REPORTS**

Chairperson's Report

On behalf of the Board of Directors, I submit the following report for members' consideration upon the activities of Canine Control Council (QLD) Ltd trading as Dogs Queensland, during the year ended 31 December 2015.

Financial Results

The audited financial statements for the last calendar year, along with the unqualified certification of the accounts by the independent auditor, show that financially our organisation is in good shape, with a surplus of \$95,077 by the end of the year. This figure is down by \$24,689 from the prior year, and overall is a very satisfactory outcome in terms of our budget expectations, and very pleasing in terms of our strategic efforts. It is not easy to maintain profit to budgeted levels given the many variables that effect final results. Litter Registration income increased by \$43,266 whilst the income from the Members' Seminars throughout the year created extra revenue. Professional and Legal costs decreased by \$32,224 and Magazine expenditure decreased by \$12,918. The Board of Directors and our newly established Audit and Finance Committee will continue to examine strategies in an endeavour to supplement our income and reduce our expenditure into the future.

I would like to thank our General Manager, Mr Rob Harrison, our newly appointed accountant Mr Umesh Prasad and retiring accountant Mr Wayne Chapple, for their great personal contribution to maintenance of the profit level above budget throughout the financial year.

Dogs Queensland Staff and Committees

It goes without saying that our General Manager and Staff, are our company's most valuable assets. To Rob, and the following staff members, I extend the thanks of the Board and the membership for your outstanding contributions and devotion to duty throughout the past year:

- Gary Paul (6 years service) – Deputy Manager, Website Administrator, Member Complaints Handling;
- Roslyn Glancy (19 years service) – Accounts, Dog World Publications, Durack Vendors, Advertising;
- Rosemary Doyle (13 years service) – Durack Bookings, Titles, Correspondence Handling;
- Andrew Robinson (14 years service) – Show/Trial Schedules, Judges Lists, Judge Appointments;
- Natalie Stewart (15 years service) – Review of all Certificates, Assistant to Marketing Manager, General Administration;
- Minka Harrison (10 years service) – Litter Registrations;
- Loretta Tasker (11 years service) – Memberships, re-registrations, transfers.
- Michael Zweck (1 years service) – Graphic Design

A huge vote of thanks must also go to our 'contract' staff for their continued contributions to Dogs Queensland. On behalf of the Board and the membership, I would like to extend thanks to Mr Mark Shepherd, our Government and Agency Liaison Officer and Ms Helen Mackie, our Marketing Manager. Without your contributions and dedications, our organisation wouldn't continue to grow from strength to strength.

Finally a thank you to Grounds Manager Bob Dorr and assistant Michael Watt, all I can say is that our Grounds are the envy of every other ANKC Member Body and are always presented in immaculate condition.

The Board of Directors rely heavily on the activities of a number of Committees and Working Parties, to carry out delegated responsibilities to ease the workload which would otherwise choke the monthly Board Agenda. To the Chairperson's and members of all our Committees and Working Parties, I extend a sincere vote of thanks of both the Board and the membership.

Board of Directors

As part of this report, we should farewell retiring Directors, and this year we say farewell to Helen Acworth and Robyn Nicholson. I would like to thank both these ladies for their service and dedication over the previous two years, and wish them all the best with their future endeavours.

Our newly appointed Directors during the calendar year were Mr Timothy Thomas and Mr Craig Pettett. We wish both Timothy and Craig a successful tenure, and look forward to their further contributions.

Durack Grounds and Camping

Much of this year has been spent progressing the continued improvements at our Durack grounds and continuing the application for our camping on these grounds. The Grounds Committee and Camping Working Party have worked tirelessly for the benefit of all members to see these projects finalised in the most timely and efficient manner. Our camping application is now in the final stages of public advertisement, and we expect that the entire project will soon come to an end. Continued improvements and development of Durack have been planned for, and members will be kept up to date regarding these projects as they eventuate.

Government Liaison and Proposed Puppy Farming Legislation

One of the major topics of discussion and work throughout this year, would have to be the proposed Queensland Government legalisation in relation to puppy farming. Various discussions and meetings between Dogs Queensland and the Queensland Government have been undertaken during the year, in order to determine the full extent of the proposed legislation, and also to negotiate an exemption for Dogs Queensland members from provisions of the legislation. To date Dogs Queensland are yet to see the draft legislation, and nothing has been presented to State Parliament at the date of this report. We will continue to lobby the Government on this matter, and seek the best possible outcome for our members.

In order to further assist on this matter, the Board agreed to engage the services of a highly recommended Public Relations firm. PPR Australia, who have been engaged to undertake the following core duties in order to assist Dogs Queensland:

- Increase awareness of Dogs Queensland
- Position Dogs Queensland as the authority on dog breeding in Queensland
- Make Dogs Queensland the 'go to' voice for comment on anything related to dogs in Queensland.

The engagement of PPR will benefit Dogs Queensland in many ways, and I am very excited about the end results to be achieved. This is a positive step forward for our organisation, and one which will bring us into the spotlight on many more platforms, and establish Dogs Queensland as the organisation to contact for any matters relating to pure bred dogs.

Events

Throughout each year, Dogs Queensland has a number of events which are used in the promotion of our hobby and our organisation. One of the major events was the All Dogs Sports Spectacular, which generated a huge public interest and was up on overall attendance from the previous year. It truly is a wonderful sight to walk around and see all the different types of activities our hobby is about from Confirmation Show, to Agility, to Dances with Dogs. This broad spectrum view of our hobby was extremely well received by the public, and the word of mouth we have received is worth its weight in gold. Once again we were able to work closely with Ronald McDonald House and Delta Therapy Dogs, and we hope to continue this important partnership in the years to come.

Events continued

In August each year we are part of the Brisbane Royal Show (EKKA) with our Dogs Queensland Promotion Stand. My sincere thanks must go to Helen Mackie and the dedicated workers who ran this stand day after day. This year's stand was beyond expectation, with our show bags selling at an unbelievably rapid rate, and voted as one of the 'best value show bags' at the Show by the public in the Courier Mail.

This year also marked the first ever 'Directors' Show' for Dogs Queensland. This Show was to allow the Directors to give back something to the membership. Each Director donated towards the trophies for the event, and also donated their time by working at the Show. All profits from the event will go back into the Durack Committee for further development of various projects across our diverse State. Planning is already underway for this year's Directors' Show, and the Board hope it will be bigger and better than last year, and also take a much more social approach.

In November, we also saw the first 'Members Forum' held at Durack. The aim of the forums was to allow members to have contact with a group of Directors, to express their thoughts and/or concerns directly. Whilst the first event was not overly well attended, the matters raised presented some excellent points for Board consideration. The Members Forums will continue over this year, with the Board endeavouring to hold at least four a year.

Throughout the year the Conformation Judges Committee, headed by Shaneen Bendixen and Ian Rasmussen, put on the very well received Members' Seminars. These were well attended with up to 100 people coming along to the Durack Function Room. Some of the topics covered included Dog Nutrition, Canine First Aid, Anatomy, Movement and Genetics.

As always Chair Barb Murfet and the Dogs Queensland QDS Committee put on some ground breaking events in 2015 including the State and National Obedience and Rally O Trials as well as the State and inaugural National Dances with Dogs Trial. In my mind it is certainly no coincidence that National Events come to this State on an increasingly regular basis.

I congratulate all the organising Committees of these very successful events. Each one is a great achievement and a showcase for Dogs Queensland.

Into the future

We are now into our third year of our association with our major sponsor, Royal Canin. Their product sponsorship for our events is exceptional, and very much appreciated. On behalf of the Board, the membership and the exhibitors, I thank Royal Canin most sincerely for their continued support of Dogs Queensland.

2016 is poised to be a monumental year for Dogs Queensland. We will undertake many new initiatives to better establish our organisation, our brand and who we are.

Government and Agency Liaison Officer Report

Annual Report (year ending December 2015)

The 2015 agenda in relation to our State Government activities was set very much by events that occurred in the latter half of 2014. In August of 2014, the then Opposition Leader Anastasia Palaszczuk used the Brisbane Royal as a platform to resurrect the so called Puppy Farm Reform strategy. The Opposition Leader offered bipartisan support for the Legislation and invited Premier Newman to revitalise the Puppy Farm Reform strategy – this call went unheeded. For all of the three years of LNP reign, the reform strategy sat in moth balls.

Members will recall that the concept of controlling and eradicating unscrupulous puppy farmers via Legislation began in November 2010 where key stakeholders were invited to attend a meeting convened by the then Primary Industries Minister Hon Tim Mulherrin. A considerable amount of work had been done by the stakeholder group in the 12 months following that initial meeting but as political fate would have it, the proposed Legislation never made it to first base due to the landslide victory recorded by the LNP at the March 2012 State election.

Campbell Newman and his LNP team won that election and Queensland Labor suffered one of the worst defeats of a State Government since Federation, and the worst defeat of a sitting Government in Queensland history. From 51 seats in 2009, it was reduced to only seven seats, suffering a swing of 15.6 percentage points. The LNP won a majority for the first time in its history, jumping from 34 seats to 78 seats to win the largest majority Government in Queensland history.

During that period of Liberal Government, three requests by Dogs Queensland to meet with the new Minister for Agriculture went unanswered – that attitude was widely reported as being the modus operandi and in many ways spelled the eventual undoing of the Newman Government at the State Election held on the 31st January 2015.

In mid December of 2014, Opposition Leader Palaszczuk utilised our Dogs Queensland Sports Grounds at Durack to announce that the Puppy Farm Reform Strategy would in fact become Labor Policy at the upcoming State election. As history records, Labor won that election with 44 seats (one short of a majority) and from that point onwards, the strategy to reform puppy farming in Queensland became to primary focus of Dogs Queensland.

A number of guarantees had been extended to Dogs Queensland by key decision makers within the Premier's Department and those guarantees were reconfirmed at a meeting between senior policy advisors to the Premier and the Agriculture Minister (Hon Bill Byrne) and our Dogs Queensland General Manager and Government Liaison Officer. Our organisation was offered an exemption from the Legislation in recognition of our "Peak Industry Body" status and a further guarantee that the new Legislation would not affect any of our members owning less than 20 dogs.

Furthermore, we were confident that the Government may take up our proposal that Dogs Queensland design and maintain a statewide dog breeder registration scheme – that is what our organisation does best after all.

Members may recall that during early September 2015, an online survey was conducted by Biosecurity Queensland. That survey was designed to determine the extent to which Queenslanders understood the problem of Puppy Farms. The survey also tried to ascertain what Queenslanders felt were some of the solutions to solving the issue of puppy farming in our State. On 7th September 2015 (the day after the survey closed), I reported to the Dogs Queensland Executive team that just 73 responses could be definitely attributed to Dogs Queensland members based on the responses to question 18. I have since learned that only 102 responses (including hard copy postal responses) could be attributed to our members.

Annual Report (year ending December 2015) continued

With a total of 8,300 responses being recorded to the online survey, the Dogs Queensland share of voice was just 1.2%.

A cabinet reshuffle in December of 2015 means that we have yet another new Agriculture Minister to build a relationship with – our new Minister is the Hon Leanne Donaldson and urgent meetings will be scheduled during February 2016 to raise our concerns with the implications of the proposed Puppy Farm Legislation in its present format.

We may well need to call upon the support of our members to demonstrate to the Minister what impact could be expected if things remain unchanged – I really do hope that members will recognise the importance of getting behind our Directors and lend a hand when called upon to do so.

CCC(Q) LTD Board of Directors

Helen Acworth
Zone 1

Term of Office:
2013 - 2015

My career background has been in accounting. I have held positions of Accountant for commercial firms and in General Accounting practices. I am now retired from full time employment. I joined the CCC(Q) in 1979 and have exhibited Shetland Sheepdogs, Belgian Shepherds, Australian Kelpies and successfully bred and exhibited Border Collies under the 'Hajediva' Prefix.

My involvement in Clubs includes holding positions of Treasurer and President of the Shetland Sheepdog Club and Secretary of the Border Collie Club. I am a Life Member of the Maree Kennel Club Inc, for the past 10 years have held the positions of Treasurer/Show Secretary of that Club.

Also, I am currently a member of the Ladies Kennel Association and Show Secretary/Treasurer of the Durack Grounds Committee.

I was a Foundation member of the Library and Archives Sub-Committee, being part of the team which set up the Library at Durack. My involvement in the Dog World also includes being an accredited Steward and Show Manager.

Other interests include membership of a Garden Club and Treasurer of the Queensland Council of Garden Clubs Inc. I held this position since 2008 – my 5 year term of office ended in 2013.

Shaneen Bendixen
Zone 1

Term of Office:
2015 - 2019

I am a current member of the Dogs Queensland Board of Directors and Chairperson of the Conformation Judges Committee. Additionally, I have:

- Attended the 2013 and 2014 ANKC Conferences as one of the Dogs Queensland delegates. This has given me a better overview of State issues and enabled me to make more informed decisions.
- Attended a seminar on the requirements of being a Company Director, which highlighted Directors' responsibilities and good governance.
- Chaired the Conformation Judges Committee. With the support of my excellent Committee, I believe we have made huge improvements in our Judges Training requirements. We have conducted very successful Seminars and implemented better distance education methods. The training of new, competent and confident Judges is a major priority for me and I would love to have the opportunity to continue in this role.
- Been involved in Conformation Shows. I am a Life Member and Secretary of the Welsh Corgi Club of Queensland and Patron of the Working Dog Club of Queensland.
- Had a continuing interest with Labrador Retrievers, a breed I owned for over 20 years which has given me a lifelong interest in Retrieving Trials and Obedience.
- Always had a good understanding of 'country members' needs as I previously lived in country Queensland for many, many years.
- On a personal note, I am employed by Education Queensland and work at a local Primary School. As an All Breeds Judge, I have had the opportunity to judge extensively throughout Australia and overseas. I thank you, the members, for the opportunity to be part of our first elected Board of Directors and, if re-elected, I will continue to act in the best interests of all Dogs Queensland members.

Lionel Blumel
Zone 1

Term of Office:
2013 - 2017

I am a retired Projects Manager after 43 years working in the Building & Construction industry and State Disaster Management Recovery team.

A major part of life revolves around the dog world as a Board Member of CCC(Q) Ltd, worker, exhibitor and Dances with Dogs Judge. When judging, I love the enjoyment and expression dogs display working with the handler. I have successfully exhibited Dalmatians and other breeds around Australia. Various positions held include:

- Member of CCC(Q)/Dogs Queensland (35 years);
- Appointed Councillor / Director for CCC(Q)/Dogs Queensland (1989 to date);
- Dogs Queensland Representative on various Sub-Committees / Committees;
- Dogs Queensland Representative on ANKC;
- Elected RNA Councillor (2006 to date);
- Honorary Council Steward then Councillor in Charge RNA Dog Section to run the Brisbane Royal Show better known as the EKKA (27 years);
- National Dalmatian Council of Australia (President);
- Dalmatian Club of Queensland (President);
- Senior positions in various All Breed dog clubs;
- Brookfield Show Society Inc. (10 years);
- Samford Show Society Inc. (25 years);
- Pine Rivers Kennel Club

I have proven my ability to successfully work with members of various Committees and Sub-Committees, achieving results for the betterment of dogs.

Ainslie Carius
Zone 1

Term of Office:
2013-2017

I commenced showing dogs in 1983 as a Junior Handler and have continued that 'hands on' involvement showing my Basset Hounds

- Current Secretary of the Hound Club, current President of the Basset Hound Club of Qld, Life Member of Gundogs & Heavy Breeds Club and working Committee member. Additionally, I work at many shows as steward, writer or canteen worker
- Previous experience as Secretary of Basset Club of Qld and Secretary/President of Junior Kennel Club
- I am a Championship Judge with international experience and continue working towards All Breeds qualifications
- Previous member and Chair of Dog of Year Sub-Committee, previous member of Junior Handler Sub-Committee (State and ANKC)
- Current member-DOY/Junior Handler/Canine Health Committees
- CCC(Q) Councillor 2008 to 2012 and accepted position of elected Queensland ANKC Representative in 2009 and again in 2013, 2014 and 2015
- Professionally, I work for Metro South Health as Director, Governance Recruitment and Training, Workforce Services, Princess Alexandra Hospital, managing 25 staff in Industrial/ Employee Relations and OHS
- Holding a Bachelor of Laws and being an accredited Mediator, I believe these professional skills adds value to the Board
- I am passionate about our dog world and believe that it is important to be actively involved in working towards its betterment for all members and have been honoured to be given the opportunity to represent members.

Ulla Greenwood
Zone 1

Term of Office:
2013 - 2017

As President of Dogs Queensland in 2012, I was proud to have played a role in creating our new constitution and our incorporation. The work that year to bring in a new independent era for Dogs Queensland was overwhelmingly supported by the membership. Consultation with our members and regular updates was fundamental to that success.

My background skills include:

- Qualified lawyer;
- Long career in senior Government roles, including the Commissioner of Fair Trading and acting Deputy Director of the Justice Department;
- Graduate, Australian Institute of Company Directors;
- Qualified mediator

Equally important though, is quite simply my love of purebred dogs. For more than 20 years, I have enjoyed my involvement in the dog world as an exhibitor and breeder of Whippets and Afghan hounds. I am a judge of 5 Championship Groups. I have also implemented merit based selection processes for Committee positions in our dog world.

Key priorities for the future include:

- More formal and strategic forward planning for Durack
- Setting forward priorities for Dogs Queensland, annually and longer term
- A review and modernisation of the Rules

I believe I still have the capacity, knowledge, record and the passion and have played a significant role in the new Dogs Queensland.

Term of Office:
2013 - 2015

While many of you know who I am, for those who don't, I offer my credentials. My membership of CCC(Q) / CCC(Q) Ltd has been current for over 30 years, during which time I have held all positions at club level from President to general dogs body. I have acted as Show Manager / Secretary, Obedience Trial Manager/ Secretary many times and became an All Breeds judge in 2011.

My intention was to offer representation to all members regardless of which discipline they participate in or where they reside. I believe the dog world is changing and we should move with it. 'You' the members deserve fair representation, with no personal or hidden agendas. I understand that members want inclusion and opportunity to participate in decisions made on their behalf.

As a small business owner, I understand the financial and professional requirements that the 'new' business of CCC(Q) Ltd will need.

Members, this is an exciting time for CCC(Q) Ltd, there will be teething problems, however with strong leadership from directors who are committed to the betterment of the dog world as a whole, we will shine.

**Carolyn Pearen
Zone 1**

Term of Office:
2015 - 2019

Former Director of Grounds. All Breeds Judge for 17 years, serving on the Judges Board. Introducing and organising the Finals of the Open Show Spectacular, to benefit our up and coming Judges with more experience in the ring.

Breeder of Irish Setters for 40 years under the Prefix 'Highperelle'. Background in Vet Nursing, Catering and Banking. Specialising in the field of reproduction. Achievements as Grounds Director:

New off-leash area. New BBQ and upgrade of the eatery area near canteen. New shed for Obedience for storage and training. New concrete paths for walkways and trolleys. New toilet and shower block near camping area. New road at the back of the toilet block.

My Committee and I have worked tirelessly catering to raise much needed ongoing funds for maintenance to the grounds and for new buildings erected and replacement of equipment – Fryers, Refrigerators, Bain Marie etc.

I would like to thank all of my fellow Dogs Queensland members who believed in me and gave me the opportunity of being one of your Directors over the past 2 years. I hope I haven't let you down! I have always tried to be a Director that anyone could approach and talk to.

If re-elected, one of my goals would be to relocate our Head Office to our common grounds at Durack.

**Craig Pettett
(Zone 2)**

Term of Office:
2015 - 2019

During the almost 8 years I have been a member of Dogs Queensland, I have become actively involved in the Conformation discipline as an exhibitor, breeder and worker (Show Manager/Steward/Writer), member of Club and Dogs Queensland Committees and as a writer for the Dog World and K9 Online Magazines.

I thoroughly enjoy my involvement in purebred dogs and was honoured to be given the responsibility to serve members to contribute to the organisation's further development and progression. I believe it is vitally important that we become more united as one Dogs Queensland and look for ways to capitalise on the good work done in the past and to expand our exposure in the community whilst retaining the traditions and individualities that we value.

As a widely travelled, regionally based member (in Rockhampton – Zone 2), I am very conscious of the diversity of our state and am committed to ensuring that regional interests and impacts of proposed decisions are a key consideration.

My background and experience in strategic planning, governance, accounting, project management, learning and development and process modelling/improvement support my commitment to improve communication and engagement with members; consistency; and balanced, intelligent decision-making based on consultation with members, detailed analysis and research.

I have enjoyed the challenges of the role to date and look forward to continuing to work with the members of our organisation to further advance Dogs Queensland into a sustainable future.

Shane Thomas
Zone 3

Term of Office:
2015 - 2019

For the last two years, it has been my honour to serve as a Director of Dogs Queensland and the Zone 3 representative. As a Director, I was appointed as the Junior Vice-President of Dogs Queensland, the President and have acted as the Chair of the Magazine, PR and Media Committee. During my time as a Director, I have headed numerous projects including:

- The redevelopment of the Dog World Magazine;
- Engagement of a Marketing Manager for Dogs Queensland;
- The production of a Dogs Queensland showbag; and
- Dogs Queensland's sponsorship deal with Royal Canin

The success of these and other projects would not have been possible without the tireless efforts of all Committee members.

I have been an active member of Dogs Queensland for over 15 years. I am involved in numerous All Breed and Group level clubs, holding various executive positions. I am the current President of the Townsville Kennel Association, as well as the long standing President of the Toy Dog Club of North Queensland. I am a dedicated and hard working member and will regularly Show Manage and Steward for Clubs within Zone 2 and Zone 3.

Professionally, I am a Chartered Accountant and run my own successful accounting practice in Townsville.

Timothy Thomas
Zone 1

Term of Office:
2015 - 2019

I have been in the dog world since the age of 6 - for many years owning, breeding and handling Collie Roughs under my family prefix of 'Ochaye'. I was then involved in exhibiting Shiba Inus and am now breeding Australian Shepherds with my partner, Belinda.

When I was 18 years of age I started in the Judge's Training System and last year became an ANKC All Breeds Judge.

Current Club involvement includes the Collie R&S Club (President) and the Chinese Crested Dog Club (Vice President). As well as this, I am the Chairman of the Constitution and Rules Committee and the Dog of the Year Committee (since 2013). Although living in Brisbane, my family exhibited extensively throughout Regional Queensland, where I spent many of my childhood weekends. As a result, I am actively involved in helping out with many Regional Queensland Clubs.

Outside the dog world, I undertook a dual degree at UQ – studying both Law and Music (Hons1A). I was a Judge's Associate in the Federal Court of Australia in 2013 and am currently employed by the University of Queensland, teaching Business, Corporate and Civil Law.

At present, I am enrolled in the BAP course, which will result in my admission to the legal fraternity in 2016. In March, I have been accepted to start work as a Solicitor at Minter Ellison.

David Weil
Zone 1

Term of Office:
2013 - 2017

I have been a financial member of CCC(Q) since 1975. My initial interest was showing and breeding Boxers but in recent years my involvement has revolved more around working as a Show Manager or Steward.

Over the years, we have had other breeds including Australian Silky Terriers, a Border Collie and currently a Tibetan Terrier. Boxers remain my enduring passion. I am an All Breeds Judge. I am a life member of the Sunshine Coast KC and President of the club for at least 15 years.

Previously, I have been a member and President of the Dog Steward's Association, Innisfail KC, Bowen KC and working member of the Cairns City KC and Queensland Boxer Club. I have had considerable experience with training programs for Stewards and Show Managers. On many occasions I have run training seminars.

My employment history is in mechanics as a diesel fitter, working as a tradesman and also as a supervisor of several mechanical workshops including that of a large Sunshine Coast civil contracting company.

I am an honest and dedicated member of the dog world who has served the general membership diligently and responsibly with compassion, common sense and good humour.

Norma Zimmerle
Zone 1

Term of Office:
2013 - 2017

The dog world has always played a very important part of mine and my family's life. We first started with Dobermanns in Obedience and in 1979 changed to Conformation.

After some success in the showing, I started stewarding and my judges training.

Today, I am an All Breeds Judge, an Accredited Show Manager, Steward and Assessor.

I have been active in a number of All Breeds and Breed Clubs and held various positions – President, Secretary, Show Secretary and Committee member. I am a Patron of the Bull Mastiff Club of Qld and a Patron, Life Member and Breed Surveyor for the Dobermann Club of Qld and until recently, a co-ordinator for the Group 6 judges training.

My professional experience from being a working Director in our family owned company for 20 years and later a member of an Executive Management team for a Jeweller has proved to be very useful in my different roles in the dog world.

Thanks to the members support, I have continued to work with the Elected Board for transparent and a fair, just and enjoyable dog world for all members.

Principal Activities

The company was registered as a Company Limited by Guarantee on 10 September 2012, having previously operated as an Unincorporated Association.

The principal activities of the Company during the year were the registration and promotion of pure bred dogs. No significant change in the nature of those activities occurred during the year.

Key Performance Measures

In the event of, and for the purpose of winding up of the company, the amount capable of being called up from each member and any person or association who ceased to be a member in the period prior to the winding up, is limited to \$1. The number of Members at the end of 2014 was 6,513. (2014 - 6,652)

Operating Results

The consolidated profit of the economic entity for the financial year amounted to \$95,077.

Subsequent Events

No matter or circumstance has arisen since the end of the financial year, which has significantly affected or may significantly affect:

- (a) the Company's operations,
- (b) the result of those operations,
- (c) the Company's state of affairs.

Dividends

The Company is prohibited under its constitution from payment of Dividends to its members.

Indemnification Of Company Officers and Auditors

During the financial year, the Company paid a premium in respect of a contract insuring the Directors of the Company (as named above), the Company Secretary and all Executive Officers of the Company and of any related Body Corporate against liability incurred as such a Director, Company Secretary or Executive Officer to the extent permitted by the Corporations Law.

The Company has not otherwise, during or since the end of the financial year, indemnified or agreed to indemnify an Officer or Auditor of the Company or of any related Body Corporate against a liability incurred as such an Officer or Auditor.

Directors' Benefits

Within the financial year, no Director of the Company has received or become entitled to receive any benefit by reason of a contract made by the Company or a related corporation with the Director or with a firm of which he is a member or with a Company in which he has a substantial financial interest.

Objectives:

The objectives of the Company shall be:

1. to be the governing canine body for the State;
2. to maintain membership of the National Canine Body and to enhance and promote its standing within that body;
3. to promote and encourage the development and responsible breeding of healthy purebred registered dogs throughout the State;
4. to promote and encourage the recreation, sport, exhibition and training of the CCCQ Ltd registered dogs throughout the State;
5. to promote and encourage the training of all dogs throughout the State;
6. to promote the development and improvement of the health and welfare of purebred registered dogs throughout the State;
7. to promote and encourage membership of the CCCQ Ltd with its attendant advantages and privileges;
8. to promote and develop policies and regulations that shall be used as a quality benchmark for dog breed standards ensuring that the welfare and health of dogs remains paramount;
9. to promote, develop and maintain close working relationships with all levels of Government (Commonwealth, State and Local) to ensure the best interests of members and the registered dogs of the CCCQ Ltd are protected and enhanced;
10. to promote, develop and maintain close working relationships with other organisational bodies and other stakeholder groups with similar objectives to ensure the best interests of members and the registered dogs of the CCCQ Ltd are protected and enhanced;
11. to promote and encourage public interest and participation in the CCCQ Ltd sanctioned exhibitions and events;
12. to promote and encourage scientific research into canine related health issues both in Queensland and interstate;

Objectives continued

1. to act as the control of the CCCQ Ltd registered dog related activities throughout Queensland including:
 - (i) to administer Rules for the conduct and regulation of all the CCCQ Ltd exhibitions and events;
 - (ii) to keep a register of purebred dogs and their ownership;
 - (iii) to keep a register of all breeder prefixes;
 - (iv) to administer regulations relating to purebred dogs;
 - (v) to grant or withhold affiliation to bodies with similar objectives referred to as affiliated bodies;
 - (vi) to administer certificates, awards, championships and titles;
 - (vii) to assist in the prevention of illegal or dishonest practices in relation to dog related activities in Queensland; and
 - (viii) to facilitate the operation of independent registers for Non-Conformation activities including registers for non-purebred dogs;
2. to promote and encourage development of knowledge and skills relating to canine activities.

To achieve these objectives, the entity has adopted the following strategies:

- Attract and retain qualified staff to administer the business of the entity and provide member services which meet consistent standards of best practice as compared to similar entities and this is evidenced by low staff turnover
- Attract and retain volunteers from within the membership who are committed to the entity's objectives
- Both staff and volunteers will continue to work towards both the entity's short and long term objectives
- Continue to keep open the lines of communication with all Government bodies on all aspects of purebred dogs
- Collect, verify and publish information relating to purebred dogs and the breeding and exhibition of purebred dogs
- Keep and maintain a canine register of purebred dogs
- Promote the holding of exhibitions and to conduct exhibitions
- Charge fees for all aspects of the business that the company conducts

The Conformation Judges Committee successfully completed the 2014/2015 breed training lectures and held theory and practical examinations for trainee judges.

Again, my thanks go to all the Metropolitan Group and Regional coordinators who facilitate these lectures and to those assessors who help out at the practical examinations.

Congratulations to all successful candidates, in particular to the new 'All Breeds' judges.

Distance trainees continue to have structured guidelines for submitting assessments, critiques etc. This has ensured that their lecture format is on the same timeline as the metropolitan trainees. Regional facilitators organise breed days, critiques at Shows and sweepstakes in their area for the trainees.

Lack of entries at some Open Shows continues to be an issue.

We need the support of more exhibitors to ensure our trainee judges receive the benefit of this learning opportunity.

The DOY Committee will no longer conduct an Open Show Spectacular.

The Conformation Judges Committee will consider the option of holding a metropolitan sweepstakes later in the year.

In 2015, we conducted the first series of a "Members Education" program.

The program was very well supported and those members who attended gained valuable canine knowledge. There were a few problems that need to be addressed, especially the transfer of the lecture material to country members. We hope to have a set of DVD's ready in the near future. Thank you to those members of the Junior Handler's Committee who provided catering at each lecture evening.

Finally, a very sincere thank you to each member of my Committee.

Your commitment to our trainee judges' scheme contributes to future successful judges.

The Grounds Committee has again worked tirelessly in 2015. The main Committee now has a number of working Subcommittees that has helped greatly from an efficiency point of view. The Grounds Committee now encompasses a regional Amenities Zone 2 and Zone 3 Subcommittee, Chaired by Craig Pettett that will assist Clubs in those areas with projects, as well as an Amenities Zone 1 Committee responsible for the funding at Durack. The Committee continues to cater at many Shows to earn money towards completing many projects at the Durack Grounds.

These projects include;

- Provision of brand new stove in the kitchen
- Continuing upgrade of all BBQ areas
- Purchase of storage container

The main focus of the Grounds Committee was obviously the completion of the next Camping stage at Durack, in other words the 'Development Application for Extensions to Existing Club' (ancillary caravans and tents). It is hoped by the time you read this report our Grounds will be open for Caravans and RV's that will consolidate the future of Shows at Durack.

Amenities Zone 2 and 3 Subcommittee

In 2015, Regional Amenities fund raising Shows were operated under the existing arrangements put in place by the former Amenities Committee.

The Shows for 2015 were situated in Sarina (Zone 2) and in Ingham (Zone 3). Robyn Nicholson had already worked extremely hard, tirelessly in fact, to secure international judges for these events and undertake a monumental amount of work in the administration of these Shows which were well patronised by members. I would like to thank all members of this Subcommittee for their input and their commitment during 2015.

Unfortunately, due to some unforeseen and uncontrollable circumstances, including judges being unavailable for appointments, there were some additional costs incurred which impacted on the overall funds raised from these Shows – this is always a risk in the regional areas where entry levels are not as high and are impacted more significantly by such events than they would be in the metropolitan areas.

The Subcommittee organising these Shows for 2016 is firmly focussed on the core objective of raising funds for regional purposes. This funding enables infrastructure and development activities to be undertaken in regional areas.

In 2015, Zone 3 benefitted from a grant to assist in the establishment of a new amenities block at the Woodstock grounds near Townsville where major developments and improvements are underway, while several Zone 2 clubs had lodged applications for improvements to their facilities.

A Trial is being conducted in April 2016, partnering an Amenities Show with the Mt Perry Agricultural Society Show and we hope that members support this, not only to raise funds for the benefit of the regional areas, but also to establish a template for the future where we can work with Agricultural Society Shows to further promote our hobby and our organisation to the public.

Feedback on these shows and the model for presenting them to be as successful as possible and raise money for regional areas is always welcome from members.

Once again a very busy but successful year.

The three Trialling Clubs ran very successful Trials and many Titles were won by a variety of gundog breeds.

Two judges were elevated, Alan Donovan was elevated to Championship status and Anthony Turner was elevated to become a Restricted judge.

The STATE and NATIONAL Retrieving Championships were both run in the Bundaberg area and were very successful events, congratulations to all winners and place getters.

Many thanks too to the property owners who allowed us to run these Trials on their land.

Huge thanks are due too, to the team of people who worked hard to organise these events and then ensure that everything went smoothly.

All in all, a very successful year. Now we look forward to equalling that in 2016.

Each member of this Committee (other than Treasurer, Chris Pain) is the CHAIR, VICE-CHAIR or member of their individual discipline Subcommittees. The members of the respective Subcommittees are listed on the Dogs Queensland website. 2015 was a huge year, including rule change reviews for Agility, Obedience and Rally Obedience.

The Committee also conducted the National Obedience Trial, the inaugural National Rally Obedience Trial and inaugural National Dances with Dogs competition.

State Trials were also held the same weekend for the above disciplines, along with Agility, providing plenty of competition for local handlers and visitors from all over Australia.

The **EKKA** and the **Dog Spectacular** were also very important days for the promotion of performance dog sports.

The **EKKA** profiled the activities in which our members and their dogs participate. Handlers and their dogs competing in the sporting events attracted great crowds each day as they were able to show their dogs performing their special skills under cover in the Dog Pavilion.

Many of the sporting disciplines' events were held and demonstrated at the **Dog Spectacular**, giving our visitors both entertainment and education about the different activities. The 'ducks' were very popular creating lots of interest for the Herding community.

Special thanks:

Once again, it has been a privilege to represent our members in this capacity. I especially wish to thank the Dogs Sports Committee team for their support and dedication to our dog world, their commitment to me and to their disciplines, their honesty and integrity. Thank you also to all members of the Obedience Clubs for their commitment to helping others and their dogs.

Thanks also to the members who bring their dogs to Judges Training to assist in the development of our Judges Training Schemes in all disciplines. Particular mention is made to Bob Bruce from Mackay, Glen Best from Cairns and Mal Holland from Townsville who support in the distance education for our Trainee Judges in the Central and North Queensland areas.

Our Committee will continue its commitment to Dogs Queensland and the promotion of Judges Training, Trialling and training of all dogs throughout the State.

Below is a short review of the activities of the Subcommittee through the year.

I would like to start by thanking the members of the Committee for their time, commitment and ideas that they bring to each meeting.

The Dogs Queensland Canine Health and Welfare Committee (CHWC) promotes the health and welfare of pedigree dogs through education, encouragement of research, breed improvement schemes and responsible breeding practices to ensure that dogs owned and bred by members live healthy, happy lives with caring and informed owners.

The role of the Committee is to provide advice to the Directors of Dogs Queensland on health and welfare issues.

This year, the Canine Health and Welfare Committee has benefited from the addition of two zone representatives which provides insight to the needs of regional members.

In the last few months, we have been collating responses from various breed Clubs in relation to information they would like to see on a Canine Health Page. In coming months we will be engaging a web designer to construct a Dogs Queensland Canine Health page which will have not only general information, but also breed specific information.

We are looking forward to working with the Judges Confirmation Committee in the coming year in preparation for the next round of member training and are looking to develop a training package for those applying for a new breeding prefix.

There should be some exciting developments in the next twelve months with regards to the ORCHID database and we are hopeful of having the designers of the database come and speak to members later in the year.

As always, it has been an honour to be a part of the team involved in organising Queensland's Premier Canine Event – the Queensland Puppy and Dog of the Year Finals.

The Committee for 2015 was comprised of: Ainslie Carius, Colleen Hudson, Andrew Ness, Margaret Norton, Carolyn Pearen, Fiona Vecchio, Belinda West, Jodie Wilshier and Norma Zimmerle.

I would personally like to thank each and every one on my Committee for the tireless efforts they have put in throughout 2015. After many last minute changes, especially to the venue, it really goes to show what can be achieved in very little time, if everyone works together for a common purpose.

Due to Durack's camping restrictions, we were fortunate enough to be given the opportunity to hold our main event at the RNA Showgrounds, in a fully enclosed arena. Subsequently, the 'Dog of the Year' competition recorded its largest ever entry, with over 100 Finalists. This was a truly great result.

Many thanks must also go to our Show Officials, who are not a part of the Committee: Ann Carius, Brian Dowse, Gwen Hovey, Jessie James, Graham Kerr, David Kill, Sharon Munro, Craig Pettett, David and Helen Weil, and Kevin Zimmerle. I hope I have not forgotten anyone.

Our 2015 Support Shows were also a great success and raised lots of money. The money raised from these Shows, goes directly into offsetting the costs involved in the Finals event. In September, we successfully contracted and shared an International panel of Judges with a Newcastle Club. The Shows attracted an excellent entry of around 800 dogs. Our November Support Show also attracted a wonderful entry of over 800 dogs.

In 2016, our November Support Show will be moved to December and will again be held in conjunction with the Director's Show and the Amenities Show. This will be held on the last weekend before Christmas and so we hope everyone will enjoy a great "Christmas" weekend.

Finally, I would like to acknowledge, once again, all of our Sponsors for 2015:

- Bunnings (Manly West);
- CCrates
- Dogtainers
- Leadon Animal Leads
- Lockyer Valley Sharpening;
- Marellen Show Ribbons;
- Merial (Nexgard);
- Puddleby Art (Gary and Toshi);
- Queensland Hire;
- Queensland Veterinary Specialists;
- Royal National Association (RNA);
- Royal Canin;

It is a great pleasure to find such loyalty and continuing support from our Sponsors. These organisations enable our event to be the success that it is. Please get behind them and support them with your patronage over the coming year!

- Joy Lanham #

First of all, I would like to express my thanks and gratitude to the members of this Committee for their continued support and dedication to their role and to the Queensland Dog World.

In 2015 the Event Managers and Stewards Committee continued to provide training for Conformation Ring Stewards, Writers, Show Managers and Show Secretaries. This year we welcomed Trainers from Zones 2 and 3 to assist with providing training across the State which was presented to 72 members in Durack, Bundaberg, Rockhampton and Townsville. In 2016r training has also been organised for Gympie, Toowoomba and Nanango.

November saw the first of the Conformation Show Manager's Refresher Courses being held at Durack. All accredited Show Managers are now required to undertake a refresher course every 2 years to ensure they are current with all changes to Rules and Procedures.

The Refresher also brought to light some concerns and discrepancies currently facing Show Managers. The Committee, along with the Rules Committee, is continuing to address these and create solutions that will ensure consistent actions by Conformation Show Managers, Stewards and Writers state-wide.

Junior Handlers

- Ian Rasmussen (Chair)
- Ainslie Carius (Board Rep)
- Michelle Hickey
- Andrew Ness
- Shane Thomas (Board Rep)
- Amanda Maynard ##
- Amanda Dunne #
- Yvonne Butler #

2015 was a great year for Junior Handlers in Queensland. Not only have we seen some new Juniors joining the Junior Handler ranks, but some of our older ones have now become Junior handler judges.

Our State Final was a great success and was judged by Mr Blake Wistuba from NSW, with the winner being Bianca Hickey and the Runner Up was Kyall Krause. Also many thanks to Jane Cantlon for her donation of hand made show leads for the place getters. Fundraising is always an issue with all Committees, but thank you to the generosity of our President Shane Thomas with the donation of a voucher from C Crates to raffle, as well as us doing the catering for the monthly Members Education modules, we were able to pay our own way in 2015.

In 2017, Queensland will be hosting the National Junior Handler final, so this year we have to put a real effort into raising funds to make sure we host a great National Final. If anybody has any ideas or would like to assist with the raising of the funds that we will need, the Committee would love to hear from you.

The Sporting Terrier Club of Qld has taken an active role in supporting the Juniors with including Junior Handler training on a regular basis as part of their weekly handler training nights. At the last ANKC Conference, I was elected as the new Chair of the ANKC Junior Handler Committee, so although I am still the Chairperson of the Dogs Queensland Junior Handler Committee, Shane Thomas is now the Queensland representative on the ANKC Junior Handler Committee.

Please remember that our Junior Handlers are the future of the Dog World and we need to foster them as much as we can so that they stay in the sport of showing dogs as they get older.

Magazine, PR and Media

2015 has been an extremely busy year for the MPRM Committee with numerous initiatives and breaking in a new Chair who is learning the ropes.

Inheriting an already cohesive and competent Committee from Shane Thomas, my transition into the role has not been problematic and this is largely in part to Shane's management up to 2015, the expertise of our Marketing Manager, Helen Mackie and the valuable members of the Committee. This has enabled the MPRM Committee to continue as a high-achieving and productive team for Dogs Queensland.

The new look for the magazine has been well-received but the Committee is keen to hear feedback about what our members want in the magazine, prompting the Magazine Survey at the end of the year. The results are currently being collated and analysed and should provide an interesting insight and guidance in the composition of the Dog World Magazine for the future.

I would like to express thanks on behalf of all members to Nadia Attridge, Ros Glancy and Michael Zweck who work tirelessly to pull the magazine content together and prepare layout and artwork, and to all the contributors to the magazine throughout the year who make the diversity of content we enjoy in the magazine possible.

One of the huge success stories of the year was the EKKA Show Bag and the Dogs Queensland Stand at the EKKA, as well as the coordination of a very effective radio and media campaign. Over the days of the EKKA, thousands of members of the public collected breed brochures, talked about dogs, asked questions and purchased show bags and merchandise.

In fact, the show bags were so successful that we sold over 1,100 units, completely wiping out the stock that was earmarked for 2016, and the show bag was publicly acknowledged in the Courier Mail, recognised as one of the best value show bags at the EKKA. Most importantly, this provided an excellent opportunity to market Dogs Queensland to the public.

A big thank you needs to go to Helen Mackie, John Hansen and Daryl Cross, who were integral in sourcing the products for the show bags and are well underway in their preparations to delivering an even better one in 2016. Thank you also to the team of dedicated volunteers who worked with Helen on the stand at the EKKA this year – we are so grateful for your support.

In addition to this, the Committee have undertaken to improve and implement our processes, policies relating to sponsorships, use of the Dogs Queensland promotional trailer, have improved documentation and continue to improve documentation and promotional material, all in a voluntary capacity.

The 'billboard super site', now installed at the entrance of the Durack showgrounds, is providing a small but ongoing passive income stream for the organisation and will allow us to dramatically increase our promotional cover for future events.

So many positive outcomes have been achieved in 2015 that it would be impossible to list them all in a succinct manner, but can I say that it is a huge pleasure to work with a team of people who are so committed and caring towards their organisation that they constantly go above and beyond the call of duty to do so – we also have fun, enjoy robust discussion and debate and work together as an effective team towards common goals and the improvement of the organisation we are passionate about, so in other words, we are the place to be. In particular, I would like to mention:

- Helen Mackie, who works exceedingly hard and well above the call or requirement of duty as our Marketing Manager;
- Daryl Cross, who generously provides his skills and equipment to video at Shows, events and educational seminars;
- Colin Lewington is our “go to” person for expert advice on policies, research and analysis;
- John Hansen, who is the most extraordinary sponsorship and partnership arranger you could hope to have on board;
- Norma Zimmerle, who is the most active member of many Committees, and a hands-on worker and avid supporter of our Committee;
- Rana Spencer who manages our social media presence as our Facebook administrator;
- Rebecca Patrick, who has so generously managed the massive project to update our promotional material and brochures; and
- I’ll just mention again Nadia, Ros and Michael – it is no easy feat to manage a magazine – they do a fantastic job.

Overall, a job well done by a great team and there are many pleasing results and outcomes to evidence the hard work.

We look forward to achieving even more success in 2016.

Strategic Planning

Strategic Planning is probably one of the most difficult concepts to understand, gain engagement with, and to execute in any organisation. Dogs Queensland, in 2015, embarked on this journey towards a desired future state following an extensive member consultation process expertly facilitated by Howard Neilsen.

The important part to understand is that Dogs Queensland's Strategic Plan 2015-2019 is a journey that has only just begun for the organisation. The plan presented to members in March 2015 is our starting point and is in no way an inflexible document to gather dust on the shelf. There will be many changes over time as priorities, resources and our environment continue to change.

We have now transitioned from the development phase to the delivery phase, and the Strategic Planning Committee is working closely with Dogs Queensland Committees and Stakeholders to monitor and measure our progress towards our objectives.

Some of the Committee's achievements in 2015 have included:

- Developing the stakeholder list for Strategic Plan Deliverables; and
- Developing and implementing a reporting framework to commence quarterly updates – the first one was released for the period ending 30 September 2015

This may not seem like a lot, but with over 250 deliverables in the Dogs Queensland Strategic Plan, this is a massive amount of coordination and investigative work for a Committee of volunteers. Organisations of our size typically have a team of full-time analysts to manage a Strategic Plan.

In 2016, the Committee will be unveiling a further program of works to review the Strategic Plan to confirm the current strategies are the priorities for the organisation, continuing to report progress to members and to implement forums to encourage a wider participation and engagement with the Strategic Plan.

The Committee is also commencing some key actions to update our Committee website to provide information to members about Strategic Planning and how it operates within Dogs Queensland.

It is an understatement to say that the Strategic Plan is a significant and challenging piece of work for our organisation. The Committee is committed to continuing to improve the plan and the processes supporting it into the future.

On behalf of Co-Chair Ulla Greenwood and myself, I would like to thank the dedicated members of the Strategic Planning Committee who have been enthusiastic and diligent in their participation and contribution.

We realise that there is much yet still to achieve, and much to be developed and improved, but we are both committed and capable to the task.

2015 saw the creation of an official ADSS Committee and I would like to thank all the members, as well as Bob Dorr, for their hard work in presenting a very successful third Spectacular at Durack.

2015 was also the second year that funds were raised to sponsor Delta Therapy dogs to regularly visit the two Ronald McDonald Houses in Brisbane. We received a lovely wall plaque from Ronald McDonald House, as a thank you for our ongoing support, which is on the wall in the Dogs Queensland Office. At the end of the day, we handed them over \$2,500.

As well as the usual canine sports, this year we introduced 3 new activities: a Canine Art Show, Where's Wally and Duck Herding. We had a small Canine Art Show showcasing the creative talents of some of our members and we are looking forward to the numbers of entries increasing next year. We also showcased the skills of one of our many highly-awarded Tracking Dogs by sending it off with groups of interested children and adults to find our missing 'Wally'. We were also impressed by the herding skills of another talented dog as it herded ducks around a short, but tricky course.

Another first this year was the inclusion of the Pet Industry Association of Australia Brisbane Royal Grooming Competition. Their full day of grooming competitions was well received by those who took the time to watch the transformations.

This year, advertising of the event was heard on Radio Stations 97.3FM and 4KQ which, along with enticing weather, invited an increased number of visiting public. As well as watching the sports, the public were able to visit any of the 40 stalls, enquiring about dog products, dog training and dog breeds. Congratulations must go to all the volunteers on the Breed Stalls who took the time to decorate their stalls in a way that best represented their particular breed.

From observations on the day, all the dog sports were popular with our outside sports' competitors – Flyball and Caine Frisbee – already planning their 2016 return.

Each year the All Dogs Sports Spectacular is growing, both in size and popularity, and it is becoming clear that this type of event is highly attractive to both families and the general public. The planning for the 2016 event has commenced and we are looking at building on the popular activities and introducing even more to involve people and children with their pets.

Constitution and Rules Reform:

The object of the Rules Reform was to revamp and overhaul the 2005 Rules in an endeavor to achieve a more user friendly document.

The issue of amending and repositioning Rules and updating same in accord with all ANKC amendments has been completed.

A number of 2005 Rules needed urgent attention. These have been rewritten and updated and have appeared or will appear in the Dog World Magazine in due course.

The need for amendments to the Constitution have been identified and will be processed when practical. Suffice to record, the Committee is mindful of the need to complete this exercise within a reasonable timeframe.

It is intended, when completed, a Rules document will be available with changes not already published, highlighted for ease of comparison.

Library Report

I had hoped to have some good news to pass on for this years report on the Library regarding a new location for this wonderful resource facility.

Unfortunately this has not happened – there have been more pressing and urgent matters for the Board and Dogs Queensland to attend to and these, naturally, have taken priority. In general I refer to the “camping issues” as well as the implementation of the Strategic Plan.

The Library continues to operate from the original position and offers a great range of books which can be borrowed by Dogs Queensland Members.

Some very interesting books have been added to the already fine selection and it is hoped that members will avail themselves of these new books. I have endeavoured to keep members updated each month through columns in the “Dog World” magazine and the response to these has been interesting. These monthly articles will continue throughout 2016.

I am currently working on formatting a catalogue of all books in the Library including breed books, general books on showing, training, breeding etc. This is a time consuming project and hopefully when completed, members will have a catalogue to access online.

My thanks to all those who have supported the Library and I will continue to campaign for a more “user friendly” location.

Basis of preparation

Canine Control Council (Queensland) Ltd applies Australian Accounting Standards – Reduced Disclosure Requirements as set out in AASB 1053: Application of Tiers of Australian Accounting Standards and AASB 2010-2 Amendments to Australian Accounting Standards arising from Disclosure Requirements.

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements of the Australian Accounting Standards Board (AASB) and the Corporations Act 2001. The Company is a not-for-profit entity for the financial reporting purposes under the Australian Accounting Standards.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. Material accounting policies adopted in the preparation of this financial report are presented below. They have been consistently applied unless otherwise stated.

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs modified, where applicable by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts provided in the financial statements have been rounded to the nearest dollar.

Accounting Policies

(a) Revenue recognition

Revenue is recognised in the year it is earned.
Interest revenue is recognised as it accrues.
Other revenue includes income from Committees of the Company, affiliated organisations, donations and sponsorship

and is recognised on an accrual basis. All revenue is stated at the net of the amount of goods and services tax (GST).

(b) Unearned Revenue – Note 12

Includes Membership, Affiliation, Advertising and other fees paid to the Company. These fees are initially recognised as unearned revenue and are progressively recognised as income over the period to which they relate. The unearned portion of these fees at 31 December is included in the account 'unearned revenue'.

(c) Income tax

No provision for income tax has been raised as the entity is non assessable for tax under the provisions of the Income Tax Assessment.

(d) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Tax Office (ATO). In these circumstances the GST is recognised as part of the cost of acquisition or as part of an item of expense.

Receivables and payables are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the ATO is included in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis. The GST components of cash flows arising from investing and financing activities, which are recoverable from, or payable to, the ATO are classified as operating cash flows.

(e) Receivables - Note 7

Certain trade debtors' accounts specify a specific due date and those accounts are payable on that date. Other debtors which have no specific due date for payment are normally settled within 30 days. The collectability of debts is assessed at balance date and provision is made for any doubtful accounts.

(f) Investments - Note 8

Bank short term deposits (*current assets*)
The bank term deposits are shown at cost. Interest is accrued at the contracted rate and included in "other debtors".

(g) Inventories - Note 9

Inventories are carried at the lower of cost and net realisable value. Items which are considered consumables are expensed in the year of purchase. Inventories are primarily printing material sold to breeders, members and Club organisations.

(h) Property, plant and equipment - Note 10

Acquisition

Items of property, plant and equipment are recorded at cost.

Depreciation and amortisation

Items of property, plant and equipment including buildings and ground improvements are depreciated using the diminishing-value method and prime cost method over their estimated useful lives.

The depreciation rates used for each class of asset are as follows:

Durack

- Buildings and ground improvements 2-20%
- Plant and equipment 5 - 50%

Office

- Building 2%
- Plant and equipment 10-100%
- Refurbishments 20%

(i) Payables - Note 11

Liabilities are recognised for amounts to be paid in the future for goods or services received, whether or not billed to the Company. Trade accounts payable are normally settled within 30 days.

(j) Employee Entitlements - Note 13

The provisions for Short Term Employee Benefits to wages, salaries and annual leave represent the amount which the Company has a present obligation to pay resulting from employees' services provided up to the balance date. The provisions have been calculated at amounts based on current wage and salary rates.

(k) Other Long Term Employee Benefit - Note 13

Provision with respect to long service leave is made on the basis of the total nominal entitlement of permanent employees from 5 years after commencement of employment. The provision has been calculated at amounts based on current wage and salary rates.

The Board is satisfied that this estimate reliably represents the present value of future cash flows to be made by the Company in respect to services provided by employees up to the reporting date.

The Company's obligations for long-term employee benefits are presented as non-current employee provisions in its statement of financial position, except where the Company does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

(l) Superannuation plans

The Company contributes to several specific superannuation plans. Contributions are charged to the income statement as incurred.

(m) Financial Instruments - Initial recognition and measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Company commits itself to either purchase or sell the asset (i.e. trade date accounting is adopted)

Classification and subsequent measurement

Financial instruments are subsequently measured at fair value, amortised cost using the effective interest method, or cost. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Amortised cost is calculated as the amount at which the financial asset or financial liability is measured at initial recognition less principal repayments and any reduction for impairment, and adjusted for any cumulative amortisation of the difference between that initial amount and the maturity amount calculated using the *effective interest method*.

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that exactly discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying amount with a consequential recognition of an income or expense item in profit or loss.

Note 2: Statement of significant accounting policies (continued)

(i) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss through the amortisation process and when the financial asset is derecognised.

(ii) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets that have fixed maturities and fixed or determinable payments, and it is the Company's intention to hold these investments to maturity. They are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss through the amortisation process and when the financial asset is derecognised.

Impairment

At the end of each reporting period, the Company assesses whether there is objective evidence that a financial asset has been impaired. A financial asset or a group of financial assets will be deemed to be impaired if, and only if, there is objective evidence of impairment as a result of the occurrence of one or more events (a "loss event"), which has an impact on the estimated future cash flows of the financial asset(s).

In the case of financial assets carried at amortised cost, loss events may include: indications that the debtors, or a group of debtors, are experiencing significant financial difficulty, default or delinquency in interest or principal payments; indications that they will enter into bankruptcy or other financial reorganisation; and changes in arrears or economic conditions that correlate with defaults.

Recoverable amount

The carrying amounts of non-current assets valued on the cost basis are reviewed to determine whether they are in excess of their recoverable amount at balance date. If the carrying amount of a non-current asset exceeds the recoverable amount, the asset is written down to the lower amount.

The write down is expensed in the reporting period in which it occurs. In assessing recoverable amounts, the relevant cash flows have been discounted to their present value.

For financial assets carried at amortised cost (including loans and receivables), a separate allowance account is used to reduce the carrying amount of financial assets impaired by credit losses. After having undertaken all possible measures of recovery, if the management establishes that the carrying amount cannot be

recovered by any means, at that point the written-off amounts are charged to the allowance account or the carrying amount of impaired financial assets is reduced directly if no impairment amount was previously recognised in the allowance accounts.

When the terms of financial assets that would otherwise have been past due or impaired have been renegotiated, the Company recognises the impairment for such financial assets by taking into account the original terms as if the terms have not been discounted to their present value.

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expire or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability, which is extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

(n) Comparative Figures

Where required by Accounting Standards, comparative figures have been adjusted to conform with changes for the current financial year.

(o) Critical Accounting Estimates and Judgements

The Directors evaluate estimates and judgements incorporated into the financial statements based on historical knowledge and best current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Company.

(p) New Accounting Standards for Application in Future Periods

The AASB has issued new, revised and amended standards and interpretations that have Mandatory application dates for future reporting periods, which the company has not adopted early. The application of those standards to the company has been reviewed and it has been assessed that they will not have any material impact to the Company's financial statements.

The Company does not anticipate early adoption of any of the reporting requirements included in these standards and does not expect these requirements to have any material effect on the Company's financial statements.

Independent Audit Report to the members of Canine Control Council (Queensland) Ltd

Report on the Financial Report

We have audited the accompanying financial report of Canine Control Council (Queensland) Ltd, which comprises the statement of financial position as at 31 December 2015, the statement of profit or loss, and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Directors' Responsibility for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards Reduced Disclosure Requirements and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Canine Control Council (Queensland) Ltd, would be in the same terms if given to the directors as at the time of this auditor's report.

Independent Audit Report to the members of Canine Control Council (Queensland) Ltd

Opinion

In our opinion the financial report of Canine Control Council (Queensland) Ltd is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Company's financial position as at 31 December 2015 and of its performance for the year ended on that date; and
- (b) complying with Australian Accounting Standards Reduced Disclosure Requirements and the *Corporations Regulations 2001*.
