained in that position. I have also been the Secretary of the Chinese Crested Dog Club of Qld and am currently the Club's Vice President.

In 2013, I was appointed to the prestigious position of 'Chairperson' of Queensland's Dog of the Year Committee. Finally, in 2015, I was democratically elected (for a four year term) to the Dogs Queensland Board of Directors.

Apart from my interests within the Dog World, I have completed two University degrees (studying at the University of Queensland); one in Law and the other in Music (Honours Class 1).

Throughout 2012, I deferred University as I was fortunate enough to have been accepted as the Associate to the Honourable Justice John Dowsett, in the Federal Court of Australia. I am currently employed by the University of Queensland and am teaching both Business and Corporate Law.

## ***Why our sponsors are special!***

At the EKKA in 2015 Dogs Queensland was fortunate to secure an amazing opportunity to promote a brand new product in the marketplace, NexGard<sup>®</sup>.

Merial Australia Pty Ltd, the parent company introduced NexGard<sup>®</sup> as the future of flea and tick protection for our canine friends. Merial Australia Pty Ltd supported Dogs Queensland with an amazing offer to our members and the public, a trial pack of NexGard<sup>®</sup> in every show bag for the 2015 EKKA and All Dogs Sports Spectacular events.

**Dogs Queensland is proud to promote innovative products such as NexGard<sup>®</sup> as this new product offered something very unique into the market.**

- NexGard<sup>®</sup> is the first oral product that kills fleas, deadly Paralysis ticks, Brown Dog Ticks and Bush ticks on dogs for a full month
- NexGard<sup>®</sup> makes it easy – just one chew, once a month for year round protection from fleas and ticks
- NexGard<sup>®</sup> is the first flea and tick treatment that comes as a tasty, beef flavoured chew. The oral format means no restrictions on swimming or bathing after treatment
- NexGard<sup>®</sup> is soy based so there are no problems with wheat allergies

### **Testimony from a happy user of NexGard<sup>®</sup>:**

*"My dogs are fussy, they will not accept those so called chewable tablets. When they were offered the NexGard<sup>®</sup> chew, they took them immediately, it was so easy. More importantly, one of the dogs has severe allergic reactions to fleas, she stopped scratching within an hour. Simply amazing!" - H, Wellington Point*

Merial Australia Pty Ltd and NexGard are committed to making it simple for the dog owner.

# INTRODUCING THE NEXT-GENERATION OF FLEA & TICK PROTECTION

Fleas and ticks are a nuisance to our dogs. Fleas can cause skin irritation, while ticks can result in severe illness and even death. With so many flea and tick products available, pet owners can be confused about how best to protect their dog.

There's now a simple solution to flea and tick protection for dogs.

NEXGARD® is the first tasty chew that kills fleas AND ticks, including deadly paralysis ticks for a full month. Protecting your dog from these dangerous parasites is now as simple as one chew, once a month.

NEXGARD® can be given to puppies from 8 weeks of age and >2kgs in weight, with or without food.

NEXGARD® won't wash off when your dog goes swimming or is bathed. NEXGARD® doesn't just kill fleas, it also kills deadly ticks which is important for people who live in paralysis tick areas or travel with their dogs to high-risk tick locations.

## Zone 2 update for October 2015

**The busy year continues in Zone 2 with many events and shows on in the area. This month has also seen some development that impact on our regional members in terms of their ability to participate in events in Brisbane.**

### What's On in Zone 2 in October?

- Championship Shows for the Gladstone Kennel Club, Sarina Kennel Club, CQ Toy Dog Club (at Sarina), Callide Valley Canine Club (Rockhampton), Maryborough Kennel Club and Mackay Kennel Club;
- Obedience and Dog Sports in Rockhampton, Mackay, Hervey Bay, and Gladstone; and
- Retrieving Trial in Wide Bay

### Date Claimers

There are several special events for Zone 2 members during October:

Callide Classic – this annual event is hosted by the Callide Valley Canine Club in conjunction with its championship shows on 17<sup>th</sup> and 18<sup>th</sup> October. This is a fun night for exhibitors in the zone and a competition for BIS / RIS winners; and Puppy or Minor Puppy in Show winners resident to the zone to compete for the title of Classic Dog and Classic Puppy under a panel of three secret judges.

The event also features handler classes sponsored by the CQ Toy

Dog Club and a Veterans Sweepstakes judged by club patron and zone stalwart, Jenny Hemsall.

DOTY / POTY - the annual Dog of the Year and Puppy of the Year competitions will be taking place in Brisbane on 23<sup>rd</sup> and 24<sup>th</sup> October, where competitors from across the state will compete to be the Dog and Puppy of the Year for Queensland.

For regional exhibitors the change of venue from Durack to the RNA has provided a greater opportunity to participate due to the availability of camping. Unfortunately, while most members would prefer our own grounds, the restrictions that the Brisbane City Council have placed on camping availability would rule most travelling exhibitors from attending the event and for it to truly be a Queensland event, the change was necessary.

A huge thank you to the Committee who have been thoughtful of travelling members' ability to attend and participate in the face of some criticism.

### Have you got the right information in your online entry records?

Just a timely reminder that with the increasing use of online entries, it is important that we keep our details up to date in whatever system we use so that the correct information is being printed in catalogues.

Please make sure that you update any titles that your dog has been awarded on their records as the online entry systems will only

print in catalogues what you have entered in your dogs' records.

Also, please remember that only valid titles can be used dogs records so some prefixes such as BIS, BISS, RBIS, RBISS cannot be used as these are not valid titles.

It would be a good time to review your records to make sure they are all up to date.

## State and National Retrieving Championships – Wide Bay

In something that was new for me, I attended part of these championships held in the Bundaberg area at the beginning of September.

The club put on a great even in lovely warm weather and it was great to see the well-trained dogs working with their handlers to complete their retrieving trial courses.

All in all, it was a great weekend and I would like to thank the committee, particularly Wendy Michalk for taking the time to introduce me to people and explaining how the competition worked.

## Zone 2 Amenities Shows – Sarina

Zone 2 members and several visitors enjoyed some lovely weather for the Amenities Shows held on the 19<sup>th</sup> and 20<sup>th</sup> in Sarina.

We were honoured to have our judges Mr Brian Harris (NZ), Mrs Lesley Chalmers (NZ) and Mr Michael Hsieh (Taiwan) who made some lovely choices and interacted well with our exhibitors and the dogs. These shows raised some much needed funds for the Zone 2 Amenities fund which can be used to support clubs in the zone.

A big thanks needs to go to the organising committee and especially Robyn Nicholson for the arrangements she had put in place under the former Amenities Committee for these shows.

Well done to all the winners and special thanks to all the exhibitors who helped out as ring stewards and writers. Your help is truly appreciated and the shows would never have happened without your dedicated efforts. We need more of our exhibitors willing to put back into the hobby in this way for it to be sustainable in the future. We have many members who will consistently put their hand up to help but if we share the load it means that the same people do not have to work all the time.

## Submissions

Submissions for the column of news or photos are always welcome. Please feel free to send to me at:

## QBC CENTENARY SHOW

### CELEBRATING 100 YEARS

Supplied by Bevly O'Hara – Life Member of the Queensland Bulldog Club

**As the first specialty club in Queensland to celebrate 100 years in existence, the Queensland Bulldog Club celebrated its anniversary on the 8th August 2015 with two shows. We were honoured to have two specialist judges from the United Kingdom officiate the day.**

Ann Wildman of Wildax Kennels judged the Centenary Show whilst Sonia Davis of Rowendale Kennels judged the Championship Show.

The day was perfect Queensland weather and the day was started with Nicole Davidson, a past Bulldogger now living in Tasmania honouring us with her beautiful voice by singing both national anthems.

At completion of the Centenary Show, exhibitors and guests were invited to a luncheon and presentation of trophies in the dining room. A special thanks to Lisa and Andrew Bearne in conjunction with Lisa's parents Graham and Shona for organising the catering.

It was humbling to see so many past members at the show. Val Williams, a past member, flew down from Townsville to watch the judging and was very generous in her donations to the trophy table. The Club was extremely fortunate to have so many trophy donations from past, present and interstate exhibitors.

A special thanks to Lenore, Alan and Ava for helping clean the silver cups which incidentally can be dated back to the start of the Club. As one member remarked "we have some serious silverware!"

Our photo albums and scrap books were on display and many visitors took a trip down memory lane. One album belonged to life member, Herb Field, and was of his Testimonial Show.

Another album showcased the QBC's 2nd National Show whilst others included many photos from the Miss Dog World day.

So much history collated by past members with a love and passion for our beloved breed.

The trophy table was the talk at lunch whilst the 3D Bulldog cake was another highlight which many people mistook for a trophy!

Thank you to Maranda Lloyd for organising such a delicious and visually beautiful cake.

Overall the day was a marvellous success with many interstate exhibitors commenting on how well run and relaxed the day was. It was lovely to see so many make the trip and in the spirit of good sportsmanship all enjoy the day.

Our Club may be small in numbers but the dedicated few work very hard behind the scenes to keep it going. I hope that we have another extravaganza bigger and better to celebrate 200 years as a Club and that this year's show is reflected upon fondly.

## Report from Ann Wildman:

I was very honoured to be asked to judge the QBC Centenary Show. The special prize on offer was a Royal Daulton Bulldog collectable figure which was lovely to receive. There was also a Bulldog shaped cake and it was such a shame to cut into it but it was delicious and filled with chocolate mud cake. Yum! Yum!

I thoroughly enjoyed officiating at the Centenary Show and I thank the officers and committee for inviting me in this very important year.

## Report from Sonia Davis:

I would like to thank the officers and committee for inviting me to judge at such a well organised show. One of the highlights has to be my fabulous steward Jools Ruddle who kept all the exhibitors organised and ensured the ring ran smoothly.

## Report from Helen Acworth (Show Mgr):

Congratulations to the Queensland Bulldog Club which recently held its Centenary Show. Judged by UK breed specialist Ms A. Wildman, this show attracted an entry of 58. This was a well planned show and it was a pleasure to be asked to act as Show Manager and be a part of this event.

I have been Show Managing for this Club for many years and it has always been a privilege. Congratulations to everyone who participated, especially the organising committee. I know how much hard work goes into events such as these. Well done!
